MRS. DAVID H. BURR'S

French and English seminary for Young Ladies, corner of E and 5th streets, Washington city.

THE location of this seminary is one of the most desirable in the city, on account of its healthy and airy position. The house is large and commodious, with ample grounds and other facilities for amusement and recreation. The principal, so well and favorably known in this city, and in New York, from her long experience in teaching, hopes to give entire satisfaction to all who may confide their daughters to her care. She is a native of France, and familiar with its language and literature, and conversant with the best and easiest modes of imparting to her pupils a perfect knowledge of that language, so that they can not only read and write, but speak it fluently. She has secured able assistants for various departments, and all branches of an English as well as French education will be thoroughly taught. Pupils who reside in the family have the peculiar advantage of hearing and conversing at all times in the French language, and of perfecting themselves in the science of music, being under the surveillance of an experienced teacher. The course of instruction, besides the usual elementary branches, includes all the higher studies pursued in the most approved female seminaries. The discipline is mild and affectionate, yet decided, and is maintained by appeals to the affections and sentiments of the pupils; designed, to a proper development and cultivation of the better qualities of the heart, to bind more affectionately the pupil to her teacher, and by it to each other. As sound physical, moral, and intellectual improvement and culture, are the great objects desired, it is the aim of the principal not so much to cram the memory with words, as to draw forth and train the systematic and vigorous action, the observing, reflecting, and active powers of the mind. The charges to those who reside in the family are, for board and tuition in all the branches of French and English, $300 per annum for a single pupil; but when two or more are entered at the same time, a liberal deduction will be made. The additional charges per quarter are for music, piano, and guitar, $15; use of instrument, $2 50; vocal music, $5. To day scholars, the charges for tuition in the first department in French or English, are $10; together, $15; in the second department first class French or English $8; together, $12; in the second class French or English $7; together $10; in the third department, first class, French or English $6; together $8; in the third second class, French or English $5; together $8; Latin $4, other languages, drawing, painting, and dancing; as professor's charges. Pupils can be entered at any time, and will be charged only from the date of their entrance. No deduction will be made to those who absent themselves after commencing a quarter, unless prevented from attending by sickness. Bills in all cases to be paid in advance. Every attention is paid to the religious as well as moral and intellectual instructions of the pupils, but no sectarian peculiarities are ever inculcated. Those residing in the family will attend such churches as their parents may select, under the care of a teacher. They will attend the Episcopal church with the Principal, when no other directions are given. Any other information, and the most satisfactory references will be given on application to the principal.

YALE COLLEGE LAW SCHOOL.

THIS department is under the direction of the Hon. David Dudley Field, LL.D., the chief justice of the supreme court of Connecticut, and professor of law; and the Hon. Samuel J. Hitchcock, LL.D., instructor in the science and practice of law; and Isaac H. Townsend, esq., attorney and counsellor at law.

There are two courses of instruction and study in the school—one called the *professional* course, and the other called the *general* course. The object of the professional course is to give a thorough legal education to those gentlemen who propose to enter the profession of law. The design of the general course is, more particularly, to communicate appropriate information to those who wish to attend to jurisprudence as a branch of liberal knowledge. A course, with special reference to commercial law, is introduced as often as any class requests it.

The terms of the professional course for tuition, with constant use of text-books, and constant use of the library, are as follows, payable in advance, unless for satisfactory reasons: For the whole course of two years, one hundred and fifty dollars. For one year, eighty dollars. For less than one year, ten dollars a month. For more than one year, and less than two years, seven dollars a month after the first year.

The terms of the general course are twenty dollars for the whole course, for those who attend that course only, payable in advance; and five dollars a month for any less time. The professional students will have the privilege of attending the general course, and also any additional course, at pleasure, without extra charge.

The *professional course* commences on the first day of October, and the classes for the *general course* form on the third Monday of October, annually. Students are advised to join at those times, if conveniently but they are permitted to join at any other times.

For further information, reference can be had to the catalogue of Yale college, or the circular of this department. A copy of the circular will be forwarded to any person who may request it by letter, postage paid, addressed to either of the instructors.

PROSPECTUS OF THE NEW LIBRARY OF LAW AND EQUITY, under the direction of Francis J. Troubat, esq., of Philadelphia; Hon. Ellis Lewis, of Lancaster, Pa., and Hon. Joseph Casilear, esq., of Pittsburgh.

This work contains the full and unabridged reports of English law authors, without regard to priority of claim on the part of any American publisher. Such books are now autonomously too dear. The reason why so fast as they appear, they become monopolies in the hands of booksellers in the Atlantic cities. Under the plan of rights secured by the addition of notes of American decisions, the latter claim an undivided title to those works, and set a burdensome price on them. The publishers of the work now offered to the profession throughout the Union, will not respect such titles, but will reprint the standard British law books as fast as they appear from the London market. Should new editions of the works of such writers as Starkie, the Chitys, Stephen, and Archbold, appear, they shall also be included in and digests of equity and law decisions—works which have been studiously kept out of the Law Library published in Philadelphia—shall have a place in also proposed new one, together with every new valuable English treatise on chancery or common law.

☞ This work will be issued monthly, in numbers of 160 pages, printed on fine white paper, and good new long primer type, at seven dollars per annum, payable half yearly.

BECKWITH'S ANTI-DYSPEPTIC PILLS have been universally acknowledged in almost every variety of functional disorder of the stomach, bowels, liver, and spleen; such as heartburn, acid eructations, loss of appetite, costive, pain and distension of the stomach and bowels, incipient diarrhoea, colic, jaundice, flatulency, habitual costiveness, loss of appetite, and headaches, nervous pains, &c., &c. They are a safe and comfortable aperient for females during pregnancy and subsequent confinement; relieving costiveness, and preventing those disturbances so many of the incidental nervous affections. Literary men, students, and most other persons of sedentary habits, find them very convenient. Those who indulge too freely in the pleasures of the table find speedy relief from the effects of oppression and distension which follow, by taking the pills. As a dinner pill, they are invaluable. Those who are drinking mineral waters, and particularly those from southern climates, ague and fever districts, will find them a valuable adjunct. Those who are exposed to the vicissitudes of weather, and to sudden changes, can take them at all times with perfect safety. In full doses they are a highly efficacious and safe antibilious medicine. They relieve or never produce sickness at the stomach or griping.

There have been many imitations and worthless counterfeits of these pills put in circulation by unprincipled and ignorant persons—the directions, wrappers, &c., of the genuine pills so closely and accurately copied, that the closest observer could not, without a trial of their effects, distinguish between them.

Dr. T. W. Dyott & Sons, of the Columbian college, 131 N. 2nd street, Philadelphia, having undertaken and been appointed by Dr. Beckwith sole agents for the United States, for the sale of the above pills, the public are informed that they can be supplied with the genuine article in any quantity at the same price as by the proprietor, by applying as above.

N. B. To guard against counterfeits, all the pills furnished by the sole agents, are put in dozen packages, with a blue engraved label (White letters), thus: BECKWITH'S ANTI-DYSPEPTIC PILLS, T. W. DYOTT & SONS, sole agents for the proprietor.

Druggists having for several years accompanied each box, and the public being now familiar with the kind of testimony in possession of the proprietor, he has thought it longer necessary to publish them, but simply to give a list of references (from among many) to gentlemen, who, from personal experience of the efficacy of the pills, are willing to recommend them to their friends.

BOARDING AND DAY SCHOOL FOR YOUNG LADIES, ALEXANDRIA.

MRS. MARY L. ELIASON will open a boarding and day school, at her residence, on the corner of Prince and St. Asaph streets, on Monday, the 1st of September next, for the instruction of a limited number of young ladies in the several branches of a thorough English and French education:

The English department will be conducted by a lady who has formerly taught a teacher in the Alexandria Female Academy and has been for several years teaching in the family of Mrs. Eliason.

The French will be taught by a native well the principles of science, the application of which will require diligent study on the part of the pupil; and in order to accomplish fully this important object, teachers of the highest qualifications will be provided for each department. The French teacher will reside in the family, and the pupils will be taught to speak accurately, as well as to read and write the French language.

To those young ladies whose parents desire it, a course of instruction will be given in Latin, as the foundation of modern languages.

The government will be parental, and conducted on Christian principles. Alexandria is admirably located for an institution of this kind, being retired and healthy; combining the advantages of town and country. Members of Congress who have daughters to educate, will find this institution convenient for their patronage, as steamboats ply hourly between Alexandria and Washington city.

The scholastic year will be divided into two sessions, of five months each; the first commencing on the 8th of September, and the 8th of February.

TERMS:

For board and tuition in English and French, per session, payable in advance	$125
Day scholars in English and Latin	20
Day scholars in English	15

Music and drawing at professors' charges, and no other extra charges will be made.

Each young lady must be provided with a silver cup and fork.

As the number of pupils is limited to thirty, it is recommended that application for admission be made immediately, either by letter, or personally, to Mrs. Eliason, at her residence in Alexandria.

PROTECTION INSURANCE COMPANY.

S. HYATT, Agent for the Protection Insurance Company of Hartford, Connecticut, offers to insure houses, mills, factories, barns, and their contents; public stores, churches, dwelling property, against loss or damage by fire. The rates of premium offered are as low as those of any other similar insurance company, and now offer an opportunity, for a trifling sum, to protect himself against the ravages of this destructive element, which often in a single hour sweeps away the savings of many years.

The course the office pursues in transacting their business, and in their adjustment and paying of losses, is prompt and liberal.

For terms of insurance, application may be made to the above named agent, at his office, opposite Brown's Hotel, in the city of Washington, who is authorized to issue policies to applicants without delay.

NEW MUSIC.

THE following new music is this day received by and for sale at a reduced price, at the old established music and stationery store, Pennsylvania avenue, two doors east of 12th street.

The celebrated Ethiopian serenade, (Ole Massa for Jatoleney, cure the headache, habitual costiveness, colds, coughs, asthma, epileptic fits, hypochondria, hysterical complaints, amenorrhoea, gravel, &c.

By a general and copious use, they will be found very beneficial in curing the rheumatism and gout, lumbago or pain in the back.

All impurities in the blood yield to their happy effects, whether proceeding from constitutional ailment, or from improper diet.

These celebrated pills have been used to very great advantage in curing the dyspepsia, or indigestion, bronchitis, liver complaints, &c.

They are an infallible medicine for female complaints generally, and especially for removing those obstructions which are the source of much misery at certain periods; they possess the eminent advantage over most other purgatives, that, while they operate gently, they produce no disturbance, debility, or too great excitement.

They are a certain cure for consumption to receive disease from marsh effluvia, or from a too copious use of ardent spirits, or from a vitiated state of the bile, these pills are invaluable.

They are highly recommended to travellers by sea or land, and may be made use of with safety without any fear of sickness, however much or how exercise can be used. They will be found particularly valuable for preventing diseases incidental to hot climates; they discharge all disease caused humors, open obstructions, and promote the secretion of good bile, operate as an easy cathartic, as a powerful diuretic, and as a sudorific.

Dr. Dyott, under the strong conviction of the power of his pills to relieve the afflicted, recommends the use of them to those who are in health as well as the afflicted, at least once a fortnight, during the spring and summer months, in which he recommends those who attend to his advice will find the benefit they seek.

GREAT ENGLISH REMEDY

For Coughs, Colds, Asthma, and Consumption!

THE great and only remedy for Colds, Coughs, Asthma, and Consumption, is the Hungarian Balsam of Life, discovered by the celebrated Dr. Buchan of London, England, and introduced into the United States under the immediate superintendence of the inventor.

The extraordinary success of this medicine in the cure of pulmonary diseases, warrants the American agent in soliciting for treatment the WORST POSSIBLE CASES that can be found in the community; cases that resist all other remedies, and the common remedies of the day, and have been given up by the most distinguished physicians as confirmed and incurable. The Hungarian Balsam has cured, and will cure, the most desperate of cases. It is no quack nostrum, but a standard English medicine, of known and established efficacy.

Every family in the United States should be supplied with Buchan's Hungarian Balsam of Life, not only to counteract the consumptive tendencies of the climate, but to be used as a preventive medicine in all cases of Colds, Coughs, Spitting of Blood, Difficult Breathing, Hard Cough, Irritation and Soreness of the Lungs, Bronchitis, Difficulty of Breathing, Hectic Fever, Night Sweats, Emaciation and General Debility, Asthma, Influenza, Hooping-Cough, and Croup.
