COLLEGE TO HONOR METTS—William T. Martin, president of Sullins College, chats with Dean and Mrs. D. L. Metts in whose honor the school's new academic building will be named. Dean and Mrs. Metts served the college as members of the faculty for 35 years.

Sullins College Plans Huge Building Program

By BILL AKER

Sullins College yesterday announced a long range building program that will include a four-story administration and academic building.

A contract for the construction of Metts Hall will probably be awarded at a meeting of the board of trustees at 4 p.m. today.

Located on the east campus, the new building will be named in honor of Dean and Mrs. D. L. Metts, who served for 35 years as dean of the faculty and instructor of mathematics, respectively.

Bids were presented by J. G. Adams Co., Bristol, $314,859; Armstrong Construction Co., Kingsport, Tenn., $335,500; E. S. Glover, Bristol, $324,674; J. B. Green Co. Johnson City, Tenn., $313,700; Rentenbach and Wright Co. Kingsport, $317,400; and the Trammell Construction Co., Bristol, $322,600 and 180 days.

The president of the college, W. T. Martin, estimated the total cost of the building at between $360,000 and $370,000.

The cost of the home economic equipment alone would be approximately $11,000, Martin said.

Colonial Style

Colonial style to harmonize with the brick will be used in the construction.

Entrance to Metts Hall will contain administration offices for the president, dean of faculty, registrar, business manager, the public alumnae and accounting departments and a board of trustees meeting room.

General classrooms and 12 faculty offices will be located on the third floor.

The fourth floor will be general classrooms, two home economic laboratories, two faculty offices and a seminar room.

On the ground level floor the language laboratory, additional administrative offices, a photographic room and reserve space for future development will be built.

The next project will be a Students' Activities Building which will include a gymnasium, ballroom, dating lounges and classrooms.

A combination auditorium and dormitory will be next and another full size dormitory will be the last on the program.

Bailey said the program will increase the colleges facilities to such a capacity as to handle 400 students.

The present enrollment is 346 boarding students.

Condemned To Death...

Prize Irish Setter Dogs Win New Lease On Life

PITTSBURGH (UPI) — A new lease on life was granted Thursday for two prize Irish setters condemned to death under the terms of the will of their late mistress.

Allegheny County Orphans Court Judge William S. Rahauser signed an order delaying a "humane" death until the estate of Mrs. Ida M. Capers is audited. The audit may take several months.

Mrs. Capers, 72, who died recently, decreed in her will that Brickland and Sunny Birch be destroyed following her death. She feared the show dogs would not be treated well by new owners.

The reprieve from Judge Rahauser was obtained by the executors of the estate, attorneys William C. McC. Houston and Fred C. Houston Jr. who had petitioned for a declaratory judgment until further order of the court.

Pennsylvania Gov. William W. Scranton, reading of the plight of the dogs in a Harrisburg paper, joined in the sympathy movement. He asked the attorney general's office to contact the Humane Society in Pittsburgh to lend its aid. The society will contest the death provision of the will as an "illegal condition."

Lawrence J. Maloney, assistant superintendent of Pittsburgh police, and a true son of Erin, vowed he would have the Irish setters in the St. Patrick's Day Parade which he is supervising.

Patrick Boyle, another son of the Ould Sod, and an official of the local Knights of Equity, an Irish organization, joined in the cause.

The Ancient Order of Hibernians was still to be heard from.

Meanwhile, Brickland and Sunny Birch bided their time—and fate—in the care of Thomas Miller, who operates a kennel at nearby Wexford, Pa.

"They're both wonderfully behaved," said Miller. "You couldn't ask for better dogs...you just wonder why they have to be destroyed."

Nashville Man May Be U.S. Court Choice

WASHINGTON (UPI) — Nashville Attorney Harry Phillips is the leading candidate for the vacancy on the 6th Circuit Court of Appeals, informed sources say.

The nomination of Phillips to the circuit court bench is acceptable to President Kennedy, according to these sources, and his candidacy is going through a routine check at the Justice Department.

Phillips two years ago turned down an appointment as a U. S. district judge and also declined a post on the Tennessee Supreme Court.

Sens. Albert Gore, D-Tenn., and Estes Kefauver, D-Tenn., recommended Phillips for the post. They did not disclose his name on a list of 10 possible candidates.

Phillips, a close friend of Gore, managed the senator's two statewide campaigns. He was also Tennessee campaign manager for President Kennedy in 1960.

Cooley Discusses Cotton Program With President

WASHINGTON (UPI) — Rep. Harold D. Cooley, chairman of the House Agriculture Committee, discussed the cotton program with President Kennedy Wednesday.

The North Carolina Democrat said afterward that the administration and the textile industry were still millions of dollars apart on the size of a new subsidy.

Cooley said Kennedy, who requested the meeting last week, "indicated his interest" in the problem of passing cotton legislation which would provide a subsidy for the textile mills.

CEMETERY FOUND

MARSALA, Sicily (UPI) — Police announced Wednesday they had discovered four unidentified bodies in a second clandestine mafia cemetery. Eight bodies were discovered 20 days ago in a similar secret cemetery in a grotto.

Piano Smashing Record Claimed By Five Salesmen

CROYDON, Engiand (UPI)—Five furniture salesmen in this London suburb Wednesday claimed a new world's record for smashing a piano to bits, a new fad known as "piano reduction." The salesmen, using sledge hammers, destroyed the piano in 1 minute 45 seconds, while the furniture firm director clocked them with a stop watch.

The previous record for "piano reduction" was set last week in Detroit, Mich., by a group of American students who required 4 minutes 31 seconds.

Calls Unnecessary

NEW YORK (UPI) — Maytag Co. says a recent survey showed nearly half of all service calls on home laundry appliances are unnecessary, adding $50 million annually to service bills.
