

Smile Goes With Hooligan Navy Term

By William L. Worden (Continued from Col. 1) ABOARD A COAST GUARD TRANSPORT OFF KWAJALEIN... This is the "Hooligan" Navy, but it receives the right to use the adjective on its own people. Any outsider who looks at it...

he doesn't have too much brass on his collar... Nobody aboard this ship (less than a hundred days from shipyard to force target) seems to be quite sure of the origin of the term... It is a fighting word. So are any other words which might be construed as less than praise...

The Coast Guard, which in practice comes under the Treasury Department and is shifted to Navy control on the day that war begins, had a higher percentage of casualties in relation to total casualties than any other branch of service in World War I... The Coast Guard has the Marines, it is without a medical branch. The Marines depend on naval doctors and surgeons, not the other way around.

Italy Vote Suspended

By RICHARD G. MASSECK NAPLES—Plans for a plebiscite in Southern Italy on the issue of King Victor Emmanuel's abdication and the formation of a new government have been suspended by the Italian Government... Lack of funds and personnel with which to carry out the plebiscite are the main reasons...

This feeling persisted in spite of continued attacks of Italian Communist opposition to both Berlin and Moscow.

The Communist paper, L'Unita, said the Russian Government had accepted that Italy needs no immediate help because the lack of Government funds was more than being a bad Government...
