REMAINANTS OF OKINAWA SOLDIERS

NEW CAMBER PLACE SURVEY UNITS JAPAN

Nips Report Assault By 200 Ships On Kyushu Area

Third Successive Day Of Strikes

By LEIF ERICKSON
GUAM—(AP)—Successful waves of carrier planes raided suicide air bases in southern Japan today and in-land waters, Tokyo reported shortly after warner Japanese that medium and small size cities will be pounded by B-29s just as their major cities have.

The earlier strike by 200 aircraft was the third reported raid in as many days on air fields of Kyushu, southernmost island of Japan. Tokyo said the air-borne raiders took up where land-based planes from Okinawa left off. They bombed and strafed airbases at the southern tip.

At the northern end of the island, Tokyo reported night-flying B-29s made the western entrance to the inland sea.

While industrial Osaka still smolders from yesterday's 400-bomber raid, Tokyo radio told the people that Superfortress attacks will be all the more frequent, bombing objectives will be enlarged, and we can expect that medium and small cities such as Hiroshima, as well as the large cities, will be hit.

So far the huge bombers have made large-scale strikes on the major cities of Japan, including Tokyo, Osaka, Nagoya, Yokohama, and Kobe.

A combination rain of high explosives and 2,000 tons of incendiary bombs, along with the incendiary and high explosives, and a third was damaged.

Jap Decree Rule Urged

SAN FRANCISCO—(AP)—A Japanese Imperial decree without sanction of the diet was advocated today by the government-controlled House of Representatives, which also announced a new set of industrial controls under Premier Kantaro Suzuki, including the seizure of all excess profits.

The new industrial regulations will effect the withdrawal of Japanese from the diet was advocated today by the government-controlled House of Representatives, which also announced a new set of industrial controls under Premier Kantaro Suzuki, including the seizure of all excess profits.

The regulations will be carried out "as soon as possible."

Reds Yield To Big Four In Veto Row

World Parley's End Hastened

By JOHN M. HIGHTOWER
Associated Press Diplomatic News Editor
SAN FRANCISCO—(AP)—Small nation acceptance of a Big Five veto voting formula for a World Security Council today appeared certain. A successful end of the United Nations Conference in sight.

Russia's dramatic acceptance of a statement that the Big Five veto could not be used to block discussion of any topic presented to the Council broke a week-old deadlock late yesterday and set the Conference over the hill.

It took two weeks more of committee work and speech-making to get the United Nations Charter in final shape, but it took no more than a few days to get it on the horizon.

Bradley's Opinion

Doughboy Called Best Soldier In World's History

WASHINGTON—(AP)—Gen. Omar Bradley declared today American tacticians outsmarted the Germans across France and into Germany but he didn't know whether the Prussian general staff ever would admit it.

The 12th Army Group Commander, newly appointed Veterans Administrator, joined Secretary of War Stimson at a news conference and told reporters that the quality and flexibility of American troops were the prime factors in the European triumph.

"The German never did figure out how we could change direction of attack so quickly and he never did allow for it," Bradley asserted.

Asked if the captured German generals knew they had been out-generaled, Bradley said: "I don't know if they ever will admit it but one of them said we improved on their blitz methods."

Bradley said that "American generals are the best ever put in the field by any nation in the history of the world."

Nipponese Defenders Cut Into Two Groups

Hand-To-Hand Fighting Ahead

By HAMILTON W. FARON
GUAM—(AP)—American troops plunged today to the final battle for Okinawa, with every expectation of having to use grenades in hand-to-hand combat and to call upon flame-throwing tanks before this blood-soaked step to Japan could be called "secure."

Japanese remnants of the smashed Naha-Shuri-Yonabaru line—possibly 20,000 troops—were cut into two separate groups but both were well entrenched. One was squeezed between the Sixth and First Marine Divisions when the latter advanced 800 yards yesterday to within 300 yards of the west coast, north of Itoyan Point.

This maneuver cut off Okinawa Peninsula.

The second was well entrenched in the Yachi-Dake heights, an escarpment rising to 450 feet in the center and stretching from Itoyan Point to Hanasaka on the eastern coast.

In fire intensifies, the Japanese were defending their positions with intense machinegun and mortar fire. The Okinawa fighting was the fiercest since the original landing on the island.

Although the enemy position was hopeless—Tokyo radio itself said so—efforts to counter the advance on several days and make the battle for Okinawa even costlier than it has been.

36-Ounce Boost Little Change In Meat Supply

By OVID A. MARTIN
WASHINGTON—(AP)—The Government's promised increase in meat supplies next fall may start out to average only 36 ounces more per civilian for the entire October-December period.

This increase over Summer supply would include meats served in public eating places. Consequently, the increase in supplies at butcher shops would be somewhat less.

Spread over a 90-day period, the 36-ounce boost would be scarcely noticeable, particularly if civilian demand continues at or near present levels.

This increase over Summer supply would include meats served in public eating places. Consequently, the increase in supplies at butcher shops would be somewhat less.

Chinese Push To Liuchow

By SPENCER MOSE
CHUNGKING—(AP)—The Chinese High Command announced today that Chinese forces had fought their way into the northern suburbs of Liuchow and an army spokesman declared the capture of that former U. S. air base in Kwangsi province appeared probable.

The spokesman also expressed belief it was quite possible that Kweilin, another former U. S. air base, also approximately 100 miles northwest of Liuchow, would fall to the Chinese.

He estimated that approximately 20,000 Japanese troops in Burma, Thailand, Indo-China and Malaya had been virtually isolated by the Chinese offensive in Kwangsi province, which has driven a deep wedge into the enemy's north-south communication corridor.

The High Command's announcement concerning Chinese operations in the vicinity of Liuchow made it plain that modified reports two days ago to the effect that the city already had fallen were premature.

Hines Replaced Bradley Named Veterans Chief

By D. HAROLD OLIVER
WASHINGTON—(AP)—President Truman called today on a four-star general of World War II—Omar N. Bradley—to look after the affairs of veterans of all wars.

And by so doing, he accented once more his inclination to pick Westerners for key jobs in his administration. Gen. Bradley, 52, served in the European theater since 1918 and Mr. Truman said he believed it was time the veterans had someone who served in the current war running their affairs.

Frank T. Hines, retired, who has been named to succeed him by the President, Hines has been head of the Veterans Administration since 1932 and Mr. Truman said he believed it was time the veterans had someone who served in the current war running their affairs.

North Luzon Point Taken

By FRED HAMPSON
MANILA—(AP)—American troops made a surprise advance toward the last-stand Japanese forces in Caspan Valley of the Northern Philippines, yesterday capturing Baguio, pre-war city in Northern Luzon which the Japanese turned into a stronghold.

The U. S. 27th Division found no strong Japanese defenses in Baguio, and advancing toward the population of 12,000, although the killed 120 Japanese in a seven-mile drive, yesterday capturing Baguio, pre-war city in Northern Luzon which the Japanese turned into a stronghold.

French Weep Liberated Children In Sorry State

PARIS—(AP)—French mothers wept today at the sight of 165 liberated children from Buchenwald concentration camp who arrived at the Red Cross. The children will be placed in a special reception center where their future will be decided.

All the children were from four to 16-year-old orphans. Many had lost their parents, brothers and sisters and by the Germans.

One boy was carried because he had been hit and sick to walk. He looked to be only two, but the correspondent was told he was eight.

Four girls by their early tears sat staring out the train window without the slightest glimmer of interest in their fellows, although the girls' minds had been unshaken by the things they had seen in Buchenwald.

Great Oakland Blaze Flares

OAKLAND, Calif.—(AP)—A huge fire broke out in the army post here today, spreading to a building adjoining a munitions warehouse.

A column of smoke and flames rose hundreds of feet into the air, electrifying the nearby Golden Gate harbor.

All nearby civilian fire-fighting equipment and ambulances rushed to the scene to relieve Army engineers crews on the job.

The blaze began around 10:30 A. M. Heavy fire blast was reported by observers from any nearby houses.

Yugoslav Legation To Drop Report

BEGRAD—(AP)—The Yugoslav legation officially denied today a report that Queen Alexandra, wife of King George VI, had given birth to a son at their home at Sunningdale last night.

The London Daily Sketch had reported last night that Alexandra, 40, had given birth to a son and half-pound boy at their country home.

Valley Of Strangri-La Troopers Land Among Strange, Spear-Wielding Guinea Natives

By RALPH MORTON
BOLLANDA, Dutch New Guinea, June 5—(AP)—The "Valley of Strangri-La" is a dramatic fashion the mysterious "hidden valley of Shangri-La."

Paratroopers—the first men to land in the valley, 100 miles southeast of Hollandia, to rescue a 30-year-old White and two Army aviators.

A dispatch today, June 5, from Manila by Associated Press correspondent Dean DeLoach, said the rescue still had not been effected but the survivors were "safe and being comforted."

The troopers are the only survivors among 24 Army personnel in the four-by-25-mile jungle-strewn valley.
