By Drew Pearson

WASHINGTON
LAST week's announcement that there will be more beef this summer than in the spring...

Inside fact is there will be less meat of all types for the summer than in the spring...

Thus, though there should be 350 million pounds of beef and lamb, the over-all meat supply will be 48 million pounds less.

Part of this is due to the fact that War Food Administration...

About the closest wall of secrecy in Washington surrounds the surplus war property board...

Here however is one interesting item which has been published...

In these British-dominated areas all dollars are collected by British banks...

But despite this surplus property board has been unable to deal with the Sterling bloc...

Republicans Shoot Back
Representative George Bricker of Cleveland...

gram in a long time. Bender got indignant as he sat listening to Chairman Clarence Cannon...

You have 50 more votes in this House than have the Republicans...

This is the way you addressed John Taber of New York...

Bender Unbends
A moment later Cleveland's Bender took the floor again to point out that it was the vote of Democratic Representative Roger Slough...

Every group would have you believe that all social progress begins on March 4, 1933...

My father used to work every day a week 12 hours a day...

A Second Thought

By Samuel Grafton

NEW YORK
It turns out that we cannot send Pacific in fiber shells to the kind of the kind...

No incident could better demonstrate how any plan to return to normalcy during a war lull...

Don't watch people while they are eating. That's about as boorish as picking your teeth at the table or eating peas with your knife...

Don't stand up in the presence of a speaker or speaker behind them. Sitting down is a mark of respect...

Don't speak or shake hands with a married woman, especially in the presence of her husband...

Don't rush into people's houses. Especially don't go in the back door. That is about the worst thing you could do...

The Next War

By Dorothy Thompson

THE FRANKFURT MAIN AIR
THE revolution arising from the German question is not a political question...

It is for this reason that we fear a political system where all power is lodged in a single center of authority...

This is the nature of nationalism. It is the nature of nationalism that the masses are supported by the masses who are not better men...

Happy Independence Day, Everybody!

The 4th, Abroad Time To Expand

Independence Day is something else this time. A year ago our armies were still driving through the Norman hedgerows...

It still won't matter so much in the Pacific. On the far side of the date line the Fourth will come late and take some of the edge from impromptu celebrations...
