Cute Like A Bronco

Solders, bounded around the corners of the earth in what the Army officially describes as the Truck [4-4-Text. 4 & 4, General Purpose, have been served with a convulsive shuddering when they heard that the Jeep has been clutched to the boson of the American public as Gadger No. I for the beight new posts war wer of Their horror was not rected in secon for the signat and uely little schiefs that is carrying them to victory. They have, indeed, endowed the Jeep with a considered endowed the Jeep with a considered for the signature of the signature of the second of the seco stained face away as he sent a round from his 45-through the radiator of his

These offenders were booked in Police Court and, upon conviction, were fined in accordance with the judgment of that court A fair-minded community rould expect its Superior Court to maintest in its own transactions no less a fest in its owir transactions no less regard for accountability to the law.

Yesterday's Idol

If the little reader has never been backed on the horns of a dilenum or cauch between Scylla and Charybids, or even been brushed by Nemesis, he has, to appreciate the full flavor of those experiences, only to put himself in the place of the advocates of compulsory military training.

Compaisory military training had got fur as being reported out of a special

This may strike the little reader postocompath indirector, something wholly apost from the merit of demerit of computing will distant straining as a national policy. It is nothing of the soil on the contrary, It goes straight to the hedrock of American sustainst for the post-sosional multitary mind Except in case, of emergency, this country instantially prefers to put its first intention and few Marines and a freed of never having lock a way yet, no matter how

Policies & Pettiness

There is seniching in common between the menters of the 13-year-old gail butter by a ratifessake, to whom an Anny hospital relused emergency treatment and the soder discharged after 15 months outpear who couldn't per permission from OPA to buy an oil stowe. In both cases the Government's policy was utracty sensible. The only trouble was that in nother did pursuance of policy make any case at all.
