## Wagner Act Suspension and Use Of Army Asked

### Truman Cool To Solons' Calls

WASHINGTON (AP)—Demands for suspension of the Wagner Act and for coal mining under Army guards resounded today in Capitol Hill clamor for a special session of Congress to deal with the coal crisis.

Plans for President Truman to call the lawmakers into extraordinary sessions from both Republican and Democratic ranks. There was no indication, however, that Mr. Truman contemplated such a step.

One of the Chief Executive's closest advisers said the possibility had not even been discussed. He decided there would be no such call. He said the session would be called if there would be no such call. It would be the 70th, or 80th, Congress, which would meet, not the new one.

## U. S. Transport Located Plane Wreckage Found In Alps; 11 Aboard Alive

PARIS (AP)—Only Airfield announced tonight that the wreckage of an American C-53 transport, sought since Tuesday had been found in the Alps near Interlaken, Switzerland, and that all the eleven persons aboard were alive.

The transport was found on a 30-degree slope about 500 feet from the peak of a 10,000-foot-high mountain, according to a message from one of the search planes which was in direct communication with the grounded crewmen.

Only Field said the wreckage was seen walking about the wreckage. A party of Swiss mountain chamois and Italian paratroopers and trained mountaineers stood by for renewed efforts to save the passengers and crewmen—Brig. Gen. Loyd M. Hayes, his wife, the wives of three other Army officers and an eleven-year-old girl among them. They had planned by an encephalic radio for medical aid, food and clothing.

Field said eight of the eleven were "wonderful cases."

U. S. officers in Frankfurt, Vienna and Paris told of the development of the plane went down on a trip from Munich to Pisa via Marseille.

Hayes, his wife, the wives of three other Army officers and an eleven-year-old girl among them. They had planned by an encephalic radio for medical aid, food and clothing.

## Murray Is Re-Elected CIO's Head

### New Blow Struck At Communists

ATLANTIC CITY, N. J.—(AP) Philip Murray today was re-elected president of the CIO by acclamation.

The convention, acting on a swarm of important measures, also adopted a foreign policy resolution calling for world disarmament and opposing further stockpiling of atomic weapons.

In contrast to other convention resolutions, the recommendation on foreign policy brought a considerable number of "no" votes.

The convention also adopted the Wholesale and Retail Employees Union, declared his policy speech today. Murray said the members of the union should be treated as "citizens, not as a disease."

He maintained the resolution should urge the entire United Nations to break relations with Spain and Argentina, saying:

"The Big Four Foreign Ministers Council scheduled another session on Trieste today. The Foreign Ministers also agreed tentatively to hold a session on the possibility of restricting the use of the veto voting system in the Security Council by voluntary agreement among the Big Five powers—the United States, Russia, France, Britain and China."

The second issue involved in a settlement of the Trieste question, which is the main obstacle to early completion of an Italian peace treaty.

The Big Four Foreign Ministers Council scheduled another session on Trieste today. The Foreign Ministers also agreed tentatively to hold a session on the possibility of restricting the use of the veto voting system in the Security Council by voluntary agreement among the Big Five powers—the United States, Russia, France, Britain and China.

Other actions taken today included the following:

Continued the CIO Political Action Committee and served notice the CIO-PAC will enter every important national election in 1947 (about 200 elections).

Formally began its fight against restrictive labor legislation with a speech by General Counsel Lee Pressman, attacking Senator Bill Aiken, who is sponsoring the bill.

Pressman said there is a "fierce struggle ahead." He said that as Hitler did in Mein Kampf, our government is willing to precisely what they intend to do. There is no element of surprise. Senator Aiken has outlined his program.

FROM COAL MINING TO IRONING—Since Lawrence Gussman, Uniontown, Pa., coal miner, is not at work in the mines, he was given the weekly traveling job by Mrs. Gussman. (AP Photo)

## Union Leader Ordered Into Court Monday

### Must Answer Contempt Citation Growing Out Of Coal Strike

WASHINGTON (AP)—Two Federal marshals served John L. Lewis with a summons today requiring his appearance in Federal Court Monday morning to answer a contempt citation resulting from the soft coal strike.

Lewis accepted the summons in his private office "without comment," an aide reported.

Federal Judge T. Alan Goldborough last night ordered Lewis to show why he should not be held in contempt for refusing to withdraw his contract termination notice—the signal which led to the walkout of his 400,000 bituminous coal miners.

The two Federal deputies went to Lewis' office a few minutes after he arrived at union headquarters from his home in nearby Alexandria, Va., where he had been in seclusion for the last 30 hours.

The deputies searched for Lewis' sixth-floor office in the Union Building where the mine leader was waiting for them.

The search party was kept waiting by Lewis only a few minutes and then left.

Persons who have followed the case closely said they expected Lewis' attorneys to argue that the restraining order obtained by the Government actually required him to take an affirmative action.

They said the court should find that the contract termination notice that the union should have given is a restraining order requiring Lewis to do nothing.

The court ordered Lewis to appear in court Monday morning to answer a contempt citation resulting from the soft coal strike.

## Compromise On Trieste Sought

NEW YORK (AP)—A proposal by Secretary of State Byrnes to limit the size of Allied military forces in the Trieste area provided a possible basis of compromise between the conflicting interests of the United States and the Soviet Union.

The proposal would set a deadline for a pre-determined deadline after Trieste becomes a neutral state.

## Sedition Case Dismissed

WASHINGTON (AP)—Chief Justice Billings J. Law in Federal District Court today dismissed the four-year-old mass sedition case against 26 defendants, Laws said.

"Under the circumstances, to permit another trial, which considerable time and money would be expended, is not in the interest of justice," Law said.

The Government has the right to appeal Law's decision. But Assistant Attorney General Charles Clegg representing the Justice Department, made no statement in court and Attorney General Clark recently had stated the question would be decided later.

Laws noted in his opinion that the chief prosecutor in the case, O. J. Rogan, a special assistant to the Attorney General, who was named by the United States Supreme Court in 1942, had stated the question would be decided later.

The 26 defendants were placed on trial April 19, 1944, charged with conspiracy to interfere with the draft and to undermine the morale of the armed forces.

After a trial lasting eight months with the Government's evidence not yet completed, the presiding judge, Judge Howard G. Baker, died and a mistrial was declared.

## Stability Necessary Strike Threatens GOP Tax Plans

WASHINGTON (AP)—A leading Republican said today that a general strike would threaten the GOP plans to slash individual income taxes by 20 per cent.

Rep. Carlton, Republican of Illinois, said that a general strike would threaten the GOP plans to slash individual income taxes by 20 per cent.

## Charges Red 'Nerve War'

WASHINGTON (AP)—Louis F. Budenz, former Communist leader, told a Congressional committee today the Soviet Government is engaged in a war of nerves against the United States that "could go to military conflict."

Budenz testified in a hearing by the House Committee on Un-American Activities that the purpose of the campaign is to "undermine" the United States Government.
