

Hal Boyle Orient Threshold Of Great Revolution

By HAL BOYLE
HONG KONG (AP)—This is a review to the Orient, cradle of new liberty or death, of World War Three.

Tomorrow morning I am leaving for Europe to visit the battlefields of the Orient. I hope the five cent hot dog is still in the market instead of a memory.

MR. BOYLE tonight I am trying to group together some coherent picture from the impressions I have gained during my month-long tour of the Far East in which I managed to see at least briefly every country except New Zealand.

And that—from what my friends out here tell me—may be the equivalent of admitting that I am the fool and think that you can catch a complex insight into half the world's problems in a half-year of travel, so I will make no claim of being an authority on what is cooking west of the international dateline.

JAPS SOLD SLOGAN
One feeling I leave with is that although she lost the war Japan sold with her own bitter blood and propaganda her shining axis for the Asiatics. Asia is on the threshold of the same great, related industrial and political revolution which in a single generation raised Soviet Russia from bankrupt serfdom to an equal rank with the world's leading powers.

I listened to many oldtimers out here tell me China is India, but the making of a major power because their people have been too corrupt to have a more centrally directed and opportunistic political rule than England in the 18th century. Yet, to reach later times, the British, Great Britain probably had one of the most honest and industrious settlements in the Orient.

So these memories Cassandra, that yearning masses are ignoring past lessons.
The one sure law of life is that change is inevitable.

CHINA'S PROBLEM
This is one of the chief problems facing the Chinese, who are over-reaction against the "white foreigner" in their new freedom.

One inescapable feeling is that, if the United Nations Organization fails to bring about a new world order, the Orient will become a breeding ground for such a prelude to another war.

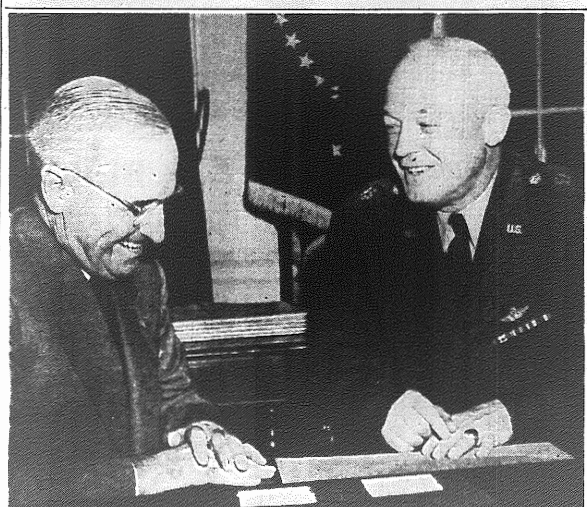

Health Plea Fails
For Jap General
TOKYO (AP)—Lt. Gen. Sadashige Shimomura, who two days ago requested arrest at home under a doctor's order that he was suffering from asthma, entered dreary Sugamo Prison today under orders of Gen. MacArthur.
