

U. N. Assembly Deadlocked Over New Council Member

Contests Undecided After Nine Votes Taken

India, Ukraine Rivals For Seat

By MAX HARRISON

NEW YORK (AP)—The United Nations Assembly failed in its first efforts today to break the deadlock in the race between the Soviet Union and India for the Security Council seat to be vacated by Poland Dec. 31.

The first secret vote of the 57 nations today, after several indicative ballots yesterday, showed:

Ukraine 31, India 23. A two-term majority for Ukraine, present and voting, 49 votes—required for election.

The eighth ballot—the first for the 49-vote majority—ended in a tie between the two candidates yesterday.

The ninth ballot showed: Ukraine 32, India 24.

Dr. Oswaldo Aranha of Brazil, Assembly president, then ruled that the United Nations Assembly should temporarily suspend the election of the Economic and Social Council INDIAN OBJECTS

However, at this point Mrs. Vijayalakshmi Pandit, first lady of India, delegation and speaker to Moscow, took the floor for a brief statement to withdraw India from the contest.

Mrs. Pandit said the Dec. 31 expiration of Australia's two-year term would leave the Indian Ocean area unrepresented on the Security Council. She insisted India was not trying to keep any group out of the Council. Canada yesterday was voted into the British Commonwealth seat now occupied by Australia. Argentina was elected to succeed Brazil in the other of the three places to be vacated Dec. 31.

"We shall not be a party to a barrier of votes," Mrs. Pandit told the Assembly.

Assembly President A. Vishinsky stated that the British Commonwealth would be represented by Canada, but that the United States would not be represented unless the Ukraine was elected.

Aranha tried to stop Vishinsky. The chief Soviet delegate protested that he was not speaking and that the same principles should apply to the other candidates.

The Assembly then moved on to the election of members of the Economic and Social Council, leaving the dispute over the Security Council seat undecided.

Four vacancies on the eighteen-nation Economic and Social Council were filled on Tuesday by ballot. The candidates were: Brazil 55, Britain 49, Russia 45 and Denmark 45. Thirty-eight votes were needed for election.

Three-year terms. Russia, Britain and Denmark are thus re-elected members of the Council and Brazil will be a new member as of Jan. 1.

The five other top contestants would succeed to the run-off for the two remaining seats.

These countries and their first ballots were:

Poland 27, Australia 27, Iran 26, Greece 13 and India 13. India is a member of the Economic and Social Council now.

Patrick's View

Says VD Now At Epidemic Proportions

GOLDENRO (AP)—Venereal disease is epidemic in portions of North Carolina, Ben Hur, N. C., the State Health Department said today. The state health department reported that the incidence of syphilis is six per 100,000 people.

New British Restrictions Take Effect

Foreign Holiday Travel Banned

By ROBERT HEWITT

LONDON (AP)—Life in this "tight little isle" became tighter today with the enforcement of new Government austerity measures that virtually banned foreign holiday travel, wiped out gasoline rations for pleasure motoring and boosted railway fares 50 per cent above pre-war levels.

Limited direction of labor goes into effect next Monday under another decree issued by the Government, which recently opened Parliament in an unlimited powers to combat Britain's economic crisis.

The measures that became effective today, two days after Prime Minister Attlee began his long-expected Cabinet shakedown, are part of the Government's program to slash dollar spending and increase production in the hope of erasing the nation's large export-import deficit by mid-1948.

The new measures that became effective today, two days after Prime Minister Attlee began his long-expected Cabinet shakedown, are part of the Government's program to slash dollar spending and increase production in the hope of erasing the nation's large export-import deficit by mid-1948.

After Oct. 1, Britons would no longer be able to exchange sterling for foreign currencies to spend on holidays abroad. The new measures also would limit the amount of money that can be taken out of the country and the amount of money that can be taken out of the country.

Beginning today the "basic petrol ration" for private automobiles will be reduced to 300 miles of pleasure driving a month will be eliminated. The ration will be reserved in the future solely for priority purposes.

Travel is expected to be restricted further by the fourth increase in putting the cost of foreign travel since 1939. The latest rate, averaging 16.25 per cent over present fares, will be in effect for rising labor and maintenance costs.

Freight rates increases also will be in effect for coal, ranging from six pence (10 cents) to six shillings (1.10).

The Direction of Labor Department requires that after next Monday, employers must be allowed to advertise for workers outside the country.

The present law, which exempts professional workers and women caring for children under 15, makes it illegal for employers to recruit in other countries.

Further restrictions and cuts in living standards have been fore-ordered by the Government, Minister for Economic Affairs, and other government leaders.

Yanks Lead In Second Game

YANKEE STADIUM, NEW YORK (AP)—The Yankees won the first and third innings to gain a 2 to 1 lead over the Red Sox in the second game of the World Series here today.

Reynolds was pitching for the Yankees, while the Sox pitcher, was on the mound for the National League champions.

Travel Permits Refused

Soviet Ban On Senators Brings Reprisal Demands

WASHINGTON (AP)—A curt refusal by Russia to let twelve Senators visit Moscow brought demands by two Congress members today for a tougher policy on admitting Soviet citizens to the U. S. Embassy.

The Soviet Foreign Ministry declined to issue visas either for members of the Senate Appropriations Committee or John Peurifoy, Assistant Secretary of State, to make an inspection of the U. S. Embassy.

Another member of the committee, Senator Bridges (R-NH), chairman of the committee, declared the incident raises the question of how much longer the United States will permit "discriminatory admission of Soviet subjects and sympathizers."

Dr. Greer, Mrs. Caldwell Denies Issued To Scott Claim

RALEIGH (AP)—Leaders of the N. C. Good Health Association and the State Grade today denied charges hurled here yesterday by Commissioner of Agriculture W. Kerr Scott.

Scott, speaking at a joint meeting of the N. C. Cotton Co-operative Association and the Farmers Co-operative Exchange, charged that the State's good health program was being used as a propaganda machine during a health campaign last year.

Scott also said that a farm organization, which he said later was the "State Grange," had been used by the Good Health Association to promote a health campaign last year.

Dr. L. G. Greer, president of the N. C. Good Health Association, said that the association had no connection with the medical school at Chapel Hill "or anywhere else" and that the medical school was "left up to the Medical Research Commission, which is the official State hospital agency, which relied on the judgment of the State Board of Medical Education."

Dr. Greer said that the association was and remains in favor of the medical school and that he "think" it is badly needed to help the State Board of Medical Education.

Mrs. Harry B. Caldwell of Greensboro, denying that the "grange" was "sucked in," said "I am proud of the fact that the State Board of Medical Education is the official State hospital agency, which relied on the judgment of the State Board of Medical Education."

The U. S. introduced the resolution under which the committee was established to seek a settlement in the Pacific dispute.

Mexican Divorce May Help Cut Tax

Mexican divorces, rated worthless by the courts of several states, are good as gold with the Internal Revenue Bureau.

A new Bureau ruling permits an American husband to deduct the cost of a Mexican divorce under the terms of a Mexican divorce decree to deduct the payment for making out his Federal income tax.

Nude, Mutilated Body Found

DAVENPORT, Ia. (AP)—Men friends of Mrs. Margaret Trese, 36-year-old war widow, were hunted for questioning today after her nude, mutilated body was found floating in the Mississippi River.

Police Chief Reed Phillips said the body was found in the Mississippi River. Phillips said Saunders related that the woman, formerly of New Cumberland, W. Va., was found in a hotel room with her husband.
