Second Call For Eisenhower

CHARLOTTES vote for Eisenhower and Wallace, running I and 2, respectively in The News Presidential poll, registers a vigorous protest against the two old political parties—and a lond call for IRE-that should sommand more than local attention. A LTHOUGH Eisenhower was talked as a A GOP candidate, a good many experts have contended that he fits better into the post-Roosevic Democratile Party pleture than the post-Roosevic Democratile Party pleture than the post-Roosevic Democratile Party mand in European theater by a Democratile President and that he was made Chief of Staff by a Democratile President; that he is essentially the product of a Democratile resident; that he is essentially the product of a Democratile resident; that he is essentially the product of a Democratile resident; that he is essentially the product of a Democratile resident; that he is essentially the product of a Democratile resident in the first product of the product of the

closer to the Roosevelt philosophy than that of Taff to Dewey.

Of course, Eisenhower apparently removed himself from Presidential consideration with his famed statement of some weeks ago in which he voiced opposition to the principle of electing military men to high public office. But there was one loop-her was disqualifying himself in the "absence of an obvious and overdriding reason" to enter politics. A popular draft from the Democratic National Converding reason." With Eisenhower as a candidate, the Democratic Party could be reasonably sure of having the Presidency another four years. It would end the Southern revoit and get most of the protest vote. Indeed, and get most of the protest vote. Indeed, quit the race, if not to return to the party fold. Beyond that, a tremendous ground-swell for Eisenhower could very easily carry the Democratics into full control of the Benate and might even let them, recapture control of the House.

Perhaps all this is a pipedream but it is retailed to the point of the House.

It was, the quick thinking and daring action of young Clarence that saved the life of a three-year-old girl, Brenda Sue Strick-land, who fell feet first to the bottom of a 60-fook well at the home of her aunt in the Sterling Mill community. Two unascessful efforts to rescue the child were made by older men before Perkins voluntered for the task. John Lawing, 36, and David Ashe, 70, were lowered into the shart, which is enly two and one-half feet in diameter. They were unable to lift Brenda in that cramped space.

The Belmont story, which appeared in The News Thursday, is a notable demonstration that courage and the spirit of self-sacrifice are strong qualities of the American community. In this emergency there were three conspicuous hereos, not just one, responding to the call of distress on a mo-

ment's notice. Accounts of the rescue make it clear that there would have been other volunteers if they had been needed.
