New Premier Designated

By LOUIS NEVIN

PARIS.—(AP)—Minister of Public Works Henri Queuille said today President Vincent Auriol has asked him to form a new government. Queuille's cabinet was overthrown last night after it had been in office 44 hours. General elections seem probable. Queuille visited the President at Elysee Palace after Edouard Herriot, sick and aged, announced he had rejected an offer. Auriol for the first time also consulted rightists. Followers of Gen. Charles De Gaulle in an effort to solve the crisis.

Queuille, like Herriot, is a member of the conservative Radical Socialist Party. He said he would reply to the President's offer tomorrow. He left the palace through a cordon of about 100 police and mobile guards who had been thrown hastily around the building, when a crowd of 500 workers assembled at the outskirts of Paris and began marching toward the center of Paris.

The rightists and the Communists defeated Schuman by six votes, with the aid of a split in the Radical Socialist Party. The issue was over an 18-hour strike by French workers, many of whom work for the Government in socialized industries.

Schuman's government was the third since the war ended and the fourth since the start of last year.

Atlantic City Event

Pretty Patty Plays Part In Pageantry

ATLANTIC CITY, N. J.—Miss Patty Osborne—Miss North Carolina of 1948—rode atop a beautifully decorated float down the eight-mile-long boardwalk of this fashionable beach resort yesterday afternoon while some hundred thousand spectators cheered her and her rivals in the annual pageantry at which Miss America of 1948 will be chosen.

A two-hour parade, consisting of a hundred floats and musical units, officially ushered in the 1948 Miss America pageant. In the parade Miss Osborne was wearing a black velvet chiffon off-shoulder evening gown trimmed with turquoise fabric, and had puffed sleeves. She wore a white garland in her hair and carried a light blue parasol.

General rehearsal for all contestants took place last night. In the first preliminary contest to-night, Patty will appear along with the one third of 50 contestants in the evening gown division. Tomorrow night she will sing "Can't Help Lovin' That Man" in the talent class, and Friday night she will walk the ramp in Convention Hall wearing black and white corset one-piece swimsuits. All contestants will wear identical swim suits especially fitted yesterday by Catalina, Inc.

With her mother, Mrs. J. L. Osborne of Lawrence as chaperone, Miss Osborne arrived in Atlantic City before noon Mon-

day. Police escorted her through station crowds to a portable microphone where she was in-terviewed by the Atlantic City WMID Mutual station. Numerous pictures were flashed at the station where she was whizzed in a convertible with Mrs. Alabama, Miss Alabama and Miss Birmingham to the Hotel Traymore headquarters. After registering Monday afternoon, Miss North Carolina was told she would be prohibited from conversing with any men for the remainder of the week.

Patty was up early today, spending the morning "looking pretty" for newspaper and newsreel cameramen on the beach in front of Convention Hall plaza. Scores of spectators also focused cameras. Mrs. Osborne hastily "disguised" the local dress shop and eradicated the "slip up."

Scores of well-wishing telegrams and letters have been received by Patty from all over North Carolina. The telegram boy even delivered her a letter from the South-west Pacific area.

President Is

Labeled Failure

By ASSOCIATED PRESS

Gov. Thomas E. Dewey of New York, the Republican nominee, will open his drive for the Presidency in the Midwest with a speech at Des Moines, Iowa, Sept. 20.

The announcement was made today at Albany, N. Y., by Dewey's campaign manager, Herbert Brownell Jr. Brownell said the speech will be made at Drake Stadium, but did not disclose the subject matter.

Two days earlier, President Truman will begin a Western tour with a speech at Dexter, Ia., near Des Moines.

Dewey will make his opening speech four days after his running mate, Gov. Earl E. Warren of California, delivers his first major campaign address at Salt Lake City.

In advance of the two speeches, the Republicans kept their newly-launched campaign to the theme that President Truman is a "complaining failure."

That was Harold E. Stassen's "answer" to Mr. Truman's "Day charges that an 'era of fear and depression might result from victory by Republican 'reactionaries' in November."

Stassen told a Republican rally in Detroit last night that the Democratic candidate "cannot but lose the Presidential election" for the crucial years ahead. He said the President had come to the "wrong city the day before."

The former Minnesota Governor said that by removing "major war-time controls" he would bring new life to the economy and set up the inflationary spiral of strikes and worker stoppages.

The President ignored the bi-partisan foreign policy which he did not take a Republican to the Potsdam conference, Stassen said, calling that Big Three meeting a "colossal failure for the United States."

Turning to the question of Communism, Stassen said the Republican record was "a record of the official waters of the Potomac" with the Congressional Record and the Nation.

Stassen defended the Taft-Hartley act, saying that the President is attacking only "a few" of the act's provisions.

Bitter Campaign Ends

Georgia Voters Settling

Talmadge-Thompson Feud

ATLANTA.—(AP)—Georgia voters wrote their decision today in the strange case of the two governors.

A record total of 118,182, among them 138,270 Negroes, were registered to decide a flaming, twenty-month-old issue between Herman Talmadge and Gov. E. M. Thompson in the Democratic primary.

These were the "two governors" who blazoned the state in headlines across the continent early in 1947.

First, Talmadge won the job by a legislative vote as successor to his fiery, red-galvanized father, "Old Gen." who had been elected in 1945 but died before he could take office.

Thompson, a school man with a Ph. D. degree, claimed the office because he had been elected legislative governor. The State Supreme Court backed him up, and Talmadge, after sitting in the governor's chair for three months, left it with a defiant "I'll be back."

The two had been at it ever since, bawling back and forth between these such issues as "white supremacy," civil rights, special segregation and Thompson's record.

The controversy reached a burning pitch in a rough and tumble slam-bang campaign contest that today came to the court to let the people vote in the primary, equivalent, to election in Georgia.

The 35-year-old Talmadge received the endorsement of the Ku

Bi-Partisan Policy

U. S. Position On

Colonies Decided

WASHINGTON.—(AP)—Secretary Marshall said today an agreement has been reached on the United States position with regard to the future of Italy's pre-war colonies.

He described it as a bi-partisan policy.

Marshall made the statement as he told a news conference the U. S. probably will reply to an afternoon to Russia's proposal for four-power talks before Sept. 15 concerning the future of Italy's colonies.

Marshall's tale of bi-partisan U. S. agreement as to what should be done with the Italian colonies prompted immediate speculation.

Officials have indicated Dewey's suggestion conflicted with the Truman Administration policy.

Marshall gave no indication whether the State Department will accept the Russian proposal for a meeting on the colony matter before Sept. 15.

Officials threw cold water on the idea when Russia's formal proposal was received Monday.

The strident has halted delivery of the containers, in which about 80 per cent of the city's milk is sold.

Other crippling effects of the strike amounted as the dispute remained undecided.

Upset Talks

Secretary

Receives Report

On Situation

WASHINGTON.—(AP)—Secretary Marshall said today Communist attacks on the Bernini city government were largely intended to upset talks of the big four military governors on the crisis in the Soviet-blockaded capital.

Marshall said that the efforts to disrupt these talks must be firmly resisted. He declined to give a press conference to say that any resistance to these military measures.

Just before receiving news, the Secretary of State received from the military high command at the Pentagon a detailed account of the situation in Germany and in Berlin.

PICTURE OUTLINED

This meeting followed a session yesterday of the national security council at which Marshall outlined the diplomatic picture in Berlin.

It was understood the meeting of the military chiefs today was called to give the Secretary a precise briefing on the strength and capabilities of the American armed forces in the area.

Earlier, top American officials were studying a "progress" report received from Gen. Lucius D. Clay, the American military governor of West Germany.

The Secretary said he would leave this deduction to the question of "progress."
