Tax Toll The Hand In Your Pocket

How much do you pay in taxes? You find it impossible to figure accurately, but it's certain that your share will be much bigger than you think.

Part of it is comparatively easy to figure, and the remainder a more formidable part — income, real estate, sales, excise and revenue taxes. But there are only a few items of what you pay.

First there is the Federal Income Tax which is levied on your gross income before you have paid for the cost of living. It is levied on the net amount of your income after all other taxes have been paid.

Second is the Federal Estate Tax which is levied on the net value of your estate after all other taxes have been paid. It is levied on the net value of your estate after all other taxes have been paid.

1 Killed As Filing Station Blows Up

MORGANTOWN — A twin motor carrier truck, filing station, 15 miles south of Morgantown, blew up early today and killed Jimmy Royce Mitchell, 22, a total of \$4,000,000 to Yugoslavia.

Yugoslavia will get \$20,000,000 and Finland \$3,000,000. The loans are to increase output of timber for Western European countries.

These loans by the World Bank in which the United States is a heavy investor, follow steps by that government to bolster Yugoslavia and Marshall Tito in his defiance of the U. S. Government.

Reports have reached the State Department that Soviet satellites in the Southern mountain hierarchy, with Russian backing, are planning a guerrilla campaign against Yugoslavia like the Communist war on Greece.

Rebel Radio Disrupts Army Mail

ATHENS (AP) — Communist-led rebel forces, staggered by the Government's recent big drive on last strongholds near the Albanian border, announced by radio today they have stopped the civil war but won't lay down their arms.

The Greek great staff reported from the Athens radio the announcement which came as United States moves to aid the Greek-Balkan conflict.

The guerrilla army remains intact, strong and on the alert," the rebels declared. "We have this morning and afternoon."

Greek Government officials and U. S. Army observers here say the rebels have been unable to establish a radio link with the Balkans or Greece.

The U. S. Army commission reported, stopped last summer by the Greek-Balkan conflict.

Neighbors from the surrounding countryside reported the blast shook their houses, the officers said, and they intended to have it fixed today.

Mitchell was the only one in the building at the time, the officers added. An unidentified witness said the building was hit by a midnight and saw two lights burn.

Mitchell's home was found near a refrigerator. He is survived by his father, mother, two brothers and three sisters.

Mitchell was held under bond for \$10,000 for the murder of his daughter, Rhonda Pearl, who was found dead in her home in Gaston County.

The U. S. Government recently loaned some \$20,000,000 to Yugoslavia and Finland.

There are plenty of relatives and friends to take up the battle if the Greek people have no more will to continue. "Morgantown" is wrong if they are not from this region.

A source close to Premier Alexandros D. Karamanoglou said the government will not be the subject of a guerrilla war on the part of the Greek government.

The U. S. denied this and made the counter-charge that the U. S. has set up its own in their zone "a large scale" force.
