MANY WILL STAY IN THE MUD

ONE QUESTION which looms large in the minds of many rural dwellers has not yet been answered by the proponents of the \$200 million road bond proposal. Yet it needs answering, frankly and fully. If disappointment and dislikusionment are to be avoided in the future.

Governor Scott has repeatedly promised to be avoided in the future of the mud. No one will usuard with that objective. It is an eminently worthwhile goal. Every farmer wants to get out of the mud. So do the thousands of urban dwellers who have been unable to get paved streets since the war, even when they pay for them out of their own pockets as all city dwellers have to do.

Governor Scott proposes to get the farmers out of the mud by paving 'black-toping' 12,000 of our 47,000 miles of unpave to do.

Governor Scott proposes to get the farmers out of the mud by paving 'black-toping' 12,000 of our 47,000 miles of unpave to do.

The may be more disappointed when losse, the may be more disappointed when losse, the may be more disappointed when losse, that it is not, have be some disappointed when losse, the may be more disappointed when losses, this chances of return gauge of the bix bond to the mud. No of the m

RUSSIA LOSES AGAIN

Dome column, The N. & O. observes: Burl Hardson, the man who took the lead in killing off motor whiche inspections during the last General Assembly, has proved he The Crawn County farmer now can put the word inspector ahead of his own name. He is one of 22 newly named inspectors for the brand new Division of Mall Severage Con-trol, which the General Assembly added to the State ABG Board.

'INSPECTOR' BURL HARDISON

'PAINLESS' REVENUE MEASURE

for "inspecting" these establishments, a paraphrase of Chairman Upchurch's ultimatum keeps running through our minds, a paraphrase which might have been truth instead of fancy had it not been for Rep. Hardison:

'Now As We Were Saying-'

Bound that the Hentle Bonnet is the Carlos of State Acheson of Bonnet is securated by the Hentle Bonnet is reported by the Hentle Bonnet is productive earnings. The National Education Association is reported by the Hentle Bonnet is reported by the Hentle Bonnet is the Hentle Bonnet is reported by the Hentle Bonnet is the Hentle Bonnet in the Government and Hentle Bonnet is reported by the Hentle Bonnet Bonnet

THE NOISY WORLD

THE NOISY WORLD

THE Acoustical Society of America got around to our ears the other day—
ifficially to the erosive effect of noise, at with subway trains that make contained impossible, raucous horn-blow-most trucks that roar through the ets, airplane propellers that assault the premarate revieters that are irreless in criming their noisy function, it is about the comming their noisy function, it is about the ram-jets and so did the workers. When the noise level in the laboratory was reduced to the mere equivalent of a trolley are pounding over a crossing everybody and. Sweden, Denmark and Holland, in the content of the sweden that they can be reduced the reduced that they can be reduced that they can be reduced to the mere equivalent of a trolley was content, which proves what a tolerant look was an extended to the mere equivalent of a trolley was content, which proves what a tolerant look was an extended to the mere equivalent of a trolley was content, which proves what a tolerant look was a working for the Government of the Metropolitan Opera's orchestra and the Metropolitan Opera's orchestra a
