

Truman Ready to Oppose Communist Bots Report

PRESIDENT TRUMAN RAPS ISOLATIONISTS

ABOARD TRUMAN TRAIN — (AP) — President Truman, declared today that the decisions the United States makes in the months ahead will determine whether there will be a "third world war."

In a talk to a train-side crowd at Raleigh, N. C., the President, called "isolationists" who would "let the rest of the world be swallowed up by Communism."

These men, Mr. Truman asserted, cannot see beyond their noses. "And forget 'the terrible price' this country would have to pay for such a course."

"These same men who tell you we should economize by an isolationist policy," he said, "did the same thing after World War I and brought on World War II."

"We will have a third world war, if we 'retrace' on our allies, Mr. Truman said, "and Russia remains on her allies."

V E ANNIVERSARY

Speaking on the fifth anniversary of his proclamation of Allied victory over Nazi Germany, the President devoted much of his five-minute "whistle stop" speech to a warning on the critical foreign situation.

Truman said the United States is "off the cuff" speech, but he said he would not be so "off the cuff" again.

Defending his so-called "non-political" cross-country speaking trip, he said he has been "asked to go" by the Republicans. Mr. Truman said he is making "a report to the people" as he has "every right and privilege" to do.

He said he was making the trip to discuss "issues" and that he would

Meeting To Hear Duke, BRT Decision 6 Cities' Drivers Voting On Report

Various indications came from several well informed official sources that peace will be restored late today between Duke Power Co. and the company's 600 striking-threatening street bus drivers in six Carolina cities.

Formal comment regarding the still tense situation was withheld, however, by all immediately concerned official quarters.

Some things that could bring the long dispute to a climax was scheduled for 3 P. M. at the office of Charlotte's Mayor Victor Shaw in the City Hall.

TO ANNOUNCE DECISION

At that time, spokesmen for the power company and the Brotherhood of Railway Trainmen will deliver their individual statements or rejection of a report submitted Friday by a three-member fact-finding board over several weeks.

Some of the report recommended a net \$172 cents per hour pay raise for the bus drivers and mechanics and various other benefits.

Mayor Shaw invited D. Yates Heafner of Charlotte, convening at the U. S. Mediation Service, to attend the conference and Mr. Heafner accepted. This committee was in charge of mediation efforts which continued over several weeks and ended in a deadlock.

Mr. Heafner will attend the conference as an observer. He thereby will be enabled to obtain information on which to base a formal report to the union's delegation.

BRT dispute still is a pending case for the Mediation Service.

The U. S. envoy to an unnamed foreign country is a "foreign agent," the Senate said today.

The Senate today passed a resolution that the committee, without creating an investigation, drop public hearings.

It is therefore proposed, he said, that the committee, without creating an investigation, drop public hearings.

He said that all pertinent information is being made available to the committee "so that any suspicious activity which can be completely removed."

Flinders added:

"It is further urgedly suggested that the committee address itself to constructive criticism and suggestions as to future policy. It will be most unfortunate if constructive action does not come out of the investigation and if nothing results from it but political charges and counter charges."

Flinders said the committee should study the present methods of the State Department's investigation and make recommendations, and then recommend to the Senate any changes felt necessary.

Economic, Military Help Stated Acheson Makes Announcement

PARIS — (AP) — U. S. Secretary of State Dean Acheson said tonight American economic and military help will be sent immediately to French Indo-China.

The U. S. Secretary of State has been a round of cold-war talks here by hearing French plans for speedy help in the Southeast Asia territory to hold back the threat of Communist domination.

Acheson did not specify the amount of aid to be sent Indo-China, where the French have been carrying on a shooting war against the forces of Communist-trained Ho Chi Minh for almost four years.

United States aid, Acheson said, "can and should be" given to help the French in their fight against the "Reds."

WANT GUARANTEE

The brief statement did not specify the amount of aid to be sent Indo-China, where the French have been carrying on a shooting war against the forces of Communist-trained Ho Chi Minh for almost four years.

Closed Hearings On Red Charges Urged

WASHINGTON — (AP) — Senator Flinders (R-Vt.) asked the Senate today to hold further public hearings on Senator McCarthy's charges of Communist infiltration of the Department of Defense.

Flinders introduced a resolution that would forbid further public hearings on the charges, but he said he would not insist on it.

Flinders said the Senate should hold further public hearings on the charges, but he said he would not insist on it.

Court Upholds Canadian Fire's Finally Picketing Ban

WASHINGTON — (AP) — States may force picketing unions to join membership, the Supreme Court decided 8 to 0 today.

The order also directed the Justice Minister delivered the union. He said only one bell boy favored unionization, but the local apparently did not want him.

The case grew out of a Washington state court's order that the Building Service Employees International Union, Local 924, halt picketing of the hotel.

Heafner said the local was trying to compel the proprietor, W. L. Gazman, to "renew" his employees into unionization. The order also barred boycotting and the stopping of delivery service to the hotel.

Gazman told the State Court that none of his workers belonged to the union. He said only one bell boy favored unionization, but the local apparently did not want him.

The union appealed to the highest tribunal after the Washington State Supreme Court upheld the lower state court.

Heafner said that "abuse by workers or organizations of work-

Canadian Fire's Finally Brought Under Control

Quebec, Quebec, as a result of the conflagration which wiped out one third of the town. The fire started in a lumber yard. (AP Wirephoto.)

WASHINGTON — (AP) — The long-promised battle over part of President Truman's civil rights program gets under way today.

At the outset it looked like a pretty mild affair compared to the furious day-and-night Senate sessions of the past when filibustering Southerners stood off repeated attempts to force a vote.

At issue was the motion of Senate Democratic Leader Lyndon B. Johnson to take up the FEPC bill — legislation to create a Fair Employment Practices Commission empowered to forbid job discrimination because of color, race and creed.

Lucas already has announced that he plans to "round-the-clock" debate the bill for at least a week without attempting to clamp on the Senate's new speech limitation rules.

SOUTHERNERS READY

Senator Russell (D-Ga.), floor general for the group of Southerners who bitterly challenge FEPC and other civil rights measures, said a reporter, "we are ready."

Russell prepared a detailed argument against what he calls a "revolutionary and far-reaching measure" that is "a very big political issue."

Eventually Lucas or some other Senator is expected to test the Senate rule that allows debate to be limited in order to force a vote.

Under the new rule, the Senate will vote on the full membership of 96 most approved.

An unofficial poll by Southern Democrats was said to indicate that the time effort to limit debate would find 58 voting to limit, 32 voting to impose no limit, and 1 absent.

The House has passed an FEPC bill on voluntary compliance only, and if any compulsory bill is introduced, it will have to be adjusted with the House version.

Senate Opens FEPC Debate

Arms Unloaded On Cherbourg Docks

CHERBOURG, France — (AP) — Unloading of the second American arms shipment to France under terms of the Atlantic pact began this morning without incident.

Hiring of dockers for the unloading of the first American shipment per carrying 1,600 tons of arms began at dawn. Five Communist representatives were present at the hiring office abstained from providing any demonstration.

The first arms shipment was unloaded here a few weeks ago in Communist threat.

Guideposts: No. 10 After 16 Years of Same Job, Frank Finally Broke Shell

By JOHN LINGINGER

During my 16 years in business I have received many real letters from my work in helping people to develop their own abilities.

A clerk who never earned more than \$15 per week in sixteen years with his firm suddenly quit to go to work for another firm. He had been in the same job for sixteen years at about the same salary. You're in a rut. You're in a rut. You're in a rut.

Frank was still and unfeeling. Three years ago he had a son. Frank was still and unfeeling. Three years ago he had a son.

'Worst Yet To Come In Flooded Canadian City

WINNIPEG, Manitoba — (AP) — Hundreds of blocks of this prairie city lay beneath a sea of water today as troops and civilian volunteers worked wearily to bolster sagging levees against the rising flood waters from the Red River and Assiniboine.

The danger is real," he said. "Everything is continuing to be done to prevent a calamity."

In a radio broadcast last night Morrison told worried citizens: "Don't panic. Stay at home. Work if requested. Be calm and patient."

More than 2,000 Winnipeg homes already have been abandoned to the flood and damage estimates run into millions of dollars.

The river rose two inches yesterday to a level of 27.3 feet—less than nine feet above flood stage. Authorities said they expected the river level might add four more feet.
