ROUGH ON TANKS, TOO

ANTI-BRITISH SHOUTING CONTINUES

Egyptians Keep Up Demonstrations But Violence Subsides

CAIRO, Egypt.—Shouting Egyptians, demanding the ouster of British troops from Egypt, demonstrated against British troops today for the second successive day but this time there was no violence.

Heavy police escorts kept order as a crowd of thousands paraded through Mustafa Kamel Square, then moved on to the larger Ibrahim Pasha Square where demonstrators shouted:

"Down with Britain. We want the British to get out of our country."

Leading the crowd, Sudanese students and two Cairo universities cried "Down with foreign domination—we want one king, one crown, one Nile."

After streaming past the palace and cheering King Farouk, the crowds dispersed without incident.

Anti-foreign protests in the Egyptian capital were held in the presence of British and French ambassadors, hurled bottles looted from a Sudanese radio distributor's trucks, and set fires.

The demonstrations are the product of a public opinion poll in the plan of Prime Minister Wafdi Pasha to oust British troops from the Suez Canal zone and take full control of the jointly ruled Anglo-Egyptian Sudan.

Shoppers hastily lowered steel shutters as the crowd gathered today.

The huge crowd streamed toward Mustafa Kamel Square to hear speeches delivered from near the statue of Mustafa Kamel, an Egyptian hero.

Kamel led the Nationalist Party until his death in 1908, and spearheaded a fight for Egyptian independence in 1919.

He also was a leading figure in the formation of the Nationalist Party, which he headed until his death in 1908, and spearheaded a fight for Egyptian independence in 1919.

SIZE OF BOOST DECIDED Agreement Is Near On Tax Measure

WASHINGTON.—Final agreement on a bill estimated to increase taxes \$2 billion or more a year seemed likely today after some last minute bargaining between House and Senate conferees.

A tentative agreement was said to have been reached yesterday on one of the big issues—the size of the individual income tax boost.

Unofficially, it was reported that a tentative decision had been reached to boost income taxes in all but the highest brackets by 11 percent.

House Passes Huge Military Building Bill

Armed Forces And AEC Get Over \$4 Billion

WASHINGTON.—The House passed today a \$4,475,277,970 appropriation bill, chiefly for military construction and the Atomic Energy Commission.

Passage was on a roll call vote of 300 to 19.

It refused by roll-call vote of 182 to 127 to knock from the measure \$12,821,000 for an airport at President Truman's home town, Grandview, Mo.

The measure now goes to the Senate.

Almost all the money it provides is for construction of barracks, depots and bases in the country and overseas for the Army, the Navy and the Air Force.

\$266 MILLION FOR S. C. The Atomic Energy Commission's allotment is \$200,000,000 for work on the Big Savannah River, S. C. atomic plant.

After passing this bill, the House took up a \$1,045,000,000 bill financing the State, Justice and Commerce Departments and the Federal Judiciary for the present fiscal year, ending next June 30.

An \$8,200,258,000 foreign-aid money bill was next in line for debate.

Leaders were driving to get all three bills passed by the day's end.

But a big obstacle to quick action loomed in the form of a Republican demand that the foreign-aid funds be next in line for debate.

Behind the fire of tanks blasting from both sides, the U. S. 23rd Infantry Regiment again stormed the northernmost peak of Heartbreak Ridge.

Other U. S. Second Division Infantrymen overran Chinese troops and captured a dominating peak on nearby Kim II Sun Ridge.

United Nations troops also seized two other peaks in mountainous East Korea.

East of Heartbreak Ridge a full battalion of the U. S. First Marine Division was flown to the front in the biggest helicopter lift in history.

Nearly 1,000 Landing Craft LVTs landed almost within sight of Red positions without incident.

CAVALRYMEN ATTACK In the hottest sector of the western front, the U. S. first Cavalry Division renewed its attack northwest of Yonchon after mopping up Chinese stragglers in hills captured yesterday.

Red China's Peiping radio said Chinese troops inflicted 13,366 casualties on U. N. forces last week. It asserted nearly 9,841 Allies were killed, captured or wounded in their autumn offensive in the west during the week.

Allied losses for the period have not been announced officially. Red propaganda broadcasts normally are highly exaggerated.

The cavalrymen were continuing their offensive Thursday about 25 miles northeast of Panmunjon, where the Reds and Allies talked of reopening truck trails. Liaison officers met for the second time since Aug. 22. They scheduled another liaison meeting for Friday morning.

Thursday's tank strikes up Mumdong and Satae valleys carried the tank as much as 25 miles north of the 38th Parallel.

The two tank columns halted opposite the northern peak of Heartbreak Ridge.

Then the Sherman tanks in both valleys opened up simultaneously.

OUR WEATHER

Partly cloudy with little change in temperature today. High 64, low 48. Slightly warmer in the afternoon. Highest yesterday 61 degrees. Lowest this morning 48 degrees.

THE BIG SPLASH Today is the anniversary of the heaviest rainfall ever recorded by the U.S. Weather Bureau: 22.22 inches in 24 hours at New Smyrna, Fla. today, 1924.

This barely eclipsed the previous record: 22.1 inches in 24 hours at Taylor, Texas. But 11 1/2 inches in 24 hours at Taylor, Texas, is characteristic, did things on a large scale.

The surrounding country, farmers' empty water barrels 36 inches deep were filled in overflowing the countryside. One mile south of Taylor was under water; houses were washed away; and 67 persons were drowned in and around Taylor.

HOME-MADE ELECTRIC CHAIR DOES GOOD JOB

Detroit.—An unemployed father of four rigged a makeshift "electric chair" in his home and electrocuted himself.

The body of Chester Dunn, 40, was found by his wife, Eleanor, 37, after she returned from court. She had filed a non-support complaint against him.

Patrolman Calvin Gill said Dunn plugged up a basement drain and filled the floor three inches deep with water.

The officer said Dunn stripped the insulation in two places from an extension cord. He taped the cord to his left arm at one end and sat on the other uncovered section, placed on an old rug.

Then, dangling his feet in the water, Dunn threw a switch, sending current through the cord, the officer said.

FBI Cracking Down On Theft Of U. S. Property

WASHINGTON.—The FBI today disclosed it has been making wholesale arrests throughout the country in connection with thefts of government property, largely from military installations.

FBI Director J. Edgar Hoover said in a statement that 30 persons were taken into custody during the last 24 hours in New Jersey, California, Ohio, Massachusetts, New York and Washington, D. C.

These arrests, he said, make a total of 120 persons picked up during the past two months and charged with stealing government property worth totaling \$1,000,000.

The articles ranged from raw crude rubber and pure silver to combat boots and blankets, guns, building materials and critical aircraft equipment.

The announcement disclosed that those arrested include longtime government civil service employees, military personnel, civilian and military police and private citizens.

Today's arrests included 16 in New Jersey, nine in California, three in Ohio, one in New York, and one in Washington, D. C.

The FBI director said the Bureau still has under investigation 1,025 other cases of thefts from government supplies.

Sixteen civilian and military employees of the FBI were arrested today in the West Coast this morning to bring to 22 the number taken into custody to date in connection with thefts of lumber, tools, building materials, food stuffs, guns and a deep freeze unit, from the Mare Island navy shipyard at Vallejo, Calif.

In Washington, agents picked up another man for the theft of a bondless machine from the offices of a government agency housed in a temporary building here.

In addition, nine arrests were made on the West Coast this morning to bring to 22 the number taken into custody to date in connection with thefts of lumber, tools, building materials, food stuffs, guns and a deep freeze unit, from the Mare Island navy shipyard at Vallejo, Calif.
