TRUMAN AND EISENHOWER TO CONFER

General Coming Home From Headquarters In Paris Tomorrow

WASHINGTON.—Gen. Dwight Eisenhower is flying home this week-end for conferences with President Truman and other top-ranking officials.

The White House in announcing this today, said the General is returning for talks Monday and Tuesday to cover matters arising from the Supreme Allied Command and the North Atlantic defense setup.

He will leave Paris at 2 P.M. (Paris time) Friday and spend the week-end at Fort Knox, Ky., with his son, Capt. John Eisenhower, and will confer with the President and other Administration leaders Monday and Tuesday, holding the close of the conferences at the White House.

NO EMERGENCY

Presidential Secretary Joseph Short told reporters Eisenhower is coming to Washington at the President's suggestion but said that no emergency was involved.

However, the arrangements for the trip evidently were made quite suddenly, Presidential Assistant W. Averell Harriman, new foreign aid director, told a news conference today.

Gen. Eisenhower is planned to come only yesterday he planned to come this week-end during a trip to Europe.

Short said some of Eisenhower's conferences with officials on Monday and Tuesday will be held at the Pentagon, but that details had not been worked out.

"Does this reflect any emergency?" a reporter asked.

"No emergency," Short replied.

He said Eisenhower will arrive in Washington early Monday morning from Fort Knox, and then with the President and other officials.

PATIENT, 99, RECOVERS FROM OPERATION

Mrs. Jane Clark clutches her favorite pipe and poses for the photographer between puffs as she recovers from a serious abdominal operation in an Asheville hospital. The 99-year-old patient says she is looking forward to her return to her home on a small farm near Bardsville, N. C. Physicians say it is most unusual to see a patient of her age to undergo surgery successfully. (AP Wirephoto).

U. S. Troops To Be Tested In Atlantic

WASHINGTON.—U. S. Army troops were exposed today to an atomic blast for the first time, and came off without casualties and with knowledge which may prove "greater than anticipated."

Official confirmation of the troops' participation in today's blast, which was so strong that it cracked store windows in this city more than 75 miles away, came from Maj. Gen. William B. Kean, commanding the Army's Third Corps.

Another Army spokesman, declining to be quoted by name, said "This is the one test in which troops will be involved."

"This was taken to indicate that the Army is satisfied with what it learned and will not participate in further AEC experiments here."

The blast went off at 7:30 A. M. (PST) and sent a giant white cloud mushrooming over the Yucca Flat test center in the desert northwest of Vegas.

Powerful Bomb Set Off In Nevada

LAS VEGAS, Nev.—(AP)—U. S. Army troops were exposed today to an atomic blast for the first time, and came off without casualties and with knowledge which may prove "greater than anticipated."

ACCORD NEARER THAN EVER BEFORE

Reds, UN Agree On East Half Of Buffer

MUNSKO, Korea.—(AP)—A United Nations briefing officer said tonight the Allies and Reds are in "general agreement" on the eastern half of a neutral zone for a Korean armistice.

The western half of the line is in dispute. The key issue is who will get the buffer zone, which is 25 miles wide and stretches for 100 miles.

Negotiators are "nearer to agreement on a buffer zone than ever before," said Col. L. G. Hill, the briefing officer.

"But he emphasized agreement on the zone itself, not end the shooting," Hill said.

"There is a possibility the war will go on for a long time after we reach an armistice," Hill said.

KOREA-BOUND SOLDIER GETS VISIT WITH SON

LOS ANGELES.—(AP)—A soldier bound for Korea is having a long visit with his four-year-old son today, but he had to go to court for his privileges.

Pvt. John E. Badgwell told Superior Judge Mildred Little yesterday he had not seen his boy, Mickey, since April. His mother-in-law, he said, refused to let him come near without a doctor's certificate.

The mother-in-law, Mrs. R. W. Winters, explained, "Well, he might have a cold."

The court told Mrs. Winters not to interfere again under penalty of seeing her daughter go to jail. The daughter has been ordered to allow the soldier "reasonable visitation" rights.

The Badgells were divorced in 1949.

U. S. Begins Taking Bigger Bite For Taxes

New Revenue Rates Go Into Effect

WASHINGTON.—(AP)—This is the day you start contributing your share of the new \$5,691,000,000 in annual revenue to Uncle Sam. That averages out to \$38 for each person but not everybody, of course, will owe that amount.

You'll notice the tax increase in your next salary check and probably in your electricity bills. You now can buy gasoline, a bottle of liquor, a roll of film, or a fountain pen, for instance.

Today's average level when you put down two bucks on a nag running at Pimlico or Jamaica with your favorite bookie—if he still is doing business at the same old stand.

Not quite all the tax law changes are on the surer side, though.

THE BRIGHT SIDE

The 3-1/2 per cent excise comes off your electricity bills. You now can buy a heating pad, a house trailer, a heating pad and a ticket to a high school football game or a symphony concert—all without paying any federal tax. Prices on those tickets may not come down, though—the high schools and orchestras may keep the difference.

All of these changes were in the big bill passed Oct. 19 by Congress to provide more money for the nation's huge mobilization effort.

President Truman promptly signed the measure, although he had asked for new revenue of almost twice as much—\$9 billion.

Today is the effective date for the new law with the exception of corporation tax increases, retroactive to last April 1.

Most persons are going to be rapped for an income tax boost of about 1 1/2 per cent over what they have been paying. Those in the very high brackets get somewhat lighter treatment; they must pay an increase amounting to nine per cent of their taxable income last year after the old tax.

This section of the bill will add about \$2,200,000,000 a year to the nation's tax bill—the biggest single new slice of revenue.

The withholding rate on salaries increases from 18 to 20 per cent. This is applied to income after deduction of exemptions—dependents.

'Copter Raid Is Staged On Red Stronghold

Marine Attacks On Guerrillas Disclosed

WASHINGTON.—(AP)—U. S. Marines successfully raided a Red Korean guerrilla stronghold behind United Nations lines in the first true helicopter combat attack ever made, the Marines announced today.

The attack was made Saturday. The news was withheld until today for security reasons.

An announcement came as light snow and cold rain chilled combat troops. Command of a Red Korean guerrilla stronghold behind United Nations lines in the first true helicopter combat attack ever made, the Marines announced today.

Byrd Hits Truman, Calls For Revolt

THE barbecue gathering had been billed as in part a caucus of anti-Truman Southern Democrats, but Byrd was the only nationally prominent figure on hand.

His 7,000-word speech was liberally sprinkled with such epithets as "fiscal irresponsibility," "political hypocrisy," "infamy," "weakness," "wave of scandal," "moral turpitude" and "the disgusting Boyle." The last was a reference to William M. Boyle Jr., who resigned effective yesterday as party chairman.

"If Mr. Truman and the Truman Party are re-elected in 1952," Byrd said, "they will be regarded and rightly so as a mandate from the people of America to push through their whole un-constitutional socialist program with special emphasis on civil rights legislation."

"You cannot rely as safely as you have in the past on the probability that Southern Senators can defeat these proposals. We will fight to the last ditch, and if that fails, we will support a mandate given to a victorious Truman, the odds will be against rights legislation."

Asserting that only the South is a saved nation.

See BYRD on page 14-A

Assassination Try Year Ago Today

WASHINGTON.—(AP)—Today is the anniversary of the attempt by two Puerto Rican nationalists to assassinate President Truman.

A year ago, on a warm afternoon, two men later identified as Grisello Torresola and Oscar Collazo alighted from a taxi, walked up to the Blair House steps and tried to shoot their way in.

In the bloody battle with White House guards and Secret Service men, both were shot down. Torresola was killed, Collazo gravely wounded. But he recovered and is now under the death sentence.

Storm Warnings Up

MIAMI, Fla.—(AP)—Small craft warnings were hoisted today along the Atlantic coast from Cape Hatteras, N. C., to Jacksonville, Fla.

Member Of Taff's Law Firm Found Dead

CINCINNATI.—(AP)—Roger K. Sibbald, 24, an attorney in the law firm of which Senator Robert Taft is a member, was found shot to death at his home today. Coroner Walter P. Egan reported.

Sibbald, father of the lead man, said he found the body in a bed. A revolver was in the room. Sibbald's wife, who was called, said a bullet wound was found in the right side of the head.

She told the authorities that his son had been working very hard recently and appeared to be worn out and about to die.

Police, in their report to Coroner Egan, called the case an apparent suicide.

Leopard Shot In Arkansas

MT. IDA, Ark.—(AP)—A lone hunter killed a charging male leopard shortly after daybreak today, clubbing the mortally wounded beast after hitting it with a rifle.

The leopard, one of two which escaped with other animals from a circus in the near by, had been shot by a dog belonging to the hunter. The hunter and a second dog were shot in the process.

The other spotted cat, a female, was killed yesterday afternoon by an Arkansas state highway patrolman.

The leopards, a polar bear, two black bears and several chimpanzees fled into the heavily wooded Ouachita National Forest circus van overturned fifteen miles northwest of here.

An organized hunt, with every-thing provided except the animals, was being pressed today for the bear.

The polar bear was described as dangerous by spectators and circus people. The black bears were said to be tame.

Hunter Ed F. Stuyvesant, a timber worker from the Pencil Bluff community, was the man who killed the second leopard this morning.

DUKE, PRINCESS HAVE FULL DAY

WASHINGTON.—(AP)—Princess Elizabeth today placed a wreath on the tomb of George Washington, the man who played a major role in taking this country out of the British empire.

It was a simple ceremony. Elizabeth and Philip, the Duke of Edinburgh, took the wreath and walked along with it into the tomb. They placed it against the back wall.

When they came out, Philip turned, faced the tomb, and saluted.

Like any other visiting tourists, the couple then inspected Mount Vernon, the Duke of Edinburgh, took the wreath and walked along with it into the tomb. They placed it against the back wall.

FLURRIES AHEAD

November brings the first snow flurries to a large part of the country; it has snowed in November as far South as Florida. Do you know how a flurry comes from the start of a real snow storm? A flurry is really a snow shower, and has some characteristics as a rain shower. The snow usually comes in a broken sky, rather than a thick covering. The flakes fall from a scattering clouds and are generally larger than those in a steady snow. Also, here is a more genuine and realistic picture of a snow storm.

THE PRINCESS AND THE PRESIDENT

Sitting beside President Truman in his car, Princess Elizabeth waves to crowds at the airport after her arrival in Washington Wednesday. The Princess rode from the airport to Blair House with the President. (Acme Telegraph).

One "be-gone, who didn't like her angle of vision, called out: "Oh, Duke, turn around."

Duke, her sign he heard her.

The highway from Washington to Mt. Vernon goes through Alexandria, Va., Washington's home town. Around 10,000 persons, mostly school children, were out to see the royal pair. They didn't see too much of them, however, for the

Beef Quota For Armed Forces

WASHINGTON.—(AP)—The Government said today that Federal-inspected slaughterers will be ordered to set aside part of their beef for the armed services.

Price Director Michael D'Isalle said it is necessary because the armed services face a severe meat shortage.

Under the plan the slaughterers will have to give priority to the armed services when their kill exceeds specified percentage of their 1950 volume.

The set-aside will be made up of beef, lamb, mutton, veal, prime choice and good.

Office of Price Stabilization officials said they had not expected to bring any distribution of the most supply for civilians.

Under the plan, the set-aside for the services is on a pro-rata basis. The Army wants to buy 50 million pounds of beef, the Navy wants to buy 10 million pounds and the Air Force wants to buy 5 million pounds.

Civil Service For Tax Collectors

WASHINGTON.—(AP)—The White House announced today President Truman's plan to make the Civil Service Commission a Federal agency that collectors of internal revenue be brought under civil service.

The announcement was made after Frank E. McKinnis, Indianapolis banker and the new Democratic national chairman, announced such a step to the President.
