# Red Resistance Stiffens as Air Drive Continues

## FCC Approval Upheld High Court Backs CBS Color TV

WASHINGTON.—The Supreme Court today cleared the way for color television to invade the black and white field. The high tribunal upheld Federal Communications Commission approval of Columbia Broadcasting System's highly controversial color plan. Justice Black delivered the 8-1 opinion, rejecting an appeal by the Radio Corporation of America. RCA's competing TV color system was turned down by the FCC when it approved the CBS plan. Justice Frankfurter dissented from the majority opinion which represented the views of Chief Justice Vinson and Justices Reed, Douglas, Jackson, Clark and Minton in addition to Black. ABUSE CHARGED. RCA charged the FCC had abused its discretion and was arbitrary and capricious in giving its OK to CBS. The complaint was taken to the high tribunal after a special three-judge Federal District Court in Chicago upheld FCC by a 2-1 vote.

## Van Fleet Says Foe Costs Nerve Record Bag Of Prisoners Taken

WASHINGTON.—Gen Hoyt Van Fleet said today the United States is operating with a "shove string" Air Force and cannot afford to adopt Gen. Douglas MacArthur's proposed strategy of bombing Red bases in Manchuria. Testifying at the Senate inquiry into MacArthur's dismissal, Van Fleet also said he believes there are "reasonable chances" of getting a negotiated peace in Korea without such bombing. Van Fleet, the Air Force chief of staff, said he believes if the full power of the U. S. Air Force were thrown into the balance in Korea "there would be a good chance of forcing them (Chinese Reds) to negotiate." "I believe that the mere air achieving a negotiated peace without endangering that one plan of bombing Manchuria," he asserted that the U. S. Air Force remains the single largest material force in the world that might start World War III.

## 'Can't Afford' To Hit Manchuria Van den Berg Raps Bombing Plan

WASHINGTON.—Gen Hoyt Van den Berg said today the United States is operating with a "shove string" Air Force and cannot afford to adopt Gen. Douglas MacArthur's proposed strategy of bombing Red bases in Manchuria. Testifying at the Senate inquiry into MacArthur's dismissal, Van den Berg also said he believes there are "reasonable chances" of getting a negotiated peace in Korea without such bombing. Van den Berg, the Air Force chief of staff, said he believes if the full power of the U. S. Air Force were thrown into the balance in Korea "there would be a good chance of forcing them (Chinese Reds) to negotiate." "I believe that the mere air achieving a negotiated peace without endangering that one plan of bombing Manchuria," he asserted that the U. S. Air Force remains the single largest material force in the world that might start World War III.

bomb north of the Yalu River boundary between Korea and Manchuria. BACKED OUSTER. He said he concurred, too, in the decision that MacArthur should be removed from his commands. The inquiry panel — made up of the Senate Armed Services and Foreign Relations committees — recessed today after a session of one and one-half hours. Van den Berg was asked to come back at 9 A. M. (EST) tomorrow. Before Van den Berg left, Senator Saltonstall (R-Mass.) asked him if MacArthur ever failed to carry out any military directives. Gen. J. Lawton Collins, Army chief of staff, told the committee last week that MacArthur "violated a policy" — but not a military order — in sending American forces close to the Manchurian border last fall. Van den Berg told Saltonstall his question could "get into many legalities of intent and a whole ramble" — in sending American forces close to the Manchurian border last fall. "I believe that the mere air achieving a negotiated peace without endangering that one plan of bombing Manchuria," he asserted that the U. S. Air Force remains the single largest material force in the world that might start World War III.

## Florida House Asked To Impeach Governor Warren

TALLAHASSEE, Fla.—The Florida House of Representatives was asked today to impeach Gov. Warren. The House voted 12-10 to impeach Warren on grounds that he willfully disregarded his duties and ignored "evidence of lawlessness" in re-appointing a California state. Rep. George Okell of Miami, the only one of 40 Warren state political supporters, introduced the resolution calling for impeachment. All of them involved complaints that had been made publicly about his campaign expenditures, the conduct of his racing commission, his re-appointment of three outside sheriffs, and his attitude toward the Florida gambling situation. A two-thirds vote of the House would immediately suspend the governor from office and Senate.

## Anti-Reds Lead Italian Voting

ROME.—Premier Alcide De Gasperi's anti-red coalition took a lead over its Communist opponents in the northern province of Trent, where the Communist returns from their Italy's municipal elections came from scattered precincts and small towns in nine of the 26 provinces which comprise the northern province of Trent. The Communist Party also led in the provincial elections. Of the 115 of the 2,735 municipalities had reported partial results. Most of the returns were on the holding for provincial councils, which are being elected for the first time since they were eliminated under Fascism.

## Libera Auto Credit Urged

WASHINGTON.—A spokesman for car dealers asked Congress today to provide for more liberal credit terms for automobile buyers. Alton M. Costley of East Point, Ga., representing the National Automobile Dealers Association, urged the House Banking Committee to write the legislation into the Defense Production Act. Both the Senate and House Banking committees are holding hearings on the law which President Truman wants strengthened and amended.

## Eisenhower Talks With Gen. Collins

PARIS.—Gen. Dwight Eisenhower conferred at length today with U. S. Army Chief of Staff Gen. J. Lawton Collins. The Atlantic Army commander also arranged a luncheon today with Adm. Alan G. Kirk, U. S. Ambassador to Moscow. It was no longer clear whether Gen. Collins would attend the luncheon because of his illness. Kirk arrived by air from Moscow Saturday, to begin a series of visits to West European capitals.

## Malik Denies Peace Feelers

UNITED NATIONS, N. Y.—Russia's Jacob A. Malik said today through a spokesman that reports of Russian peace feelers to the United States are "completely groundless." The comment of the chief Soviet delegate to the United Nations came several days after reports were published here that the Russians were interested in talking about ending the Korean conflict along the 38th Parallel and had made overtures to American delegates. Asked if the Russian denial of peace moves applied to one part of the reports or to all, the spokesman said the denial was meant to apply "fully."

## Racketeer Joe Adonis Gets Two-To-Three Years

HACKENSACK, N. J.—Big Shot Racketeer Joe Adonis was sentenced today to two to three years in the State Prison for violating New Jersey gambling laws. Adonis, whose real name is Joseph Adonis, was indicted for racketeering and gambling charges last Monday rather than face the punishment of a trial. Joe Adonis is the victim of the most vicious, rotten persecution in the history of the racket. He is a farm house near this northern Ontario town, eight miles south of Toronto. For their birthday the five each received a camera from Joseph Adonis. He said the girls have had thousands of pictures taken of them. He thought it was about time they started taking some with their own cameras," he added.

## Arrested In Berlin

BERLIN.—Two West Berlin police officers arrested 150 Communist agitators over the weekend and held them on charges of disturbing the peace.

## OUR WEATHER

Partly cloudy with possible rain showers this afternoon. Generally fair and mild tomorrow. Sunrise, 5:11 A. M.; Sunset, 7:39 P. M.

## Dionne Quints Celebrate Their 17th Birthday

CALLANDER, Ont.—The Dionne quintuplets were seven years old today. They celebrated with a party and a holiday from school. The Dionne women gave them a holiday, said their father, Oliva Dionne. "You're only seventeen once you know—and it's a very important birthday."

## A Hopeless Tangle Cabs Ignoring New Fare Law

CHARLOTTE, N. C.—The local taxicab situation, already in confusion, dissolved into chaos Saturday as a group of cab companies ignored the City Council's 25-cent fare ordinance. Police Chief Frank N. Littlejohn, said that municipal officials had before the first two days after the ordinance went into effect last Thursday, concluded they couldn't afford to enforce the law. If other cab fleets received higher fares, they would be carrying more than one passenger at a time, permitted under the emergency ordinance. Yellow Cab Co. received a temporary order Saturday, retaining the City from enforcing the ordinance as it relates to Yellow Cab. A hearing on that subject would give cab companies a 15-day period to file their objections. Baker Cab Co. a fleet of fifteen cabs operated by E. R. Baker, filed a \$2-cent rate for two hours last Thursday, went back to the meter system and has remained on the meter system, despite threats of strict enforcement. Some action to clear up the situation may be taken by the Council in its next session this afternoon at 5 o'clock.

## Special Session To Take Crisis Would Assure Transportation

The City Council was called to meet in a special session at 5 o'clock this afternoon to discuss ways of providing public transportation during the Duke Power bus drivers' strike. The meeting was called by Mayor Victor Shaw at the request of Councilman H. H. Baxter. Mr. Baxter said that the City Council should take some action now to assure transportation service for Charlotteans. The City Council should provide public transportation during the Duke Power bus drivers' strike. The meeting was called by Mayor Victor Shaw at the request of Councilman H. H. Baxter. Mr. Baxter said that the City Council should take some action now to assure transportation service for Charlotteans. The City Council should provide public transportation during the Duke Power bus drivers' strike.

## Statement In Bus Talks Continues Over Week-End

CHARLOTTE, N. C.—The strike of Duke Power Co. street bus drivers and garage mechanics continued without incident over the week-end and indications of any favorable early settlement were lacking this morning in Charlotte. Joe C. Wright Federal conciliator and chief of the four mediators assigned to this dispute, said that he hoped to confer tomorrow with F. L. Poette, Brotherhood of Motor Vehicle Drivers' local representative, and Joe C. Wright, chairman of the union. Wright added that this anticipated talk will be "informal" and that he has developed a statement the strike began that is concrete.

## Air Force Chief Thinks U.S. Relatively Safe Now

WASHINGTON.—Gen Hoyt Van den Berg expressed belief today the United States is "relatively safe from air attack" at a news conference. The Air Force chief of staff gave these views at Senate hearings on the dismissal of Gen. Douglas MacArthur. He told the Senators: "Because we are relatively safe from air attack today, an Air Force of a certain size can protect the United States and keep the balance of power in our favor." "Today we only have one job that we would have to do if we
