Mother And Quads, Mother And Twins Are Coming Along Just Dandy, Thanks

WEYMOUTH, Mass. (AP)—Mrs. Marion L. Manning, 77, is the mother of healthy quadruplets today.

Three boys and a girl were born to her at South Shore Hospital last night. She has three other youngsters.

The first child, the girl, was born at 8:22 p.m. on June 18 at 10:13, and the third and fourth 11 and 16 minutes later.

His wife went into active labor one hour and 18 minutes before the first birth.

The babies were baptized quickly after birth by the Rev. William J. Commace, a Catholic priest. The first baby, hospital officials said, gave a healthy scream as the water was poured on its head.

Hospital officials described baptism so soon as the "usual precautionary measure." It is often done in premature births.

The spare, white-haired Dr. Ryan said, "It is a great responsibility to deliver so many babies, but it is a privilege for a physician, too."

ROME (AP)—A woman and weary Ingrid Bergman shed tears of joy today as she got her first good look at her day-old twin daughters.

Isabel, seven pounds, three ounces, and her younger sister by half an hour—eight-pound, five-ounce Ingrid—could be lifted in their mothers' arms.

Sharing his wife's joy after a night-long vigil at her bedside in the overcrowded hospital room was Roberto Rossellini, for whose love the blonde Swedish film star abandoned her husband and Hollywood career. The couple have a son born last week.

warden union says there "hardly any" hardship cases among strikers.

Mullins Manufacturing Company at Warren, O., said it will pay production of motor and artillery shells on a three-day-a-week basis at its Liberty plant in Warren and a division of its Plant 3 at Salem, O.

For Motor Company is starting a four-day week for most of its manufacturing operations and assembly plant this week. This will delay plant shut-downs.

Seeger Refrigerator Company at Evansville, N.J., notified workers it will close indefinitely July 3 because of a steel shortage. The company did not say how many workers would be affected.

In Philadelphia, what is believed to be the first union shop agreement in the basic steel industry was reached between the Midvale Company, which employs about 3,300 workers, and Local 1367 of the AFL Federal Labor Union.

With the union shop, a major issue reportedly blocking a settlement in the basic steel industry was the USW, Midvale employees received a 12½-cent hourly pay boost plus other benefits to bring each worker a package wage increase of from 22 to 24 cents an hour.

"SUMMER COMPLAINT"

Do you suffer from "Summer complaint"? Our grandparent used that name for intestinal disorders that seemed to occur regularly every year with hot weather. Actually, hot weather can encourage stomach infections and diarrhea.

In Summer the blood leaves the internal organs to carry body heat to the surface, where it is radiated off. The blood cells that fight off infections are thus carried away from the interior—the defenses are weakened, and germs are more likely to gain a foothold. "Summer complaint" is actually the opposite of "Winter cold."

EVENING PRAYER

And now O Lord, may we look to Thee who said, "I am the resurrection and the life; and who can believe in me shall never die." Amen.

Red Assaults Hurdled Back

SEUL, Korea (AP)—United Nations forces hurled back sporadic Communist assaults on the Korean issue U.S. Delegate Ernest A. Mallin said today.

Mallin said the Communist charges of germ warfare were part of a campaign of lies and that there was no evidence this campaign had been abandoned. He continued his attack despite efforts of Mallin, as the Joint council president, to rule forward position southeast of Kum-son.

The second successive day Red guns were silent near the Allies' newly-won T'eh-nai base west of Cheoron on the Western Front. U. S. Shooting Stars did night air strikes on Reds still dug on the rocky ridge.

Service Vote Action Urged

WASHINGTON (AP)—President Truman prodded Congress today with a statement that "close to a million members of our armed forces are unable to vote in this year unless special legislation is passed before Congress adjourns."

The President wrote Vice-President Barkley and House Speaker Weyburn, urging that Congress "give early and favorable attention" to soldier vote legislation. He referred to bills introduced by Sen. George D-RI and Rep. McCormack (D-Ala.).

He said these bills were scheduled to come up before the House today.

But after hearing the mayor, they decided to allow the two mines and the big cleaning plant to resume operations.

Never Underestimate Woman's Power

MORGANTOWN, W.Va. (AP)—The ladies of nearby Granville, W.Va., (population 1,000) decided on a summer house-cleaning spree yesterday—and a result.

1. A big coal cleaning plant and two good-size coal mines were closed.

2. About 700 men were thrown out of work.

3. Mayor Ed Carney had to call a special meeting in Town Hall to calm the ladies down and persuade them to alter the "big clean-up" industry in this area to go back into operation.

Marines Gain New Beachhead In Washington

WASHINGTON (AP)—A compromise bill giving the Marine Corps a stronger voice in military policy was passed today by the House and sent to the Senate.

House passage was by unanimous vote. The measure was worked out by a group of Senators and House members from separate bills passed previously by the two chambers. It aims to strengthen the Marine Corps.

But the Joint Senate-House committee discarded House-approved provisions to make the Marine commandant a permanent member of the Joint Chiefs of Staff and to set a minimum strength of 12,500 enlisted men for the Marines.

Government At Stake

PARIS (AP)—The French cabinet today authorized Premier Antoine Pinay to state the life of the government on a government bill to outlaw price fixing by manufacturers. Debate on the bill opened in the national assembly tomorrow.

Rising Food, Rent Costs Shove Index Near Record

WASHINGTON (AP)—The government's latest cost-of-living barometer went up today under pressure of rising food and rent costs to a new high record last January.

The living-cost index, measuring prices of food, clothing, shelter and a host of other things, climbed during the month ending May 15 twenty-two tenths of one percent to 138 per cent from the 135.8 per cent of the month before.

Another 300,000 wage earners in textiles, aircraft and oil refining industries also got at least a one-cent boost.

Leading the overall living-cost rise was a boost of four tenths per cent in rent costs, the country's price of food at the grocery store moved up three tenths of one cent.

Muslims Talk Of Tax Cuts

WASHINGTON (AP)—President Truman said the steel strike is creating a serious situation, Gen. Eisenhower still is a friend of his and no President can cut taxes 15 per cent.

Truman raced through those subjects—and a few others—at his news conference. He said that he isn't running for office so he can give the facts about cutting taxes. Actually, he said, they ought to be increased in order to meet the deficit.

Sen. Robert A. Taft of Ohio, who, along with Gen. Dwight D. Eisenhower, is a leading contender for the Republican presidential nomination, said yesterday he would put in 15 per cent tax cut if he became President.

Tax Reduction Is Topic For GOP Candidates

By ASSOCIATED PRESS

The top Republican contender for Presidential nomination yesterday said he would not cut taxes. The Democratic front-runner, however, said isolationism would be eliminated before either gets to the White House.

Taxes were a topic in talks yesterday Ohio Gov. Robert Taft and Gen. Dwight Eisenhower, running one-two in the race for Republican Presidential nomination.

They, in turn, were a topic in a address by Sen. Estes Kefauver of Tennessee, who has more delegates won lined up than any of his rivals going into the Democratic presidential-nominating convention.

Bitter Fight Predicted On Germ Charges

WASHINGTON (AP)—A bitter fight over charges of germ warfare was predicted by the United States and several other countries to ratify the 1925 Geneva Protocol outlawing bacteriological weapons.

The United States, Great Britain, France, Canada, Australia, and the Netherlands all have signed the protocol. It bans the development, production, stockpiling, and use of germ weapons.

The Soviet Union, which has not signed the protocol, has denied the charges.
