Penciled Tax Records Found Not To Be Permanent Files

By ANN SAWYER Charlotte News Staff Writer. Pencil-kept tax records showing reductions in property valuations that were presented to the County Commissioners as permanent records have turned out to be worthless.

It is true that these particular worksheets do not show why, when, and by whom the reductions were made. But the tax office does have permanent records with this information. The News was informed today.

Approximately 1,800 rebate slips are filed in the tax supervisor's office showing adjustments made by the old 3-man property valuation board. A rebate showing a decrease of \$1,000 on a \$10,000 valuation, for example, would be recorded as \$9,000.

Angry Lover Events Fire On To Automobiles. MIAMI, Fla.—An angry lover crashed his car into nine automobiles, escaped from a hospital and caused a 10th century early today before harassed officers finally captured him.

Detective C. E. Bush identified the Miami man as Silas E. Parker, 30, and quoted him as explaining he had an argument with a girl friend and just felt like running into other cars. Parker smashed into three cars on Northwest Sixth Ave., hit three more on Northwest Eighth Ave., and another three on Northwest Seventh Ave.

Communists Heap Abuse On U. S. Envoy

Dean Proposes Fresh Approach. By SAM SUMMERLIN PANUNJION (U. S. Envoy Arthur Dean today proposed a fresh approach to the problem he is arranging a Korean peace conference, but the Communists retorted with their angriest blast in four days of preliminary negotiations.

When that job is completed, he said, he'll be willing to talk about who will bring the peace conference to a close and get on with the business of fixing a time and place for the political conference.

Despite the Communist tirade, he said the Communists showed a "good deal of interest" in his "good sense" in addressing the agenda, cut off debate on the neutral and discuss a time and place for the conference immediately.

Whenever the Communists are on a weak spot they hurt investive and abuse on the other side. Dean noted that while they heaped angry words on him they are outwardly polite and outwardly interested.

Umstead Wants Benson Replaced In Cabinet

WASHINGTON (AP)—The White House said today President Eisenhower favors the election of all the cabinet members to the Republican ticket—and that goes for Paul Trout, candidate for governor of New Jersey.

This came from Presidential Press Secretary James C. Hagerty, in elaboration on a discussion of the cabinet members to the Republican ticket—and that goes for Paul Trout, candidate for governor of New Jersey.

Umstead said he has received numerous inquiries from newsmen as to whether Eisenhower was taking a slap yesterday at Trout or other party candidates.

Umstead said he was aware that Trout had taken with President Eisenhower was taking a slap yesterday at Trout or other party candidates.

Senators Call For Measures Against Reds

WASHINGTON (AP)—A document of the Senate Foreign Relations Committee, announced he is calling for a report from the U. S. delegation to the United Nations on "what steps are being taken to see that these brutalities do not go unpunished."

Another member of the committee, Sen. Green (D-R.I.), said he thought "President Eisenhower very well might instruct the U. S. delegation to take this up with the U. N."

Manfield said, "The sickening evidence the Army has disclosed that American troops were burned alive by their Communist captors and subjected to fresh cruelties calls certainly for drastic punitive action. I think it calls for United Nations hearings, and I am writing to Ambassador Lodge at the U. N. today."

Guided Missiles Aid Air Defense

CAMP CARBON, Colo. (AP)—Gen. John T. Lewis said today that guided missiles developed in this country "will revolutionize the problem of air defense."

Security largely lacks credit for the Nike, designed to hunt down and destroy aerial marauders and first of this nation's guided missiles to pass beyond the development stage.

Lewis told a reporter however, that the Army has been training troops in its use for a year and said this much can be said: "It is a conventional aircraft gun in some areas being replaced by the Nike, which is a more powerful and proposed installation areas around San Francisco, Seattle, Los Angeles and Eastern industrial sections."
