

Some Dixie Senators For Ike Tax Plan

WASHINGTON—A Southern Democratic Senator said today several of his Dixie colleagues are planning to back the Eisenhower administration in its drive to block a further income tax cut this session.

They expect to lose more than one or two votes on the exemption issue. They obviously did not expect the support of Sen. Byrd (D-Va.). He already has come out vigorously against further tax cuts at a time when a multi-billion dollar deficit is in prospect both this year and next.

Dick Haymes Ordered To Leave U. S.

LOS ANGELES (AP)—Croomer Dick Haymes, accused of illegally reentering the United States after a visit with Rita Hayworth in Honolulu last year, today was ordered deported to his native Argentina.

Secretary of the Treasury Humphrey told a Senate appropriations subcommittee yesterday a \$400 exemption like would be "disastrous" to the government's financial position. It would mean an estimated revenue loss of about eight billion dollars yearly.

Dist. Director H. R. Landon of the U. S. Immigration and Naturalization Service announced: "This order is final and a deportation warrant will be issued forthwith."

Indications were that the floor fight over this exemption issue would not come for several weeks, when the Senate takes up an omnibus tax revision bill. The Senate Finance Committee plans several weeks of hearings on it.

"However, the order is appealable within 15 days to the Board of Immigration Appeals in Washington, D. C., in which event deportation will be stayed pending disposition of such appeal."

Landon's announcement, handed to newsmen and containing the result of hearings here and in New York, said:

"Special inquiry officer Joseph A. Dummel found that Haymes was an alien ineligible to citizenship because of having filed an application for exemption as a neutral alien and such exemption having been granted and that, upon his return to the continental United States from Hawaii on June 7, 1953 he was excludable by law at that time."

As passed by the House the bill would cut about 25 excise taxes by \$12 billion dollars a year.

"Accordingly, he was found deportable under Section 214 (Q) of the immigration and nationality act of 1952."

Meanwhile, a closed conference of all Republican senators was called today to consider an excise tax measure due for Senate debate late today or tomorrow.

"The special inquiry officer also found that Haymes had failed to furnish notification of his address during January 1953 and did not establish that the failure to do so was reasonably excusable or was not willful."

He is confident he is on the track of the general's cave, last command post of Lt. Gen. Tadamiichi Kurabayashi, who defended the island to the death. The general's fate has never been conclusively proved. With him may be documents detailing the full grim picture of the underground defense.

"He found that Haymes was therefore subject to deportation under Section 214 (Q) of the Immigration and Nationality Act of 1952."

Many bodies rest where men committed suicide. Some line passageways where they were placed in an effort to keep the Marines from determining the extent of Japanese casualties. Some wounds were apparently simply abandoned to die. Some are found in the banks carved in the side of the caves.

"The caves have been placed off limits by the military. However, many bodies have been uncovered accidentally by demolition squads exploding old ammunition and sealing off caves for maneuver by the 3rd Marine Division—part of the American force committed to the defense of Japan."

Many Japanese were buried in mass graves after the Marines seized the island. Bodies later were taken from some of the caves and See MANY on page 2-A

"The order bars promotion, decoration, commendation, reassignment, separation or ordering to active duty of any person who does not fill out the prescribed loyalty certificate, pending final action in the case."

McCarthy Under Pressure To Drop Out Of Inquiry

CHARLOTTE MAN WRESTLES DEER

WELDON—(AP)—Motel Manager J. J. Thompson has been hunting deer for 30 years. He killed his first, a 150-pound buck, Sunday night—in the lobby of his hotel near here.

It happened this way: The buck jumped through the glass upper part of the front door smack into a lobby full of startled guests. One guest, R. V. Herrin of Charlotte, tried to grapple with the intruder. But the deer broke away and headed for the door when Thompson, aroused from sleep by the noise, brought him down with two shots from a .22 rifle.

Thousands Of Jap Bodies In Caves

By GEORGE McARTHUR
LAW JIMA—(AP)—Unknown thousands of Japanese soldiers lie buried in honeycombed caves beneath Iwo Jima while American marines ironically practice on the level-or-dip battlefield to defend Japan.

Army Officers To Sign New Loyalty Oaths

By FRED S. HOFFMAN
WASHINGTON (AP)—The Army has tightened its lines against possible infiltration by subversives.

It has issued a new order requiring all commissioned and warrant officers to sign fresh loyalty certificates and setting up machinery designed to prevent delays in handling cases of officers who either refuse to sign these documents or plea protection of the Fifth Amendment in refusing to answer questions it asks.

The new directive, disclosed by the Army yesterday, was issued March 11 under the signature of Gen. Matthew B. Ridgway, Army chief of staff.

It states at one point that Secretary of the Army Stevens "does not consider it consistent" with national security to keep in military service anyone who refuses to say whether he has been a member of the Communist party or any subversive group.

There was no doubt that new order grew out of the case of Maj. Irving Peress, a New York dentist who was promoted and honorably discharged over the protest of Sen. McCarthy (R-Wis.), who said Peress was a "Fifth Amendment Communist" and should be court-martialed. Peress, who refused under oath to testify on alleged Communist connections, later said in a public statement that McCarthy's charges were "nonsense."

Total of the new order, McCarthy commented to newsmen that in general it "sounds like a fine idea," but he said he wants to study it before saying more.

ROYAL REYNOLDS . . . His books checked

Depositors Await Bank Book Audit

CLAYTON, Ala. (AP)—Worried depositors of the defunct Clio Merchants Exchange waited anxiously for a scheduled audit of the books today to find out how much money is left after President Reynolds' recent disappearance.

Reynolds himself sat in jail on embezzlement charges after a series of fast-breaking developments yesterday.

The banker had been free in Clayton since his return to Clio Thursday night from a 12-day absence. He had promised to settle all accounts in full by the first of this week.

He turned over \$5,000 to a three-man depositors committee yesterday, and it was put in a Clayton bank in the names of the three committee members pending final accounting.

The first official checkup of Reynolds' books to find out just how much money was on deposit in the Merchants Exchange was scheduled to begin today in Clayton, the county seat where the banker was brought to jail yesterday.

Expected to take part in the audit were County Solicitor Crews Johnson; Jack Wallace, an attorney representing Mrs. Reynolds' aunt, who was the largest depositor in the exchange; and an official of the First National Bank of Atlanta.

Of the nearly \$87,000 accounted for out of an unofficially estimated \$107,000 on deposit in the private, unchartered money exchange, \$81,800 was found in an Atlanta bank where Reynolds kept much of the company's nonoperating capital.

But the aunt, Mrs. Vela Mae Reynolds, has filed garnishment proceedings in Fulton County Civil Court in Atlanta against those funds.

The imprisoned banker said last night he surrendered voluntarily and went to jail, but declined to say why or to make any other statement.

Ike May Speak Out On Issue Tomorrow

Search Continues For Special Counsel

By G. MULTON KELLY
WASHINGTON (AP)—Republican bigwig put mounting pressure on Sen. McCarthy (R-Wis.) today to drop out altogether from the inquiry into his row with the Army.

There was a hint President Eisenhower himself may speak out on it tomorrow.

Asked Eisenhower's view, Presidential Press Secretary James C. Hagerty said:

"I think I know how the President feels and I suggest you ask him that at his press conference."

There had been an indication last night that the White House was joining in pressure from Senate Republican leaders for McCarthy to stand aside altogether from the inquiry.

GOP Chairman Leonard Hall said in Philadelphia that he agreed with Senate leaders. And asked whether he was reflecting the position of the Eisenhower administration, Hall said that would answer it to be "a very sound deduction."

The specific question put to Hagerty was whether the President agreed with Hall.

The Senate Investigations subcommittee was meeting today in Washington.

The Senate Investigations subcommittee voted unanimously today to allow television coverage of its public hearings exploring a row between its chairman, Sen. McCarthy (R-Wis.) and Army officials.

work out procedure for the inquiry, and attempt to find a special counsel.

William J. Jameson, president of the American Bar Assn. (ABA), yesterday rejected the hot-spot post on grounds the ABA Board of Directors believed it would not be appropriate for him to serve. He is a Republican from Billings, Mont.

Sen. Mundt (R-SD) told newsmen the selection of someone else would have priority at today's closed subcommittee session. Mundt will preside at the public hearings planned, McCarthy has said.

Hoover Warns Of A-Bombs

WASHINGTON (AP)—FBI Director J. Edgar Hoover has warned the nation's police to be on guard against possible attempts to smuggle atomic weapons into the United States.

Hoover, it was learned last night, sent a letter to all police officers early this year giving them an idea of what to look for.

The letter, reportedly sent out with President Eisenhower's approval, contained descriptions of two atomic devices coupled with advice against amateur attempts to dismantle any suspicious device.

The officers were urged to notify the nearest FBI office if they should discover such an object.

The U. S. Customs Service, which checks luggage of travelers at ports of entry, already is under orders to watch carefully for possible atomic weapons.

EVOLUTION A theory, which, if it works, will produce a pedestrian who can jump three ways at once.
