

Traditional Elegance expressed in AUTHENTIC ENGLISH IRONSTONE WARE

The pride of ownership is second only to the pleasure you will derive from the timeless beauty of this imported dinnerware. And you will be pleasantly surprised when you compare the modest prices listed here, with other fine imported lines.

William Adams & Sons Ltd. of England, founded over 300 years ago, is noted for its Ironstone china. Adams Ironstone, characterized by its strength, durability and whiteness, is safe in a dishwasher and will not craze.

The "Empress" pattern featured here was introduced early in the 19th century. Because of its excellence and simplicity of design, "Empress" is equally popular in modern as well as traditionally styled homes.
