

Gannet on Guard

It's not the boss peering over your shoulder, but a Gannet guarding its nest. The photograph suggesting "intensive con-

centration" is displayed at the 17th annual Chicago International Exhibition of Nature Photography.

Principal Nominated For Prince Ibrahim

A 29-year-old teacher at Clemmons School was nominated yesterday as principal of Prince Ibrahim School.

County School Superintendent T. Ray Gibbs will recommend to the County School Board that Chancel Brown be named to succeed Walter Joyce as principal at Prince Ibrahim.

CHANCEL BROWN
... now teacher ...

Gibbs announced Thursday that he has selected Joyce to become principal of Oak Summit School and that Fred Lewis, current Oak Summit principal, is his choice for principal of the new East Senior High School.

Brown was born in Allestree County, S.C., and lived in Columbia, S.C., until he was 13. He then moved to Winston-Salem and graduated from Reynolds High School in 1950.

He received a B.S. degree from Appalachian State Teachers College in 1954. The following year, he worked in the newspaper at the Winston-Salem Journal.

In 1955, he became a seventh-grade teacher at Clemmons. A year later, he was inducted into the Army. He was assistant to the chaplain at Walter Reed Hospital during his two years in the Army.

He returned to his job at Clemmons in September, 1959, and has been there since.

Brown received an M.A. degree

5-State Area Is Shaken By Tremor

ST. LOUIS, Mo. (UPI)—A mild earth tremor shook and swayed buildings for several seconds in communities of a five-state area along the Mississippi River early Friday.

The St. Louis University seismograph indicated the center of the earthquake was about 100 miles south of here in southeast Missouri in the area lying along the famous Madrid Fault—a source of many previous tremors in an area from St. Louis to Memphis, Tenn.

The U.S. Weather Bureau at Cairo, Ill., and police in several states had reports of the tremor from Cairo and Du Quoin, Ill., Mayfield and Paducah, Ky., St. Louis and Madrid, Mo. State police at Mayfield also had reports the tremor was felt at Poplar Bluff, Mo., Corinth, Miss., and several Arkansas points.

The Rev. William Stauder said the St. Louis University seismograph registered 4.2 on the Richter scale, with the waves first recorded about 1:44 a.m. EST and lasting about 12 minutes.

Despite the incident, most St. Louis residents slept through the phenomenon and were not aware of its occurrence.

Express Halted
The famous Orient Express has discontinued service to Budapest and Bucharest for lack of business.

Ministers' Homes Bombed

LOS ANGELES (AP)—"It could have been a nut or somebody with a real cause," a police inspector said Friday as investigators hunted for clues to the bombing of two ministers' homes Thursday night.

The clergymen were participating in a panel discussion of right-wing activities with actress Marsha Hunt when the bombs went off at their San Fernando Valley homes. Their families were home but no one was injured.

Police said they had no solid clues late Friday.

Both ministers, the Rev. John C. Simmons of St. Matthew's Lutheran Church in North Hollywood and the Rev. Brooks Walker of Emmerse Unitarian Church in Canoga Park, have spoken out against what they call ultraconservative political movements.

Chapter of U.N.

Miss Hunt is president of the San Fernando Valley chapter of the Association for the United Nations. Her home wasn't disturbed. Police threw a guard around it later.

The bombings drew strong expressions of revulsion from Atty. Gen. Robert F. Kennedy, Republican Sen. Thomas Kuchel of California, Democratic Sen. Hubert H. Humphrey of Minnesota, Gov. Edmund G. Brown of California, State Atty. Gen. Stanley Mosk and others.

Kennedy called for an FBI investigation to determine if any interstate laws have been violated. "The panel discussion — on the topic, 'The Extreme Right, Threat to Democracy' — was held at Temple Sinai in West Los Angeles under auspices of the Los Angeles business and professional chapter of the American Jewish Congress.

Received Note

The Rev. Mr. Walker was speaking when he received a note asking him to call home on an urgent matter.

He was pale and obviously disturbed when he returned to the hall.

"Excuse me," he said, "I have just been informed that my house has been bombed."

The Rev. Mr. Simmons immediately telephoned his home and discovered there had been a blast there also.

Police Inspector Ed Walker said the bomb casings were six-inch lengths of galvanized pipe. Inside was black, smokeless powder, which could have been taken from shotgun shells or purchased wherever powder is sold for reloads. The pipes were sealed at each end with galvanized caps. "They could have been made by an amateur or an expert," Walker said.

Fuses Compared

The inspector said the fuses were similar to those used in children's rocketry sets. He said they also resembled the fuse used in the Dec. 7 bombings of the United Nations Information Center on Washington Boulevard in Los Angeles.

But Walker said the fuses were not at all like the one used in the Jan. 28 bombing of the building that houses the local Communist party headquarters.

"I would refrain from pinning this on any group," Walker said. "It could be a nut or somebody with a real cause. This country has extremes on both sides and they have all kinds of problems."

A spokesman of the American Jewish Congress said the three panelists spoke firmly but temperately about right-wing activities Thursday night. The spokesman said all defended the right of extremists to state their beliefs.

Births

Mr. and Mrs. Ronald S. Hamilton of 712 Knollwood Street, a son, Jeffrey Scott, Jan. 25 at Baptist Hospital.

Mr. and Mrs. Walter C. Sapp Jr. of 2442 Waterbury Street, a son, Bruce Lawson, Jan. 30 at Baptist Hospital.

Mr. and Mrs. Darrell R. Surface of Winston-Salem, Rt. 2, a son, Darrell Randall, Jan. 27 at Baptist Hospital.

Mr. and Mrs. Ernest D. Stone-man of 329 Hemingway Street, a daughter, Brenda Anne, Jan. 29 at Baptist Hospital.

'Round Town

An installation ceremony for the Order of the Rainbow for Girls will be held at 8 p.m. today at the Masonic Temple on Miller Street. About 20 girls will be installed.

A square dance will be held at 7:30 p.m. today at the Sunset Community Center.

4 Arrested In Court Disturbance

ENGLEWOOD, N.J. (UPI)—Four persons were arrested Friday on charges of creating a disturbance during a court hearing for 11 sit-in demonstrators who protested alleged school segregation.

The demonstrators were arrested earlier Friday when they ignored police orders to leave city hall, where they had spent 1 1/2 hours. Ten of the 11 chose to remain in jail until their arraignment rather than post \$10 bail.

The new arrests came during the arraignment. Magistrate Henry J. Bendheim heard the room of all but interested parties, relatives of the defendants and reporters.

Pleaded Innocent

The 11 defendants, who were applauded when they entered the court, pleaded innocent to disorderly conduct charges and 1 1/2 hours in jail. Bendheim continued the hearing until Feb. 9 after denying a motion for dismissal of the complaints.

Those arrested had been part of a bi-racial group of more than 300 persons who staged brief demonstrations Thursday night after the local school board refused to permit the transfer of nine Negro children from two predominantly Negro elementary schools to the predominantly white Donald A. Quarles school.

About 40 of the original group protested the board's ruling by staging an all-night sit-in at City Hall which lasted until 8 a.m. Friday. At that time, Police Chief Joseph Pirey gave the demonstrators 10 minutes to leave the building or face arrest.

About 25 demonstrators heeded the order. The others refused and were booked and locked up.

This Burglar Picked Wrong Time for Job

FARMVILLE — Officers said Eddie Mack Diggins picked the wrong time to smash a jewelry store window and grab a handful of watches, earrings and rings. The theft occurred at 9 p.m. Thursday just as a crowd left a nearby movie house. The jewelry store was in clear view of the theater.

Installers Strike Authorized

WASHINGTON (UPI)—The executive board of the Communications Workers of America Friday authorized a 44-state strike of telephone installers but gave President Joseph A. Byrne the power to set the strike date.

The board directed the union's bargaining committee to return to negotiations to try to break a deadlock and reach a "mutually satisfactory settlement" with Western Electric. The contract talks have been going on for two months.

Involved are 16,000 telephone men who install major equipment such as federal exchanges. Some work on missile sites is involved. There have been unauthorized walkouts in five states since the contract expired Sunday night. The executives board instructed these men to get back on the job and stay there until a strike date has been set.

Next Meeting

A union spokesman said after Friday's emergency session that union negotiators are attempting to get in touch with company representatives in New York to set a time for the next bargaining meeting.

The spokesman said the difference between the two sides amount "to a little more than two cents per hour in wages and significant transfer provisions for the installers, almost all of whom are mobile."

Top pay for the workers in the Eastern zone is \$3.70 per hour. Pay is 10 or 12 cents per hour less in two other geographical zones.

The union is asking a pay raise equal to 9.5 cents per hour, the spokesman said. He said the latest company offer amounts to 7.4 cents per hour.

The spokesman said, "It is quite possible" that CWA President Byrne will enter the negotiations "to attempt to break the deadlock."

Dental Society Here to Gather

The Forsyth County Dental Society will hold its annual meeting Tuesday to coincide with National Children's Dental Health Week. The dinner meeting will begin at 6:30 p.m. at Forsyth Country Club.

Dentists and their wives will hear Dr. Jim Bowden, assistant professor of pedodontiology (children's dentistry) at the University of North Carolina Dental School.

Bowden will discuss dental care of handicapped children. About 75 persons are expected to attend the meeting.
