Train Derailed

EUGENE, Ore. (AP) — A Southern Pacific passenger train was derailed in heavy snow at the summit of the Cascade range early today. Rail officials said at least 27 persons were injured.

AEC Absolved

WASHINGTON (AP) — The Senate-Atomic Energy Committee today absolved the Atomic Energy Commission (AEC) of any intention to deceive Congress or the public with an erroneous press release about minimizing an underground atomic test.

Order Stayed

RICHMOND, Va. (AP) — Judge Simeon E. Sobeloff of the U. S. 4th Circuit Court of Appeals has granted a 20-day stay of a lower court order requiring four white Arlington county schools to admit seven negroes.

FCC Under Fire

WASHINGTON (AP) — House investigators plan to hear some members of the Federal Communications Commission on allegations of improper conduct after winding up a probe of alleged pressures in a Miami TV case.

Guard Doubled

CAIRO (AP) — The Saudi Arabian government has placed extra guards around the Egyptian Embassy in Jeddah after reports that the local population had threatened to attack it. Arabia's Radio Mecca said today.

County Man Dies

MOORESVILLE (AP) — A vehicle, out of control, overturned on U. S. 21 about four miles south of here yesterday, killing a 50-year-old Negro man. He was identified as Nathaniel Watts of Cornelius.

Mount Holly Drive Called Russian Style

MOUNT HOLLY (AP) — Because this little town's cleanup campaign "is being run like a dictatorship in the Russian style," a resident is suing for \$2,000 damages he claims was done to his property by town workers.

Henry D. Rhyne, in a suit filed in Gaston Superior Court, said city bulldozers knocked down valuable water oaks and "left behind a pile of rubble" on his property.

An ordinance was passed last November ordering property owners to clean up their land, including vacant lots, or have the city do it at their expense.

Mayor Bill Allison said the claim was ridiculous and that the city spent \$40 partly clearing Rhyne's lot, but did not finish because Rhyne barred work crews from the land.

When 34-year-old Willie E. Bradley was brought under control and asked why he was on the rampage, he replied, "that's personal."

Domestic troubles were listed by police as the reason for the tantrum.

He was charged with damage to property and assault with a deadly weapon, and then released under \$2,000 bond.

Trial Ends Happily

Actress-husband Marjorie Durant Waller and her attorney, Milton Zerin, leave court after a jury acquitted her of drunk driving in Los Angeles last night. The trial, which lasted 17 days, set a time record for its class. The jury deliberated for 14 hours.

Apartment Fire

Two Killed, Five Hurt In Scranton

SCRANTON, Pa. (AP) — A general alarm fire swept a four-story apartment house here today, killing two women and injuring five other persons, none seriously.

Police listed one man missing, but said he might not have been home. A doctor escaped without injury.

Police Capt. George Davis said several middle-aged and elderly persons living on the top three floors of the old brick building weren't at home.

The fire developed like an oil soaked bonfire, burning through the roof and for awhile threatening 2,000 gallons of gasoline stored in a next-door garage.

Roadblock Ends With Robbery

BELMONT (AP) — A Cramerton textile worker who stopped to investigate an unfamiliar roadblock last night was held up by two armed men, police said, and robbed of \$202.

E. F. Smith, about 60, told police the men tied and blindfolded him, drove him to a hosiery mill parking lot off Wilkinson Boulevard and warned him not to notify anyone for at least 30 minutes.

Employees of the mill found Smith after about 20 minutes.

TWIN COURSES

OKLAHOMA CITY (AP) — A branch YMCA announced enrollment was starting for two new night courses for adult women— "Ladies Aid" and "Fundamentals of Babysitting."

TROUBLED RALEIGH MAN FORCES WIFE INTO VENT

RALEIGH (AP) — Police said a snarling Raleigh man visited his estranged wife this morning, asked her 1951 automobile into a total wreck, tore up the furniture in her bedroom, threatened her and forced her to take refuge in a basement storm vent.

When 34-year-old Willie E. Bradley was brought under control and asked why he was on the rampage, he replied, "that's personal."

Is Red Submarine Quarry Of Sea Wolf Off U.S. Shores?

By ELTON C. FAY
AP Military Affairs Reporter

ABOARD NUCLEAR SUBMARINE SEAWOLF (AP) — Somewhere in the sea around this atom-powered submarine may be a Soviet sub, lurking in deep waters off the Atlantic Coast.

The Seawolf has been given the job of trying to find Russian submarines, if it is there.

It's the first time the Navy has ordered an atomic undersea craft to conduct what is very much like a war patrol.

When the Seawolf started out from port, it was headed for a routine training cruise. But an order, radioed to the sub a few hours after it sailed, converted its mission into a hunt for an unidentified submarine—or submarines—believed sighted in this area.

There would be no great surprise if this search eventually should identify the reported unidentified submarine as Russian. The submarines of all major powers roam far. If they stay outside the territorial waters of a nation and commit no hostile act it would be difficult to take any action against them.

MANY REPORTS

Since about 1950 there have been repeated reports of sightings of unidentified submarines off the East and West coasts of the United States.

In recent days, there was a fresh flurry of such reported sightings. At Washington, the Navy said, without elaboration, that naval vessels had been sent out to check on the reports.

The Seawolf isn't working alone. She is serving as command ship of the search force, directing ships and aircraft. Cmdr. Richard B. Lanning, skipper of the Seawolf and a man who knows undersea warfare from Pacific campaigns of World War II, sits at the nerve center of the search.

An atomic submarine has built-in, natural features needed in anti-submarine work. It has high speed underwater; it can dive far deeper than most conventional submarines; it can stay down for weeks; it is elaborately rigged with new detection gear; it is armed with target-seeking torpedoes.

For reasons of security, details on how the Seawolf's hunt has progressed to this point, or of the precise methods used, may not be disclosed.

For days, the search has been long and painstaking. There have been no sightings.

Mr. Rose G. Evans and Mr. and Mrs. Joseph Rose also climbed out on the roof to safety.

Several hundred firemen from 20 companies in Scranton and nearby communities brought the blaze under control in about two hours. Then they waited for the charred ruins to cool to begin the search for Angelo Moriati, 38, the missing man.

A STATEMENT

In announcing, Solicitor Stott said:

"I feel that the Superior Court because of its role as the highest trial court in our state is a very important and our government. I believe the solicitor's office to be one of the most vital parts of the efficient and proper administration of justice by that court."

"In the 14th Judicial District, we have the heaviest criminal dockets of any district in the state. With the co-operation of the law enforcement agencies in

McIntyre May Also Try For Raleigh Job

By JULIAN SCHIEF
News Staff Writer

Rep. Jack D. Love, two-time member of the state House of Representatives, announced today he will run for the state Senate.

He seeks the 20th Senatorial District, Mecklenburg County, position now held by Sen. J. Spencer Bell.

A battle for the Democratic nomination looms, as both candidates plan extensive campaigns prior to the May Democratic primary.

There is also the strong possibility that a third candidate, former state Sen. Fred McIntyre, will also run for the Senate position. Sen. Bell was named by the Mecklenburg County Democratic Executive Committee a year ago to a Senate vacancy created on the death of Sen. F. J. Blythe.

Mr. Love was elected to the 1953 General Assembly in his first political campaign and won re-election in 1957.

The new Senatorial candidate underscored his record of Mecklenburg and statewide legislation in a statement to The News.

A STATEMENT

He said: "After prayerful consideration I have decided to enter the Democratic primary for the nomination of State Senator from Mecklenburg County in the next General Assembly."

"I am strengthened in this resolve by a carefully-considered belief that I have received such endorsement from the people of Mecklenburg County and North Carolina. Among many of these are included the increase in the teachers' pay, which two of my colleagues and I introduced at the opening of the session which helped force the state administration to accept a 15 per cent increase above its original proposal; the pay increase for our state employees, which my two colleagues and I introduced with a similar beneficial result; the provision for the subsistence allowance for the State Highway Patrol, which has made it possible to keep the better qualified men in service; and my bill to establish permanent in the city of Charlotte the Charlotte College and the Carver College and then to provide state support for these institutions in our city."

NEGATIVE VOTE

In the annexation proposals which I opposed, I have my position on the matter of timing and the complete provision of all facilities to the people in the perimeters to which they would be entitled; I am grateful for the fact that I at least won the compromise of the annual year's extension which now appears to have been a singular service to the people of Charlotte and of Mecklenburg County."

"The success of the legislation in the field of earnings, wages, and education may be a proper guide for what will undoubtedly be our greatest needs in the General Assembly of 1959."

FOR WEEKEND, MILD DAYS, COLD NIGHTS

The struggle between winter and spring is expected to continue through this weekend.

The Weather Bureau sees a second straight night of freezing temperatures, calling for a low of 20 degrees to match this morning's cold 29.

But a warming trend, brought on by the dominance of a low pressure ridge over the central and eastern sections of the country, will bring relief from the cold.

Yesterday's high of 52 degrees seen creeping to 55 today and 58 tomorrow. By Tuesday the sun is expected to have warmed temperatures into the mid 60s.

Rain is seen as a possibility by late Tuesday or Wednesday, with skies clear until then.

Hearing Expected On Rail Traffic

RALEIGH (AP) — The Utilities Commission is expected to announce a hearing date soon on Southern Railroad's petition for authority to discontinue passenger trains 111 and 112 between Greensboro and Goldsboro.

The railroad, in an application filed yesterday, also said it wants to abandon sleeping car service between Raleigh and Asheville. It cited a "heavy financial loss" in the operations.

REP. LOVE

"I shall conduct this campaign on the highest level in accordance with the Christian principles upon which our great Mecklenburg has been founded. I shall call attention to the issues and spell them out in clear and plain language. I will tell the voters what I will do, and how I will do it. If they grant me this privilege again of serving our country."

THE KEY

The welfare of Mecklenburg County depends to a large extent on the goodwill and the understanding of the legislators of the 99 other counties of our state, as indeed their welfare in turn depends upon the people of Mecklenburg in equal measure. And I speak with humility and deep gratitude when I say that I have earned the wholehearted support and fellowship of most of the members of our General Assembly from every corner of the state of North Carolina. In Charleston, S. C., I have earned, and support I have earned because of the opportunity the people of Mecklenburg have given me to serve them, and I shall devote every ounce of my energy and time to repaying the obligation of public service to all the citizens of Mecklenburg County."

Born in Concord on June 29, 1919, Mr. Love attended Charlotte Central High School and The Citadel in Charleston, S. C.

He is vice president of the City Trailways, a Navy veteran and has been active in Chamber of Commerce and church affairs. He is married to the former Emily Pulley of Lumberton and they have three children. The Loves live on Albemarle Rd.

Reds Propose UN Agency For Space

MOSCOW (AP) — Russia sharply rejected western proposals for a discussion of the status of eastern European nations. He warned Russia would block any attempt to tamper with eastern Europe.

The Kremlin statement accused the United States of seeking control of outer space and trying to ban intercontinental ballistic missiles (ICBM) while refusing to discuss the abolition of foreign bases.

The ICBM threatens the United States, the Kremlin said, while U. S. nuclear weapons and foreign bases threaten the Soviet Union.

Under these conditions, it said, the only solution would be simultaneous prohibition of both. The Soviet proposal included "adequate international control" of the provisions of the agreement.
