Student demonstrations over political is used knv. at most, transforty effects.

Another point could be found in the streets shouting for some forgotten cause in page. The should be street shouting for some forgotten cause in a foreign land? Unfortunately, Comrade Mikhail Men-shikov has made no confessions about his past as a Bussian diplomat, and so his appearance is continuing to deceive a considerable number of Americans. Moscow's newest ambassador to the U.S. came to Washington flashing a smile that might have been made in Holly-wood and shaking every hand in sight. He has done quite well in erasing the dark image of Soviet diplomacy left in

WHY is Brooklyn, so much richer and bigger. so much more literate and educated ... so much less productive culturally than was Florence? ...
