## Court Upholds Death Sentence

MONTGOMERY, Ala. (AP)—The Alabama Supreme Court today refused to reconsider an earlier decision which upheld the death sentence of Jimmie Wilson. The Negro handyman's execution was set for Friday, Oct. 24.

Wilson's death sentence for the \$195 robbery of an elderly white widow was upheld by the Supreme Court, last June 12, but the condemned man asked for a rehearing. That request was denied by the court today.

The effect of the denial was to uphold the death penalty for a second time and to order the 55-year-old illiterate ex-convict put to death in Kibby Prison's electric chair.

Wilson, whose fate has attracted worldwide attention, was sentenced to death on a charge of robbing 82-year-old Mrs. Estelle Barker at her home at Marietta, Ala., July 27, 1957.

Mrs. Barker told the trial jury the Negro, along with taking the money, choked her, tried to rape her and threatened her life.

The condemned Negro was to have been put to death last Friday, but the execution was postponed indefinitely when the Supreme Court failed to act on the rehearing before then. A new execution date was set down in the decree today.

Melvin Leaves Home In Company Of Officer

## DA Still Not Sure

## Child Tells Story Of Killing Parents

NEW YORK (AP)—Melvin Nimer Jr., a blond 8-year-old with a crew-cut, says he plotted the murder of his parents—and carried it out with a kitchen knife while they slept.

His calmly told story fits the facts of the bloody Staten Island stabbing originally attributed to a white-skinned intruder. But the district attorney emphasized that there is still much to be explained about the Sept. 2 murders and that Melvin has not been arrested.

A psychiatric report on the child indicated he has a persecution complex and a personality compatible with the commission of violence.

The boy's uncle, Dr. Harold Nimer, said he does not believe the confession to the murders of Dr. Melvin Nimer and his pretty brunette wife Lore Jean, both 31.

The boy's confession was obtained by Dist. Atty. John M. Braisted of Richmond County last Saturday, but was not disclosed until late last night.

In the meantime, the calm, dyed youngster flew to Utah and alleged his parents' funeral—apparently never indicating that he had confessed.

Braisted said Melvin—taken to the house of death last night—indicated to us the manner in which his parents were murdered.

## Ex-Clerk's Writing Found On Nol Prossed Warrants

By JOHN KILGO  
News Staff Writer

A second audit report on scanned city Recorder's Court says former clerk Allen M. White's handwriting appears on 85 of 94 nol prossed warrants in question.

The audit, made public yesterday afternoon, includes 20,725 warrants issued during the fiscal year 1957-1958.

Fifty-three of the 94 nol prosses, according to the report, appear in the court's docket book. But there is no entry in the docket book in 41 cases. (Nol pross means charges were dropped.)

The audit released yesterday is a further investigation of cases handled in the city court. The first audit was released in early June, 1958.

109 MORE CASES  
Today's audit shows 109 more cases that were apparently handled irregularly.

Also disclosed in the new report was \$10,000 worth of forfeit bonds not paid bonds. An earlier figure showed \$18,130 in unpaid bonds.

This amounted to \$28,167 in un-

## Red Guns Drive Ships From Island

QUEMOY (AP)—Chinese Reds loosed an intense saturation shelling today and forced a Chinese Nationalist convoy to withdraw from Quemoy's beach after unloading only a few supplies for this outpost garrison off the mainland.

The district attorney told reporters the facts so far as detectives have been able to learn them, and that a medical examiner's preliminary report of the nature of the wounds was compatible with his father first, then his mother.

That his father somehow staggered to his feet and chased him downstairs, then collapsed there—where police found him.

That he washed off the knife and replaced it in the kitchen.

That he plotted the murders days in advance—apparently agreed to the murders with his father first, then his mother.

## May Shell Plant Site To Be Sold At Auction

October 22  
Sale Date  
Selected

By EMERY WISTER  
News Staff Writer

The 2,300-acre former naval ammunition depot and shell loading plant near here will be sold at auction Wednesday, Oct. 22, Rep. Charles R. Jones announced today.

The J. L. Todd Auction Co. of Rome, Ga., will be selling agent in the auction to begin at 10 a.m. at the depot facing York Rd.

Mr. Jones said the huge tract, a prime industrial site, will be offered in one package and then in four separate parcels.

Thus if a firm or syndicate wished to buy all the land and keep it as one unit it could do so.

C OF C VICTORY  
The General Services Administration's decision to offer the tract as a whole is a victory for the Chamber of Commerce which wished to keep it intact as a lure for industry.

The Southern Railway, whose tracks serve the property, has expressed interest in acquiring the land.

But this morning Cliff Tool, assistant vice president of the Southern, said he did not know if the Southern will bid on the land.

"We are very interested," he said. "I can't say if we will or won't. We haven't seen a brochure on the tract. But we do hope the land is preserved as a large tract and dedicated to industrial development."

The Frank G. Binswanger Co. of Philadelphia, one of the nation's large industrial realtors also is reported to be interested in acquiring the land.

LOCAL SYNDICATE  
There have been reports a local syndicate might be formed to purchase the land and convert it into an industrial park with sites for industrial plants.

The property, site of a large naval shell loading plant in World War II, is fully improved with necessary utilities for industrial operations.

Although no estimate of the sale price has been announced, it is expected to be several million dollars.

The auction may last all day. It is understood that three auctioneers will conduct the sale with a Hammond organ and perhaps a brass band to play music.

Little Rock Case  
Lawyer Says Delay Allowed By Court

WASHINGTON (AP)—An attorney for the Little Rock, Ark., School Board argued today the Supreme Court's 1955 command for desegregation "with all deliberate speed" gave flexibility for suspension of integration in the city's Central High School.

Attorney Richard C. Butler described the phrase as a carefully considered philosophy of deliberation.

He contended it allowed enough flexibility to warrant the high court in upholding Federal District Judge Harry J. Lemley who authorized a six-month suspension of integration in the high school following a year of disorder and violence.

Butler opened arguments before the high court's second extraordinary session in two weeks on the momentous issue of removing racial barriers in the public schools.

TRANSITION PERIOD  
He pleaded to the court that time is needed "to provide a transition from one era to another and from one set of standards to another."

Butler was to be followed by Thurgood Marshall, counsel of the National Association for the Advancement of Colored People, and Solicitor Gen. J. Lee Rankin, both to urge the court to order the immediate readmission of seven Negroes to Central High School.

The precise issue before the Supreme Court today is whether the state could seek a stay.

Gov. J. Lindsay Almond Jr. told his press conference Tuesday that if Sobeloff did not grant the stay, the Warren County school would be closed. He has said repeatedly that a final, unappealable order admitting Negroes to white schools would trigger the school-closing law, which automatically shuts any integrated school.

Evening Prayer  
O Lord, teach us to hide Thy Word in our hearts so that we may not sin against Thee. Grant that we read it daily for our guidance in this dark and changing world. In the name of Christ . . . Amen.

## The Brighter Side

## Bargains Can Be Anything But—

(From AP Reports)

The trouble with bargains is that sometimes they aren't bargains.

Take the case of James Williams of Detroit. He told police he bought a burglar alarm for 25 cents. The man from whom it was stolen valued it at \$69.50.

"I knew it was stolen," Williams said, "but it was such a bargain I just couldn't pass it up."
