Great Falls Gets Bus Parking Lots

Special to The News

CHESTER, S. C. — Chester County road machinery has begun work on a school bus parking lot and driveways on the Great Falls High School and elementary school grounds. The area to be used for parking is the site of the old high school, demolished several years ago.

The purpose of the construction is to eliminate street school bus parking and to give the children a safer and drier loading zone. The area and driveways will be asphalt-surfaced.

County manager J. B. McDowell said the project should be completed before school starts.

Natalie Was Nervous, And So Was Her Dog

Charlotte News Movie Editor

By EMERY WISTER

Natalie Wood walked quickly from her dressing room to the "Cash McCall" set.

She took a quick look, saw camera crews were not ready to shoot, so quickly walked back to her tiny cubicle.

Well, sir, that took her all of two minutes and I do believe she smoked two cigarettes on those two short hops.

She puffed out great clouds of smoke as though trying to blow out the tension stored up inside her. This was a real nervous kid.

A zipper was showing on her skirt. She was literally bulging at the seams and I thought she was going to lose her skirt.

NEW FAD?

Was it a new fad, letting the skirt blouse open like this? Sure I asked her. Why not.

"Oh, no," she smiled, blinking those pretty dark eyes. "It is just for comfort."

She didn't look too comfortable. She had a page of dialogue to say with James Garner and to save her soul she couldn't get her mind on it for thinking about her new house. Husband Bob Wagner was home unpacking boxes.

Her French poodle, a pooch named Chi Chi, also distracted her. Natalie says he's camera shy and won't walk on stage when scenes are being filmed.

SOME DOG

Some dog. He gets a beauty treatment every two weeks. "I take him to a dog beauty shop for a hair cut and trim," says Natalie.

Well, no use in talking about dogs and pictures to Natalie because sometimes they're one and the same thing. So ask her a real tough one. Which is more important marriage or career?

It isn't tough for Natalie. She knows the ropes, this girl.

"They're two different things," she fenced. "Marriage is life. Career is work."

I guess that will teach me to keep my blooming mouth shut.

Not quite. Have she and husband Bob ever made a picture together?

"No," she said. "We don't think it's a good idea. But we would if we found the right script."

They could you know. They could make it themselves. They have their own movie making company: Ro-Na productions.

"That means Robert and Natalie," she said.

That's the way they name things in Hollywood.
