

E. M. Cole, Pres.

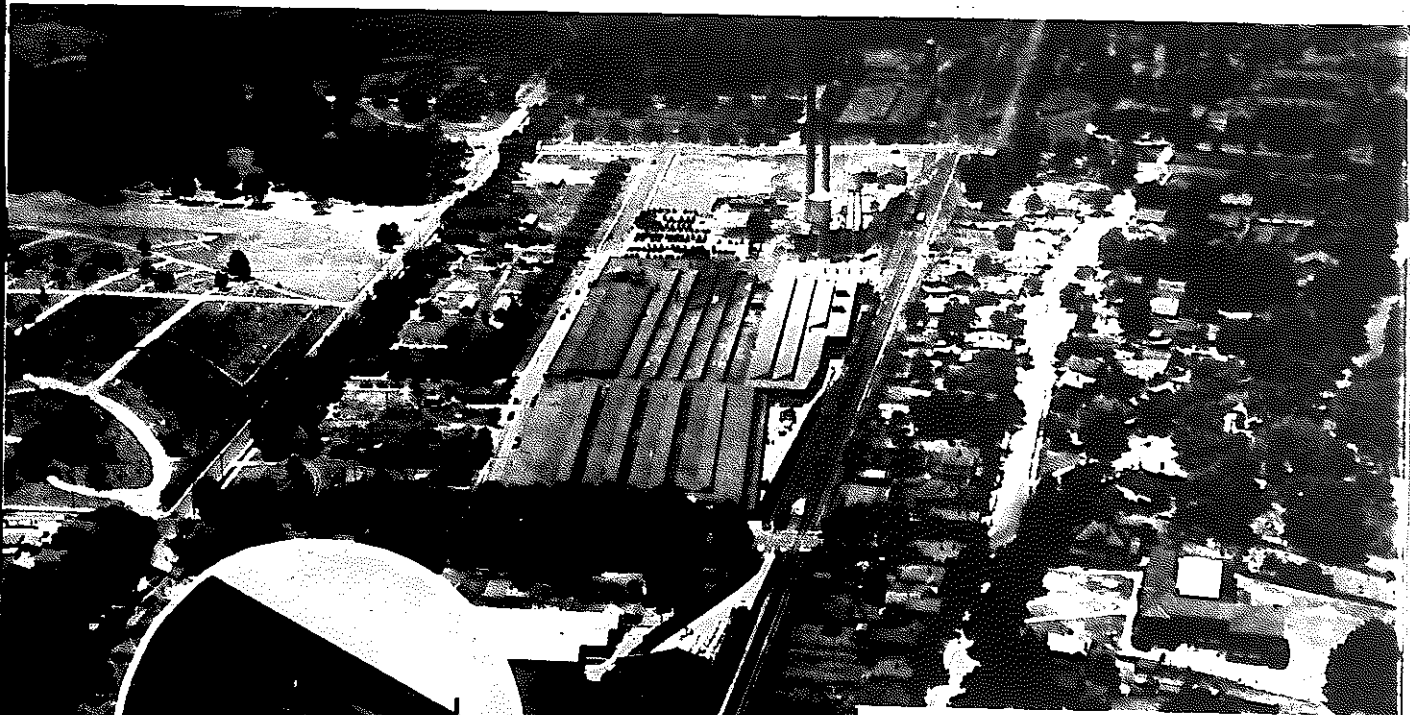

The Largest Plant in the World Devoted Exclusively to Manufacturing Seed Planters and Fertilizer Distributors

Through the inventive genius of its President, Mr. E. M. Cole, and a corps of skilled workmen, this great plant is furnishing the farmers of this country the most complete line of one row Seed Planters and Fertilizer Distributors that can be found anywhere in the world.

E. A. Cole, Sec.-Treas.

THE COLE MANUFACTURING COMPANY
Charlotte, North Carolina

The Rock Hill Printing & Finishing Company, shown here, started operations in 1929 with 400 employees. Today the plant gives employment to 1,800 workers. Maximum production jumped from 4,000,000 yards in 1929 to 20,000,000 in 1938. A total of 19 printing machines are used. Floor space today is 371,390 sq. ft. The weekly payroll is approximately \$34,000.00 per week.

This company processes goods direct from cotton mills in the Piedmont area principally. The processes are bleaching, dyeing, printing, finishing, packing and shipping. Distribution is national in its scope, covering every state in the Union, in addition to an extensive export business. The plant is owned by M. Lowenstein & Sons Company of New York.
