

FRENCH WARMS UP REBEL PLANES

Week-End Adjournment Of Congress Talked

RIOTERS EGG SOCIALIST THOMAS

A scheduled anti-fascist speech in Newark, N. J., by Norman Thomas, Socialist leader and three times the party's candidate for President, was interrupted when Thomas was subjected to a barrage of eggs, tomatoes and other missiles. In the photo above an egg is seen striking the forehead of the Socialist leader, just before the mob smashed the speaker's platform on which he is standing. Police had to intervene to save him.

Incumbents Are Renominated In Record Democratic Vote

Reynolds Swamps Hancock; Winborne Beats Grady; Bulwinkle Noses Out Jones

RALEIGH, June 6.—Senator Robert R. Reynolds' majority over Representative Frank W. Hancock Jr., passed the 100,000 mark today as scattered returns were received from Saturday's primary for the U. S. Senate nomination.

With 122 of 182 precincts reported, Reynolds had 297,170 votes, Hancock 194,787.

The total vote already reported was therefore 491,957, a new record, topping the previous high of 471,000 for a Senate primary which was established in 1936.

Hancock, Congressman from the fifth district since 1933, sent Reynolds a congratulatory telegram thanking him for his "active support and sincere cooperation in your every effort to advance the social and economic welfare of our people."

The Democratic nomination is equivalent to election in North Carolina.

BOTH NEW DEALERS
Both Reynolds and Hancock ran as supporters of the New Deal. Hancock criticized the incumbent for traveling a great deal in foreign countries and termed him a "playboy."

Reynolds ignored his opponent as far as any public mention of him was concerned.

Representative A. L. Bulwinkle of the tenth district, John R. Kirt of the second, Graham A. Warden of the third, and Zebulon Boyd of the eleventh, the only Congressmen to have opposition, all were renominated, on the face of fairly complete returns.

The hottest fight developed in three districts in which the incumbents did not seek re-election.

FOLGER LEADS
In the fifth, National Committeeman A. L. Folger of Mt. Airy had a comfortable majority over other aspirants.

LEWIS E. TRAUKE of High Point and Oscar G. Barker of Durham led a race of eight candidates in the sixth. C. B. Deane of Rockingham and William O. Burgh of Lexington led three other candidates in the eighth.

Run-off primaries July 2 will be held in the ninth and eleventh districts.

Utilities Commissioner Stanley W. Hoots has been elected to the Kenley veteran state legislature, for re-nomination. Returns from 1,562 precincts gave Winborne 21,640 votes, Grady 16,325.

CLONE SLAYED
Among the Congressmen who sought renomination Representative Bulwinkle in the Tenth District. He was defeated by a vote of 231 out of 281 precincts gave Bulwinkle 34,747 votes, while Hamilton C. Jones, Charlotte lawyer, 31,809.

It was Jones' third unsuccessful bid for the seat.

The other Congressional races: Second District—106 of 119 precincts gave Gray 14,142, Trotter 14,142.

Third—131 of 154 precincts, Barker 21,640; Charles L. Abernethy Jr., son of the former Congressman, 12,553.

Orders Inquiry Into Assault Upon Thomas

Detectives Will Look Into Matter Of Breaking Up Meeting

NEWARK, N. J., June 6.—The Essex County Prosecutor William A. Wachtel today ordered an investigation by three members of his detective staff of the routing of Socialist leader Norman Thomas from Mid-City Military Park Saturday.

He said his inquiry would be independent of that ordered by Newark's public safety director.

Thomas was lashed with eggs and tomatoes and a wooden plank was smashed from under him as a contingent of about 100 men, led by a band, disrupted the Socialist rally.

The precincts of Newark City Commissioners were varied in their Public Safety Director Michael P. Dunn ordered a thorough investigation to ascertain whether there was any law in the act of police. A fellow Commissioner, Joseph Byrne Jr., announced he would not again serve as a permit for an outdoor meeting at which Thomas would appear.

Mayor Meyer C. Elezinski replied to Thomas' demand for "guaranteed protection" for an outdoor meeting that as "public safety chairman" of the commission, "I have nothing to do with the issuance of permits and I have no control over them."

IRVING CHARGE
Demanding an apology for his treatment Saturday night by a band and the shouts of about 100 men, Thomas was carried away carrying American flags and shouting "We are not afraid of you."

Jersey City police put Thomas on a New York ferry boat when he refused to speak there several weeks ago.

"I'm no more in cahoots with you," he said.

Depends On Wage-Hour Bill Action

Threat Comes From Senate Addition For Farm Benefits In Re-Eligibility Hearings

WASHINGTON, June 6.—The House Democratic leader, Speaker Charles McNary, today threatened that if the Senate adds a farm benefits bill to the wage-hour measure, the House will not act on the wage-hour bill.

Representative McNary of Texas, the House Democratic leader, today threatened that if the Senate adds a farm benefits bill to the wage-hour measure, the House will not act on the wage-hour bill.

He added that the last major bill of the session, a \$300,000,000 emergency measure, would be reported to the House tomorrow and probably would be passed Wednesday.

Others at the regular weekly conference were Vice President Charles McNary, Speaker Charles McNary, Senator Barkley of Kentucky, the Senate majority leader, went home Saturday for a week-end visit.

When a new threat arose when a \$212,000,000 Senate addition for farm benefits passed through the Senate today, McNary threatened to delay action on the administration's pending bill.

Representative Woodrum, Democrat, Virginia, one of a group of House members appointed to meet with Senate members to discuss the final form of the bill, told the House that in his opinion "full hearings" would be required if the farm item was to receive serious consideration.

Senator Barkley told his press secretary, however, that he believed the House would accept the legislation and hoped the conference would be held by June 10.

Woodrum said the fund was written by the Senate Appropriations Committee and was not subject to any hearings on the subject, without any budget estimate.

Thomas said he was disappointed in the statement of the President when the agricultural bill was under consideration that the farm item would be authorized, taxes might be levied to meet them.

RAILBIRD

About as decorative a railroad as you'll find—despite the dark glazes—is Virginia House, built in 1912, which is now a museum. It is the only one of its kind in the country.

At the same time, Dr. H. R. McCrory, president, announced that for the first time in the history of the school it was now an independent unit, having been removed from the University classification of the Missionary Church of the Presbyterian Church. The work of Dr. McCrory in obtaining an endowment fund has achieved this autonomy, funds said, expressing at the same time their gratitude to James B. Duke for contributions which largely made this possible.

350,000 FOR STRUCTURE
One million dollars of the money to be sought in the campaign will be for endowment and capital outlay, and a half million dollars for new building. The first of these will be a new dormitory for women, a project the school has been concerned with for several years.

The trustees elected a new member, Dr. H. R. McCrory, a Negro clergyman, of Clarksburg, S. C., and named the Rev. W. B. Mayfield, pastor of the First Church of Greek and Hebrew in the theological seminary.

The endowment campaign will begin in the early fall, with Dr. McCrory in charge. He will travel extensively in the interest of his school.

The baccalaureate sermon was preached in the University church, Sunday morning, by the Rev. Marshall A. Talley, an alumnus of the school, and a member of the faculty in the state of Indiana.

Commencement exercises will begin Wednesday morning at 10:30. They will be held in the C. E. MacIntyre, pastor of the First Presbyterian Church, Philadelphia.

State Alumni Re-Elect Sexton
RALEIGH, June 6.—The W. V. Sexton of Raleigh, was re-elected president of the C. State Association today, as dual graduates joined students again in a college's commencement program.

Smith U. Seeks Funds For Building

\$1,500,000 Campaign Launched As Board Plans Construction And Endowment

The board of trustees of Johns Hopkins University today approved a million and a half dollar campaign for an endowment fund and new buildings.

At the same time, Dr. H. R. McCrory, president, announced that for the first time in the history of the school it was now an independent unit, having been removed from the University classification of the Missionary Church of the Presbyterian Church. The work of Dr. McCrory in obtaining an endowment fund has achieved this autonomy, funds said, expressing at the same time their gratitude to James B. Invasion Is Again Made By Spanish Airplanes

Craft Return Across Front—Following French Action, Met By Government Fire

PERIGNAN, France, June 6.—French territory was invaded again today by bombing planes from Spain, but prompt warning shot from French anti-aircraft batteries sent them back across the frontier after a ten-minute fight over France.

French officials referred to nine unmarked gray planes making today's incursion only as "unknown nationality," but Spanish Government forces on other side of the border seem sure they were insurgent craft.

Spanish Government anti-aircraft batteries in the Pyrenees region shot at the planes as they crossed back into Spain. Spanish anti-aircraft batteries in the Pyrenees region shot at the planes as they crossed back into Spain.
