15 YEARS AGO  
FROM FREDERICKSBURG

Richmond, Nov. 21:—The Fredericksburg Herald says that Wednesday the Potomac was crowded with transports and many believed they were to convey Burnside's troops to some other point, leaving enough behind to keep up appearances. Others entertained different views and insisted that Fredericksburg will be made the base of operations. The people are confident and will make any sacrifice rather than surrender.

Richmond, Nov. 22:—City papers say that Burnside's communication to Gen. Lee was to surrender the town of Fredericksburg by 9 o'clock this morning or it will be shelled. Lee refused to surrender.

**100 YEARS AGO**

**CIVIL WAR IN CANADA**

The political revolution in Canada is in motion. The following extra from the *London Standard* shows not only that a battle has been fought and lives lost, but that it was possibly followed by another and more severe engagement. We have had little doubt that such would be the case, but it has been precipitated; and we may look with great interest not only for events in that quarter, but for sanguinary results.

By the steamboat *Franklin* which arrived at St. John's office this morning in Althar we learn that an engagement had taken place between 300 of the British regulars and the Canadians at St. Denens in which the latter were killed and captured. The English lost 18 killed and 120 wounded. The British had two brass pieces and Capt. Malcolm is reported mortally wounded. The Patriots' loss was not known.

**LATER**

The *Baltimore Chronicle Express* slip arrived this morning, gives accounts, which are, however, discredited, of a battle between the two armies at St. Charles in which the British forces of 1,200 men were completely and utterly cut to pieces. The Patriots' loss

is stated at 200 men.

Congress, according to Washington advices, does not appear to be equipped with a self-starter. It has plenty of cranks, though.
