War Fever Is Rising

By Paul Mallon

WASHINGTON
A WAR fever is rising and running loose through the political and economic discussion.

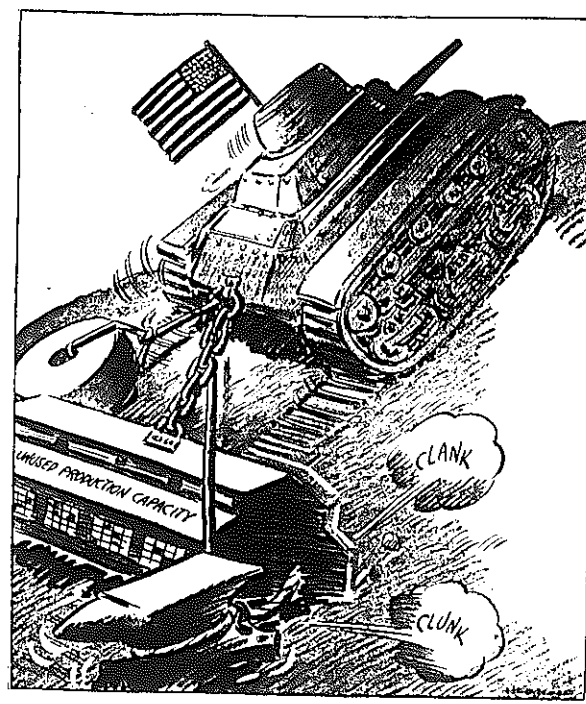

You hear daily discussion of "Nazis" and "Hitler" and "the American system." You hear daily discussion of "the American system" and "Hitler" and "Nazis." You hear daily discussion of "the American system" and "Hitler" and "Nazis." You hear daily discussion of "the American system" and "Hitler" and "Nazis."

"A STATE OF MIND HAS BEEN CREATED"
It is not all so simple as it seems. It is not all so simple as it seems. It is not all so simple as it seems. It is not all so simple as it seems.

For instance, William Green, livablehead president of A. E. F., gave some testimony that was overlooked in the sensationalism of his charge. Some organized propaganda lies were told against labor in Oklahoma.

Mr. William Green, livablehead president of A. E. F., gave some testimony that was overlooked in the sensationalism of his charge.

Dead Weight

Letters to the Editors:

40-Hour Week Aids Output

After reading the letter of Mr. Johnston concerning the so-called 40-hour week, I would like to say that I am in complete agreement with you. I think Mr. Johnston is off the beam when he states the mill owners want overtime after 40 hours abolished.

It is a sad state of affairs that we know what we are taking about. I believe that we are taking about it. I believe that we are taking about it. I believe that we are taking about it.

War-Time Works

A Progressive City Needs Programmed Management

The City Council in all probability, is like the rest of us in feeling the impact of these war times. Many thoughts naturally are provoked. The era of free-handed Federal public works for the benefit of communities has come to a halt. Materials are scarce in many quantities. Taxes are heavier.

India Is Under Gun

By Raymond Clapper

CALCUTTA, INDIA
The arrival of Sir Stafford Cripps in India may be worth several divisions to the United Nations, because of the effect on morale throughout the East.

UNTIL CRIPPS' APPOINTMENT, DIFFICULTIES WERE INCREASING
Native leaders had made much of the reluctance of the Churchill Government to deal with the Indian situation.

TODAY'S BIBLE THOUGHT
We must wait and see, but we are not each day saying: 'Make me know my end and the measure of my days.'—Psalm 39:4.

Tender Spot

Georgia Is Bad Place To Talk Football Suspension

If he had asked his own mind he would have given Cliff Roberts some hard-to-advise advice: tampering with college football in the State of Georgia. Only a few months ago, a special report stated that the bulk of the University of Georgia football team would accept the draft, as indicated in a few scattered remarks.

Change Of Heart

Repentance Under Pressure Is Not Always Dependable

There was quite a flurry of patriotic volunteering yesterday. First Mr. Jack of Jack & Heinz announced that his firm had decided to make only six per cent this year instead of attempting to top the 100 per cent profit announced in 1941. Sixty and thirty for the three top executives will also be trimmed.

Then both the CIO and the A. E. F. went to stop asking double pay for work done on Saturdays, Sundays and holidays. They want only the 40 hour week, with time-and-a-half for overtime no matter what day it falls.

Some voluntary resolutions have something to recommend them. Apparently it never occurred to Mr. Jack or to the labor leaders to make concessions until the haven of public protest was at their backs.

On And On

Nazis Find A Jap Captain Who Suits Their Purpose

It requires a good deal of guessing to discover why the German radio should go to the trouble of broadcasting a Jap naval captain's argument in favor of keeping up the Nipponese all-out offensive in the Pacific and Indian Oceans.
