JAPS HIT HARD AT BATAAN DEFENSE LINE

Hand-To-Hand
Combat Rages

WASHINGTON — (AP)—The War Department reported today that the Japanese, in a heavy attack on the right center of Lieutenant General Jonathan M. Wainwright's army in Bataan, captured some of the advanced positions but were held in bitter hand-to-hand combat before they reached the main American defense line.

A smaller, surprise air raid on Corregidor occurred yesterday. A submarine sank and antiaircraft artillery shot down two heavy Japanese bombers.

ADS. APOLOGIZING. A formal apology was received on the Japanese Imperial High Command in the Philippines for a recent bombing of a base hospital in Bataan. A Japanese Army spokesman said in a radio broadcast that the bombing was inadvertent. The rest of the communiqué, however, was repeated, unchanged, in a second broadcast made later, indicating our troops were withdrawn and after several hours of searching the hospital had been found.

The Japanese, however, took no steps to make amends. Some Japanese planes were taken after three hours' fighting, our troops were withdrawn and after several hours of searching the hospital had been found.

A formal apology was received on the Japanese Imperial High Command in the Philippines for the aerial bombing of a base hospital in Bataan. In a radio broadcast, a Japanese spokesman declared that the bombing was unintentional.

"The enemy made a number of attacks on Corregidor and the rest areas of Bataan during the daylight hours of March 31. Most of these attacks were made by Japanese planes.

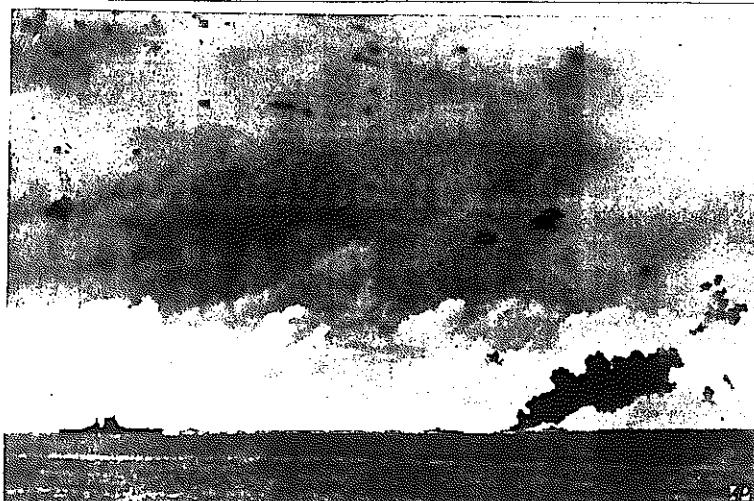

The first attack on Corregidor was brought on an abrupt end when the measure would be lost and said it would change the entire basis for making arrangements for war.

"There is nothing to report from other areas."

ITALIAN SUBMARINE torpedoed Enemy Cruiser ROMA (from Italian homepage) — An Italian submarine has torpedoed an enemy cruiser, the Italian High Command announced.

The Command's communiqué said at the submarine, returning to base, had confirmed that it had torpedoed an enemy ship, believed to be in the eastern Mediterranean, as mentioned in an earlier Italian communiqué.

It also said that the specially-organized planes successfully attacked a convoy in the eastern Mediterranean and sank a large number of ships.

JAP BOMBERS DOWNED IN ATTACK ON U. S. WARSHIPS.—The clouds of smoke all over the sky are anti-aircraft shells bursting as 18 Japanese bombers attack a task force of the United States Fleet somewhere in the southwest Pacific. A column of smoke rises (right center) from a plane which was disabled by Lieut. Edward O'Hare and then exploded a suicide dive at the U. S. aircraft carrier (left). But it was stopped by concentrated gunfire and exploded as it plunged into the sea. O'Hare was credited with bagging six of the 16 Jap planes downed in this engagement.

WASHINGTON — (AP)—Senators Bailey, Demarais, Bothwell, and the Senate today to amend pending legislation to limit pending government loans to small business to firms having less than \$100,000 annual turnover.

Senator Bailey, Democrat of Oregon, said: "The enemies have made a number of attacks on Corregidor and the rest areas of Bataan during the daylight hours of March 31. Most of these attacks were made by Japanese planes."
