Thyself

By Wells Carr

ARE YOU A LIVE WIRE?
We can't all the live wires. Like
the units in a car, only one is
expected find the timese the
fenders, the upholstery and the
gears doing their jobs in the gas
tanks, or understudying the battery.

Live wire or net, we each have a useful function. But if we happen to possess the islant of energy, of stimulation, of leadership, if's wasteful in the extreme to let it it untiapped. The world its richly endowed with abilities of one kind and another; and there is a never-another, and there is a never-indicative to guide them.

refused to commit himself.

In did say, however, that such a school had been prasuch a school had been prasuch a school had been praplans called for a \$2,000,001plans called for a \$2,000,001building program. That exist with the snortis.

Why can't a state use available grounds and buildings which could be purchased and repaired at a tenth of that coast! Of course they wouldn't coast! Of course they wouldn't
