OPA thinking of the housewife, says: "This is the first time we ever heard that eggs become more valuable as they get older!"

In other words, War Food experts are trying to hand dealers some of the speculative profit they might have gotten...

Vandenberg-MacArthur

A lot of people in 1940 thought that GOP Senator Arthur Vandenberg of Michigan might be the next Republican candidate for President...

"General MacArthur will accept the Republican nomination if he is drafted," Vandenberg recently told a news man.

"Do you think MacArthur could be nominated and elected?" the Senator was asked.

So, despite talk of new champions to step forth, the choice of smart-money politicians will still be Clyde R. Hoey...

Senator Vandenberg denies he has received a letter from MacArthur stating that he would accept the GOP nomination in 1944...

MacArthur promoters are former American flyers including Col. Robert McCormick of the Chicago Tribune...

Two Armistices

This Time, Peace Can't Come In the Same Deliberate Way

If Germany should soon ask for an armistice, there will be one great difference between the situation now and that of 20 years ago...

Another great difference is that in 1918 Germany was still free and unoccupied by the invaders...

In 1918 Russia had been forced to make a separate peace, and Germany was fighting on only one front...

In 1918 Germany's three allies were through. In fact, Austria-Hungary asked for peace three weeks before Germany did...

In 1918 Germany was still under a parliamentary form of Government, and although its powers were somewhat clipped...

In 1918 Germany could expect to lose its colonies in Africa, its islands in the Pacific, its lease on the Shantung peninsula...

In 1918 Germany could expect to see the Kaiser dethroned and probably the monarchy abolished...

In 1918 Germany could expect to see the German form of Government more liberalized. Today the entire Nazi system is to be uprooted...

In 1918 Germany could expect to see unarmistice after surrender; today it is to be a total annihilation...

The Little King

We Must Love Him or Leave Him; We'll Take No. 2

Year in and year out, there are not many chances for a great nation to exhibit to its people its own policy in specific treaties and trade agreements...

It whirls about the half-empire head of Vittorio Emanuele, King of Italy, patron of Fascism and silent partner of Mussolini...

That is foreign policy in the specific, and in the dramatic. The United States has no business plotting out the future of Italy...

Oh, to be sure, the State Department will have you believe that there are extenuating circumstances. Yes, there are always circumstances...

Cold Winter

Whatever you burn this winter—oil or coal—it's going to be cold. The public has the impression that it is only coal which is short now...

The fuel situation is so bad that OPA expects several months ago recommended coupon rationing of coal. It would distribute coupons to local boards...

Finally, however, the Coal-Coordinator visited the plan. Now it is too late to impose coupon rationing—partly because there is not sufficient time to print the coupons...

Thus we shall have to rely on "water rationing" in these non-heat consumption—only strings out the supply in dribs and drabs...

Dr Goebbels The 46 Candles

By Dorothy Thompson

A BRILLIANT despatch from Stockholm on Monday reports, from the Berlin correspondent of a Swedish newspaper, that the 46th birthday of Goebbels was celebrated by a party attended by Goring...

In all the talk about "Frodo Baggins" Hitler's attention has been given to the role played in Munich and Dresden history by the German Nazis...

There were two psychological reasons for the German Navy's virtual anti-Germanism. It had a double inferiority complex toward the Army...

So, in this meeting, there were three persons of conspicuous experience who control a world-wide service: Goebbels, who has had considerable experience and admissions everywhere...

The Imperialist line, from Grand Admiral Tirpitz to Grand Admiral Doenitz has never been interrupted. At a time when the German Army was conservative...

Poor Democracy The Losses At Home

By Raymond Clapper

ALLIED armies and Allied statesmen are winning great victories abroad and at home. They are coming from the common people and from the elected representatives of the common people...

That is what makes these defeats for democracy hurt. They are coming not from conscious enemies of democracy, but from Fascists. They are coming from the common people...

The Government's effort to hold wages in control is being destroyed by labor. John Lewis put the gun behind the Government's head and formed a wage increase for his miners...

Retired labor is coming up next, with its demand for a 15 percent increase in wages. The fifteen non-operating railroad unions have been elected a ward, unrepresentative perhaps...

The Fly

Ah, Hate!

By Samuel Grafton

IT is odd that in this month, in which international unity has been established on the best basis seen in our time, the question of hate has come forward as an issue in America...

Some joke, hey, boss. Mr. Kater is kidding, of course. He also poses up standard wages and a variety of low-cost medical care...

Day after day Mr. Kater spoke on hate. Mr. Harold L. Ickes declared that certain newspaper publishers, of isolationist persuasion, are angry, except, possibly, Ickes. He gives them hate for hate...

We assure the more forward thinkers of France that this is no time to raise the question of "Yes" in our own land. We see a hot fight begun against the small farmer who feeds the Farm Security Administration...

Still Mr. Hoey

He Dominates the Senatorial Field Despite Darkhorse

Up to a point, you may take your own choice in the forthcoming Senatorial race since the withdrawal of Bob Reynolds...
