statesmanship. Instead of using
their own judgment, attempting to
their own judgment, attempting to
their own judgment, attempting to
their own judgment, and interest in relations to an overall
view of the national welfare, they
became close and shriwed studentsstate, pawns in the hands of the
best organized pressure groups. Instead of making policies and
stead of making policies and
fend those politices against, all
former, risking their political careers on the windown and dishintomers, risking their political careers on the windown and dishintiney became mere recorders of
transitory popular trends.
We see the results of this in
Congressional failures adequately
to deal with all the problems in
which the welfare of the Nation
is incompatible with the interests

which the welfare of the Nation is incompatible with the interests
