sacred soil, and send the lame and the halt, the old and the very young, into the battle. They took the bloody occasion to shout their defiance anew.

The Nail commander spoke up in the hour before the end. Even an American cannot ask a city like Aachen, where thirty-seven German emperors were crowned, to surrender." And though the people of Germany have shown no disposition to heed Hitler's plea to rise up gainst the Allied hordes come to "endaw" them. It is shown that Germany must fight to the bitter end. The looming of defeat, though obvious to all offer fighting to come. The Nail Tark, the militarists and kentered German thought are till defenders of the German superman.

Whereas Hitler once ranted at his victums because they insisted upon bitter and "unscrupplous" resistance, damning a the defenders of Warsaw, Rotter dam and even Stalinard, in all the bloody miles yet to be traveled by Brittah and American sodders, we must expect just such fanatian resistance as was met in Aachen. In all the bloody miles yet to be traveled by Brittah and American sodders, we must expect just such fanatian resistance as was met in Aachen. To the German, and the derivence of the same futtle, but it means that future victories must be derived as a pointed out, is the beginning of a war of externination by Bitter and the Cerman spointed out, is the beginning of a war of externination by Bitter and country and the German spointed out, is the beginning of a war of externination by Bitter and country with the defenders of Portion and the word of the German spointed out, is the beginning of a war of externination by Bitter and the country and the Southwest, least on the road to Berlin, and unless the people find some means of overthrowing Nazi rule—a course which now seems highly unlikely—they will find themselves unwilling suicedes in the methodical advance of General Eisenbower's armies in the methodical advance of General Eisenbower's armies in the methodical advance of General Eisenbower's armies of the propose of the suiter o
