

Rebelle Dog Measure Adopted By Council

At its meeting yesterday afternoon the City Council passed the "Rebelle" dog law, a tentative tax rate of \$1.33 for the purpose, agreed to meet twice monthly during the summer and received a request for inclusion in the new budget of the full 25 cents levy for schools.

The new dog law should be the means of solving Charlotte's so-called "dog problem," said Mayor H. H. Reville, city writer and chairman of the committee which studied the question, said today. Mr. Reville said the findings of the committee covered the views of scores of persons in all sections of the City, and in making his suggestions, the committee was most earnestly to provide the proper remedy for the situation that was causing the principal troubles. It was unanimous in its findings.

The committee, appointed by Mayor H. H. Reville upon a motion made by Councilman W. F. Phillips, was composed of Mrs. M. E. Phillips, executive secretary of the Mecklenburg Humane Society; Tom Franklin, representing the non-dog owners; Dr. R. H. Parker, representing the veterinarians; Councilman A. Z. Price, representing the Council; and Chief of Police Walter Anderson and Mr. Reville.

REBELLE MUZZLE LAW

The new ordinance repeals the leash and muzzle law and places the responsibility for the actions of a dog upon the owner. Chairman Reville said it provides the annual inoculation of all dogs in the city against rabies, and also provides that the Pet Department shall make a canvass of the city to ascertain the ownership of dogs. It provides, too, that dogs must be kept on the owner's premises from 7 p. m. to 7 a. m., unless accompanied by the owner and then on leash. It provides that dogs must not chase automobiles, bicycles or other vehicles and chase or bark at pedestrians, and also that persons who drive vehicles must report to the Pet Department when and if they run over a dog on the streets, Mr. Reville explained.

The new law also provides that dogs that have bitten persons shall be confined to the owner's premises, he continued.

Now Many Wear FALSE TEETH

With Little Worry

242 of nature false teeth dropping out of your mouth, and you are wearing a false set. This is a common condition. The present paper has a simple, easy to use, and effective method of securing a new set of teeth. It is a simple, easy to use, and effective method of securing a new set of teeth. It is a simple, easy to use, and effective method of securing a new set of teeth.

GOP Probe Threatened

WASHINGTON — (AP) — A Democratic controlled Republican Commission on the activities of the CIO, Senate Committee today with the threat to force a parallel inquiry into GOP organization active in the Presidential campaign.

Chairman Green, Democrat, R. I., called the Senate Campaign Expenditures Committee into session today. The committee from Chairman Sidney Hillman of the CIO group, Senator Tunnel, Democrat, Del., told a reported press conference that the Democrats were not going to sit idly by and let the Labor Committee become the only object of an investigation.

"I don't want this campaign committee to be used as a sound-board to strike only the Democrats Party and the only labor organization of the kind, just because that organization happens to be supporting President Roosevelt for a fourth term," Tunnel declared.

"If we are going to investigate the CIO, there are some Republican organizations that will be looking into, also," he added.

Senator Hillman, Republican, said he intended to renew a pre-emptive request that the committee look into CIO expenditures and activities.

"I don't agree with what seems to be the interpretation of the Attorney General and the CIO," Hillman said. "The Republican Party is engaged in political activities," said Hillman. "The Smith-Connally Labor Clause Act specifically prohibits any labor organization from spending funds in connection with any general election in which Federal officers are chosen."

be well-mannered, that is, dogs that make friends by their deportment; a well-fed dog does not need to be pampered; the master patiently and calmly trains it to come when called. He down, walk by his side, not chase everything that moves unless so commanded, inoculates his dog against rabies for its protection and the protection of the other dog and also humans, will add to his own pleasure of owning a dog, as well as to the general pleasure of the community as a whole," Mr. Reville explained.

TAX RATE SET

Without dissent, a tentative tax rate of \$1.33 per \$100 of valuation, the rate in effect for the current tax year, was fixed by the Council. This rate, which is usually higher than the official rate, will be used solely as the basis for pre-payment of 1944 taxes.

It was stated that stated action of the Council would be held only on the first and third Wednesdays of each month of June and in July and August.

Request of the City School Board for inclusion in the city tax rate of the full 25 cents levy for schools was received and accepted by the committee where the municipal budget is under consideration. The inclusion was also granted if the order of Pharr and Springs for not less than \$500.

Now receiving basic flight training as an aviator candidate at the Army Air Field is Russell W. Kluder, son of Mr. and Mrs. R. M. Kluder, 1914 Steele Ave. He has completed five weeks of ground school training at Maxwell Field, Ala., his primary training at the Southeast, Cadet Kluder graduated from Charlotte Technical High School in 1942 and entered the Air Force in April of this year.

Service Record

Robert J. Blackley, son of Mr. and Mrs. M. D. Blackley of 128 Andriell Terrace, has been promoted to master sergeant and has assumed the duties of regimental sergeant major for his Infantry group. Blackley is now stationed at Camp Beale. Before entering the Army he was in a civil service position with the U. S. Air Force at the Charlotte YMCA swimming team. Sgt. Blackley entered the service on June 13, 1942.

Seaman 2/c James Heath (Jimmy) Cobb has returned to his base at Bainbridge, Md., following a visit with his mother, Mrs. Florence Cobb, at her home on Salisbury Rd., Seaman Cobb recently completed his boot training at the Naval Training Station at Bainbridge. He has returned there to await further assignment.

Mrs. Cobb has another son, Albert Campbell Cobb, who is in the Naval Air branch, now stationed some where in the Pacific.

Pvt. William Alexander, son of Mr. and Mrs. S. W. Alexander of 1422 N. McGill St., has won the right to wear the boots and wings of the United States Army Paratroopers. He has completed four weeks of jump training during which he made five jumps from a plane in flight, the last a tactical jump at night involving a combat problem upon landing.

He has completed four weeks of jump training during a plane in flight, the last a tactical jump at night involving a combat problem upon landing.

Many West African natives consider the birth of twins unlucky.

Price Bill Veto Seen

WASHINGTON — (AP) — President veto of the Price Wage Control Extension Bill was today after the Senate voted to relieve members of damage liability in consumer sales that they prove that charged ceiling price violations were unintentional.

Senator Murdock, Democrat, Utah, viewed in the Senate action an apparent trend toward amending the stabilization law which expires June 30, and said instead of controlling prices and wages, it would be supervising inflation.

Murdock predicted President Roosevelt would veto the extension bill if the House accepts the damage liability clause, and also adopted a pending amendment by Senator Bankhead, Democrat, Ala., to raise some cotton textile prices. The Senate may reach a ballot on the Bankhead proposal today.

Senator Radcliffe, Democrat, Md., also viewed the extension amendment as a "serious inroad on price control," but Chairman Wagner, Democrat, N. Y., of the Senate Banking Committee, expected to bring a veto. Wagner has pressed the view, however, that the veto might result if the Bankhead Cotton Amendment is approved.

Pvt. William Alexander, son of Mr. and Mrs. S. W. Alexander of 1422 N. McGill St., has won the right to wear the boots and wings of the United States Army Paratroopers. He has completed four weeks of jump training during which he made five jumps from a plane in flight, the last a tactical jump at night involving a combat problem upon landing.

Pvt. Lester W. Crig, 1338 Rollins Ave., graduated on June 10 from the Noncommissioned Officers' Staff Course at Edgewood Arsenal, Md. Pte. Crig was a clerk at the Railway Express Agency in Charlotte before entering the Army.

Bankok Deal Hardest Blow

SOUTHEAST ASIA COMMAND HEADQUARTERS, Kandy, Ceylon — Strong forces of heavy bombers dealt Bangkok, Thailand capital, "its heaviest blow of the war" three days ago. Allied Headquarters announced today.

"Black smoke rose to great heights through the clouds as the bombers despite bad weather pressed home widespread attacks on railway shops and marshalling yards," the communique said.

"The city's defenses apparently were caught by surprise as the formations converging on the target at a great height from all angles dropped a record tonnage of incendiary bombs on this important Japanese port."

In the ground fighting, the communique said, reports indicated the Japanese 31st Division in the Kohima sector was running short of ammunition, food and medical supplies as a result of poor communications.

Japanese tank and sniper attacks were reported in the sector southwest of the Imphal Plain, however.

The situation at Myitkyina in North Burma was not mentioned in today's war bulletin.

RASH, ITCHING, TETTER

EXTERNALLY CAUSED

The Grays Ointment. Contains swiftly soothing mentholated pine tar, salicylic acid, etc. Excellent for soothing externally caused itching, rash, tetter, chafes, irritations, etc. Famous since 1860. See package.

Says Russia Will Let Poland Alone

CHICAGO — (AP) — Prof. Oscar Lange, University of Chicago economist who recently interviewed Premier Stalin, declared today that the Soviet Marshal "made it very clear that the independence and sovereignty of Poland will be fully recognized" by Russia after the war.

"There will be no interference in internal affairs as saying," Lange quoted Stalin as saying.

Lange, Polish-born arrived yesterday in Chicago from Moscow where he conferred as a private citizen with Stalin on May 21. He made his first statement on his trip at a press conference today.

Lange offered as support of what he said Stalin told him these two observations:

"The Soviet Government is arming the Polish Army which one Polish general said was expected to grow to 600,000 men before the end of the war."

"Business are permitting in schools for Polish refugee children new textbooks written by the Union of Polish Patriots, a Polish organization in Russia, and the Committee for Polish Children. These are replacing old textbooks because they contained Communism teachings."

"If Stalin wanted Poland to be part of the Soviet it would be most foolish to arm the Poles," Lange asserted.

Regarding education, the professor said the Committee for Polish Children was created and financed by the Soviet Government and operated by Poles under Soviet Government supervision.

Lange declared "the statement of Mr. Stalin was that Poland will be a strong and large state of the Soviet Union, just like Czechoslovakia."

Aged Man Is Staunch Home Front Fighter

CHICAGO — (AP) — Abraham B. Elliott, a 64-year-old cripple, declined the Red Cross offer to seek a fifteen-day furlough for his son, Cpl. Leroy, so he could help him with his multiple tasks.

"I don't need my son and Uncle Sam does," Elliott said.

Elliott, who lost his right leg in an accident when he was ten, is busy with several jobs but he says he's having "the most gorgeous time ever."

His son begins at 4 A. M. when he arises to feed his 100 chickens and work in his three-quarter-acre Victory Garden before going to his job at a city gas and electricity sub station.

There are many things for him to do when he returns to his suburban home after his day's work in the city. He has a flower garden and fish ponds, and his duties in his self-built four-room bungalow—includes cleaning, cooking, laundry and ironing.

And Elliott says he still finds time for entertainment—some old-time selections on his guitar.

Two Girl Scout Troops Give Program Tonight

Girl Scout Troops 11 and 29 of Duncan Memorial Church will present a program in citizenship and community life tonight at 8 at the church. The public is invited.

Arizona passed 98 laws during 1942, fewer than any other state.
