eto For Peace

Our Tenry Tower senses aftere age oleven lin all may decreve us but we magne that we detect a national distinguishment of the San Francisco Conference. We don't know what com people expected of the sessions but what has come out apparently doesn't satisfy them. Perhaps they expected to herailess of the squabbling sas, over Poland. Argenting the chairmans but, the veto powers and more of the distinguishment of the world with water poince forces, in boost reciprocal trade to promote crimmon freedoms of trees and specific with the same of the distinguishment of the same of the foundations of press and specific actions for the product of the same of the foundations of press and specific actions of the same on the foundations of press and specific actions of the foundations of press and specific actions of the foundations of press and specific actions of press present in the soundation of press of the business amount the veto poetre. Perhaps his is excluded that Russia has naven in and agregated the right of the United Nations counsell to freely desired as a support of the public before it about a present and that the right of the United Nations counsell to freely desired as a support of the public desired.

correct early put the force of the foundations of proce Perhaps has been seen and and written the respect of the Arriva between the control of the Perhaps has been an and arrivated the report of the Arriva between the control of the Perhaps has been as a sum of the report of the Arriva been been as a sum of the report of the report of the process of the past is mission, any one of them to well made the applied to any of several cross of the past is years. Suppose we does not have each this scheme, for example when Italy invaded Enthouse. At a time when Italy was recognized as a made never.

Well must be much as a time when Italy was recognized as a made never.

Well district most of the past is a standard this scheme, for example when Italy invaded Enthouse. At a time when Italy was to stand the United States swould have east-carbot in the City and Artiva in the United States swould have east-carbot in the Italian delegation would have east-carbot in the

the veto power, we suppose, the view fact that the Bir Three have relused to promise more than they feel like these to good faith. The little man whether he can see a sound peace before us or not, must accept the fact that we have made a start, anyway.

Highest Bidder

If anyone has purified ever the obteration of Chairman A L. Eleichter of the North Coronian Duringhowinet Compensation Commission to President Trumban's Scha-aveck plan for memployment cheful, let lome look no further than the state ware tables. Mr. Fleichter fears he state ware tables. Mr. Fleichter fears federalization of the memployment compensation program. He especially does not approve the uniformity of rolled payments, it all state. For example, he asks, what will happen in North Caronian. He have a many the standard of the memployment compensation of the uniformity of rolled payments in all state. For example, he asks, what will happen in North Caronian. He have a many the presented in Sets a week look like their well, the average war in this state was made to the week of the look of the purity of the petures in Turkey He discovered that almost all of the new substit, was further the order pressed average, and the changes and one of them was about Turkey He discovered that almost all of the new substit, was further the first though a very acceptance of the present of the presence of the If anyone has paralled over the observation of Charman A. L. Fleicher of the North Carolina Unemploement Compensation Commission to Emmission to Emmission to Emmission to Emmission to Emission Timeman's Showwick plan for unemployment richef, let him book no further than the state ware tables Mr. Fleicher fears federalization of the unemployment of compensation presents. If especially does not approve the uniformity of relief payment in all state. For example, he asks, what will happen in North Carolina?

mto the Federal corral. He suggests, too, that the 30,000-ood seasonal workers in North Carolina would take advantage of the new Federal beneficience to work their time in the tobacco season, say, and then continue to collect their \$120 per week under the Wagner Act for \$420 per week under the Wagner Act for \$420 per week under the Wagner Act for \$640 per season, say, and then continue to collect their \$130 per week under the Wagner Act for \$640 per season, say, and the said of the
