

Unions Flood NLRB With Non-Communist Pledges COMPROMISE HUNTER PALESTINE PLAN

THIS IS NEEDED, a total of \$138,795, if Charlotte's Community Chest campaign is to be successful. And Charlotte needs the services of the 22 Red Feather agencies of the Chest which are financed through this one annual drive. Tuesday is the last day scheduled for the campaign and all workers are urged to make a

special effort over the week-end so that the goal of \$307,283 will be reached. Contributors are urged to give generously. The young ladies, pointing to the needs of the Chest drive, are (left to right) Helen Smith, Doris Stewart, Margaret Zeide, Bernice Mullis, Doris Edwards, and Mrs. J. C. Nicholson, Chest workers.

Final Report Meeting Scheduled Monday

Chest Leaders Make Last Appeal
Final reports on contributions to Charlotte's Community Chest campaign will be made Monday at 1 P. M. at the Sebelyn Hotel, campaign headquarters, and a total of \$138,795 must be raised by that time if the Chest goal of \$307,283 is to be reached after this year's drive for funds to finance the 23 Red Feather agencies of the Chest has been lagging in comparison with the

drive is not successful. Monday has been designated as Agency Day. Headquarters in the Sebelyn Hotel will be open today and Sunday to take care of any canvassers wishing assistance or to distribute cards of prospective contributors to workers wishing to contact them. As plans now stand, a Chest "Victory Dinner" is scheduled to be held Tuesday evening at the Sebelyn Hotel. Various reasons have been given by Chest leaders for the slowness in receiving contributions to the drive. Among these causes are the failure of workers to see all persons who might wish to give to the campaign and the failure of contributors to give as much to the campaign this year as in 1946.

Man Accused Of Murder

GASTONIA — J. L. Register, 47-year-old Gastonia taxi driver, was held in the Gaston County jail here today on a charge of murder after having surrendered to officers in the early morning hours in connection with the fatal shooting of Harry Philbeck, 27, of N. Scruggs street. Officers said Register told them that he surrendered that he had fired a shotgun at Philbeck at the home of Register's estranged wife about midnight but did not know whether he had hit him or not. Officers went to the home of Mrs. Register in the Crowder's Mountain section and after a brief search found Philbeck lying in the woods some distance from the house, they said. He was dead by the time the officers got him to a local hospital.

Drama In New York

LOOKING FOR A HOME? Today Charlotte News inaugurates a new feature, the Real Estate and Home Builders Page. Here you'll find news and pictures of homes, offerings of Charlotte's leading real estate firms, and complete coverage of that important subject, "Where Can I Find a Home?" Turn to the second section, page 3, for the Charlotte News Real Estate and Home Builders Page.

Vishinsky Resentful Anglo-American Bloc Draws Fire

NEW YORK (AP) — The first outspoken Soviet resentment in this United Nations Assembly against repeated drubbings by the "mechanical majorities" of the United States and Britain raised an obstacle today in the path of the small countries trying to reconcile big-power differences. The Russians flared up momentarily in debate on a Yugoslav resolution on war criminals but U. S. observers noted that it was the most pronounced Soviet reaction to the steady parade of U. S. and British majorities yet registered in the UN.

Blasts, Fire, Berserk Man Beset Building

NEW YORK (AP) — A series of sharp explosions jarred the United Nations Conference Center here last night and early today as an accompanying underground fire sent clouds of oily smoke into the streets, jammed by theater crowds, and the lobby of the 70-story RCA building. The blasts continued intermittently for more than two hours before the blaze, confined to the fireproof vault of a giant transformer, burnt itself out shortly before 1 A. M. (EST).

Slavs Expel Newswriters

BELOGRADE, Yugoslavia — (AP) — Yugoslav ordered two American correspondents today to leave the country within 24 hours. A government spokesman said Arthur M. Brandel, correspondent of the New York Times, and his wife, Mary Lester, who represents the United Press, were being expelled because "their writing has not had a better understanding between our two countries." Brandel and his wife said they were arrested at 7:45 A. M. by Yugoslav militiamen who told them: "I am instructed by the Ministry of the Interior to inform you that you have 24 hours in which to leave our country. I am also instructed that if you do not leave we shall take the necessary steps."

Generations Of Deformities

ASADENA, Calif. — (AP) — Laboratory tests with corn by California Institute of Technology scientists indicate the radioactivity of the atomic bomb explosion in Japan may result in inheritable defects in the next 1,000 years, says Dr. Ernest C. Anderson, biologist and professor of genetics. Dr. Anderson, in an interview yesterday, announced that the tests were made at the Institute's plant genetic garden near Berkeley and that corn exposed to last year's Bikini operations crossroads. "Although it is impossible to conduct experiments with humans, the same biological laws apply to them as apply to corn," he said. These tests, he said, were the first laboratory confirma-

Hundreds Comply With Labor Law

Two Big Groups Defy Deadline

WASHINGTON — (AP) — The National Labor Relations Board today began winnowing through hundreds of last-minute union compliances with the non-Communist pledges of the Taft-Hartley Act. Just under the wire was the big CIO United Auto Workers Union, whose executive board reversed a previous stand and advised the NLRB the necessary papers would be filed as soon as possible. The AFL United Mine Workers and the CIO Steelworkers were left on the cold by their own choice. Both stood pat, past last midnight's deadline on their refusal to file the non-Communist pledges and financial statements required by the law. This meant the 850,000-CMW members of the 50,000 steelworkers are barred from services of the NLRB.

BEAUTY AND BREVITY — Doris Stewart, who was secretary for the Carolina Christmas Festival, serves as a model for the crown that will be given the young lady selected as Miss Christmas on Nov. 12. The award will go to a permanent award, and is beautifully studded with rhinestones.

Search For Crown Proves Successful

Mr. Dudley found enthusiasm again: "Reckon you could, man? You just didn't know the time we're having!" The operator called Mr. Dudley back in a few minutes. She had found the crown that would produce the proper crown for the Carolina Christmas Festival's "Queen Christmas." As a matter of fact, he and Earl Crawford, general chairman for the festival, and a number of others had been searching the town for some two months, trying to find a crown. Then, someone told them to call a certain firm in New York. Mr. Dudley called that number. The number answered, but Mr. Dudley was informed that the company that had manufactured suitable crowns had long been out of business. Mr. Dudley said "Thank you, anyway." Then he muttered to himself: "We've just got to find a crown for our Christmas queen."

Seal Of The Air Force Approved By Truman

WASHINGTON — (AP) — President Truman today approved a design for the seal of the newly created Department of the Air Force. The entire burden of forming the two new countries will be placed on the shoulders of the Jewish Agency. See PALESTINE on page 7-A.

American Proposal Of Partition Is Debated

Three-Way Accord Needed

By JOHN A. PARSONS JR. LAKED SUCCESS — (AP) — A United States "hurry-up" proposal for creation of sovereign Arab and Jewish nations in Palestine by next July 1 hinged today on British, Arab and Russian acceptance. An authoritative source hinted that the United States might be willing to make a concrete deal with Russia over differences now existing between these two major powers on the future of a partitioned Holy Land. This development came as a special Palestine sub-committee of the United Nations Assembly prepared to resume debate in a secret session on measures for partition. The Russians have suggested that any partition enforcement measure be placed under the jurisdiction of the General Assembly security council where the five big powers have the veto.

With Telephone Girl's Help

Mr. Dudley found enthusiasm again: "Reckon you could, man? You just didn't know the time we're having!" The operator called Mr. Dudley back in a few minutes. She had found the crown that would produce the proper crown for the Carolina Christmas Festival's "Queen Christmas." As a matter of fact, he and Earl Crawford, general chairman for the festival, and a number of others had been searching the town for some two months, trying to find a crown. Then, someone told them to call a certain firm in New York. Mr. Dudley called that number. The number answered, but Mr. Dudley was informed that the company that had manufactured suitable crowns had long been out of business. Mr. Dudley said "Thank you, anyway." Then he muttered to himself: "We've just got to find a crown for our Christmas queen."
