U. N. Committee Gets Hot Palestine Sanctions Issue

Truman Is Reported Withdrawing U. S. Backing State Department Silent On Rumor

By EDWARD CURTIS. PARIS (AP) — The United Nations Security Council (U. N.) today adopted a subcommittee today the hot issue of sanctions in Palestine, amid unconfirmed reports that Truman had withdrawn U. S. backing for the Holy Land war.

Paris sources here said the President told Secretary of State Marshall the United States would not support a British-Chinese resolution calling on the Holy Land combatants to withdraw to positions they held at the last rupture of the U. N. truce.

However, another source said no direct order was received, but that the President had telegraphed Secretary of State Marshall to take any position.

Former Congressman Zebulon Weaver Dies In Asheville

ASHEVILLE — (AP) — Former Representative Zebulon Weaver, 74, of 46 Baird St., died this morning in a hospital after a long period of declining health.

Death came to the veteran Congressman at a M. Suffering with heart and kidney ailments he was admitted to the hospital Wednesday.

He previously had been confined to his home.

Weaver represented Western North Carolina in Washington over a period covering two World Wars and for years was a ranking member of the powerful Judiciary Committee of the House of Representatives.

He was considered one of the leading members of the House in 1944 against proposed restrictions on Tennessee Valley Authority.

Mr. Weaver was first elected to Congress in 1918. He assumed office March 4, 1917, serving four terms as Democratic representative from the 10th, 11th, 12th and 13th districts.

He served this session 31 of 37 years, having been defeated for reelection in 1952 by J. Morgan Kousser, Republican, of Asheville. He was returned to office the following term.

80th Congress Defended Vandenberg Says Record Is Useful

GRAND RAPIDS, Mich. — (AP) — Senator Arthur Vandenberg (R-Mich.) stepped into the campaign dispute today by calling its domestic record "amazingly useful."

At the same time the Republican foreign policy leader in Congress stressed what he described as his party's contributions to the nation's bi-partisan foreign policy goal of a "durable peace."

"This policy is possible," he said, "unless it has been permanently discarded in Moscow."

The chairman of the Senate Foreign Relations Committee devoted a large part of his radio talk on behalf of the Dewey-Warren ticket to the record of the GOP-controlled 80th Congress.

While saying the Republican Party "has had its human share of the 'whipling' but to divert verberations 'has done more for American peace, progress and prosperity through nearly a century than any other party.'"

"The Republican 80th Congress added to this test," he said, "despite self-serving critics who try by rank distortions to make it the 'whipling' but to divert attention from their own senseless shenanigans."

"The unapologetic truth is that the 80th Congress made an amazingly useful domestic record in the face of unprecedented difficulties, not the least of which was a sudden lack of executive cooperation."

"It balanced the budget, reduced spending and reduced taxes during its first year," he said, "and, Vandenberg said, adding: 'Believe me, that is a mouthful in one sentence.'"

But he said the "cold war" in which Soviet Russia threatens our peace and the peace of the world is the top problem of this hour."

Federal Council Ties Attacked Churchmen Oppose Dulles For Secretary Of State

PHILADELPHIA — (AP) — The American Council of Christian Churches went on record today against appointment of John Foster Dulles to either the position of Secretary of State or representative of the United States in the United Nations.

The council, which opposes both the Federal Council of Churches of Christ in America and the World Council of Churches, claims a membership of some 1,250,000 in 15 fundamentalist denominations.

A resolution approved by nearly 100 delegates attending the seventh annual convention declared that Dulles, Gov. Thomas E. Dewey and other nominees "are not to be associated in the Federal Council of Churches."

The resolution also charged the World Council of Churches "has attacked the capitalist system and the American way of life."

The very men in the United States who are responsible for this pronouncement are those closely associated with Mr. Dulles."

The resolution called Dulles an "effective tool of these radical elements in the United States."

Dulles has been a leading figure in the World Council and its vice-president of its commission on international affairs.

Attack Laid To Fear Stalin's Charges Denied By West

PARIS — (AP) — United Nations sources said today Prime Minister Stalin's attack on the Western powers may have been prompted by a fear that world opinion is turning against the Russians more and more.

The three Western powers denied Stalin's charges yesterday that an agreement on the Berlin case had been violated by American and British representatives.

The charges were made in an attempt to shift the blame for East-West disagreements onto the West.

The United States and France officially deny any agreement with Berlin ever had been reached.

A British spokesman in London also denied the charges.

Stalin charged there had been "flagrant violations of agreements for settlement of the Berlin issue."

Then he launched a "bitter attack" on the policies of present leaders in the U. S. and Britain.

His remarks were made in answer to questions by a reporter from Pravda, official Russian Communist Party newspaper.

A French spokesman said he did not know why France was not a target of Stalin's attack.

Western power delegates made it clear all three powers had worked in complete accord on the Berlin case and other issues now before the UN General Assembly.

Some UN delegates commented that the statements were the most "bitter" yet made by Stalin.

They said the Soviet leader usually adopted the role of a calm, wise father lecturing the world but this time he lashed out harshly.

The delegates added that Western power policies in UN debates apparently were having some effect in the Kremlin.

Panyushkin announced his action a short time after Moscow was reported to have passed the ultimatum against the Western powers.

He said the ultimatum was "the gravest policy aimed at the undermining of war."

Both sides also announced for the first time that they were in talks in American official thinking.

Arthur Shavels, director of the Russian section of the United Nations, said he had been told that the two sides were in talks.

Two other delegates received sentences of fifteen years and seven got ten years.
