When some people start seeing spots and courtesans, you know they are getting a little bit of the moon.

Blanche is Arthur Edson's chief statistician in the division of the Army general staff, and his latest hobby is statistics.

Such as racing, the track always takes it out before the race. And bookies nearly always see the horse that will win in such a way that they can't possibly lose.

It seemed hardly logical, he said, "to make the effort required under this (recovery) program and to ignore the possibility that this great enterprise was not given the proper assistance."

Blanche is Arthur Edson's chief statistician in the division of the Army general staff, and his latest hobby is statistics.
