

Team Of The Week
For their 14-0 victory over
Piedmonters Saturday night, the
Davidson Wildcats have been
selected by the sports staff today
as 'The Team of the Week' in
the Carolinas. Read the reason
for it on Page 42.

THE CHARLOTTE NEWS Final

Industrial Center On Coast Falls U. S. Cavalrymen's Drive Slood

TOKYO (AP)—South Koreans captured the prized east coast port and arsenal industrial city of Wonsan today after sharp day-and-night street fighting.

Only a mop-up job of wiping out Red snipers remained before Allied forces can start putting the port and airport into shape for operations. Fort facilities were reported 40 per cent intact.

To the southwest, Communist troops lined up in their prearranged "defense" chain of log pillboxes and virtually stalled the American First Cavalry troops' thrust across parallel 38 near Kaesong on the road to the Red capital, Pyongyang.

Seizure of Wonsan capped a lightning sweep of more than 100 miles into Red Korea since the ROK Third Division crossed the border Oct. 1.

ROK Cavalry Division elements aided in the final stage. When the Red line broke, it was a sign of resistance just south of the city Monday.

Alleged Communist blazes the ROK straggled in a sally. ROK 8th Cavalry Division elements were reported to have driven the Red forces down Tuesday.

UNC Installs New President
Attending the inaugural festivities at Chapel Hill yesterday for the half-way mark in the ceremonies installing Gordon Gray as president of the University of North Carolina were two former UNC presidents.

Flanking the new president (above left) are Chancellor Harry Woodburn Chase (left) and Sen. Frank Porter Graham (right). Proud speakers were Mrs. Gordon Gray (below left) and the new president's mother, Mrs. B. F. Bernard (below right) of Winston-Salem. (UNC News Bureau photo.)

Oath Is Given Gordon Gray

RALEIGH (AP)—Gordon Gray was formally installed today as the second president of the Carolina Institute of the State Supreme Court. Governor Scott made the formal installation.

Gray, 41-year-old Winston-Salem publisher and ex-Secretary of the State as good citizen. The ceremony was held in William Neal Reynolds Coliseum at N. C. State College starting at 10:30 A. M.

Some 1,000 faculty members of the three institutions comprising the Consolidated University and students and alumni were among the vast audience for the installation. It marked the first time that facilities of N. C. State College, Woman's College at Greensboro and the University of Chapel Hill have participated jointly in an academic procession.

Other than 100 representatives of colleges and universities from throughout the world and officials from the nations' top scientific and learned societies were also in attendance.

Diplomats Skeptical Of Soviet Stand Support For U. S. Plan Surprising

By STANLEY JOHNSON
LAKE SUCCESS (AP)—Western diplomats were skeptical today of Russia's surprise acceptance of some parts of U. S. Secretary of State Dean Acheson's four-point anti-veto peace plan.

They speculated on the Soviet Union's motive. "Was it one of Russia's starting diplomatic shifts, they asked? Or was the tentative embrace which Soviet Foreign Minister Andrei N. Vishinsky gave the plan in the 60-minute report to the Security Council as the kiss of death?"

Purported diplomats were waiting for a Soviet spokesman to speak, which may come today, to clarify the situation. "The plan itself called 'United Action for Peace' is a formalization of Acheson's Sept. 20 proposals," the State Department's Republican adviser John Foster Dulles called the "big sequence" of the lessons learned in Korea.

Designation by U. N. members of specific units of their armed forces to be placed at the disposal of the U. N. in times of crisis. Establishment of a commission to report to the Security Council and General Assembly next year on specific means which might be used to enforce peace.

Emergency sessions of the veto-free General Assembly whenever the Security Council, which has 15 members, is deadlocked over preserving peace, is hamstrung by a veto.

Somewhere in Pacific Meeting Set

WASHINGTON (AP)—President Truman will meet with Gen. Douglas MacArthur in the Pacific this coming week-end. White House sources said arrangements have just been completed for a conference of the President and the commander of the United Nations forces.

They said it will be held "somewhere in the Pacific" but did not disclose whether it will be aboard a Navy ship or on an island. Details for the meeting have not been completed, those sources said. When details are complete, the White House will have an announcement.

It was learned the President will go directly to the rendezvous from St. Louis where he is flying tonight to witness the installation of his sister, Mrs. Mary Jane Truman, as worthy Grand Matron of the Order of the Eastern Star.

Details withheld. The White House sources which gave this word to reporters declined to elaborate on the occasion for the meeting. They would not answer any questions. "Details have not been completed," the sources said. "But they will be announced later. The President will not return to Washington from St. Louis, but go directly from St. Louis to the meeting in the Pacific."

Presumably, the President will return quickly to Washington. He announced yesterday his acceptance of an invitation to address the United Nations General Assembly Oct. 24. It is to be a 10-day tour of the Pacific.

There'll Be None At UNC Gray Denounces Communism

RALEIGH (AP)—Gordon Gray formally took over the presidency of the Greater University of North Carolina today and denounced Communism.

1. Said the United States must fight its leadership in the world, Communist or not. 2. Promised that the Consolidated University would not furnish asylum to Reds and loyal travelers.

3. Urged an over-all rise in the educational standards in North Carolina. 4. Outlined the purpose of the University as giving its students back to the State as good citizens. The 41-year-old former Secretary of the Army also said North Carolina was challenged with further diversification in both agriculture and industry in order to take advantage of the "almost boundless" opportunities of the South.

Preparedness Is Theme Of Mammoth Legion Parade

By GRAHAM BERRY
LOS ANGELES (AP)—The National Legion of the World today called a halt to business sessions today to stage a mammoth six-hour parade designed to accent the need for continued national preparedness.

Non-Defense Spending Cut
WASHINGTON (AP)—The Budget Bureau announced today a 1951-52 cut in non-defense appropriations—\$49,271,133, more than the minimum cut Congress ordered.

Why I Know There Is A God
By FULTON OUSLER
CHAPTER I
I regard the change in my thinking during the last ten years as a rediscovery of truth, best described by the unpopularity of the word, conversion. A man's principal business on earth, I have come to realize, is to know God, to love Him and to serve Him.

Christ Can Only Be What He Said He Was
I believed in truth—or thought I

French Lose 3,500 Men In Indo-China
MAGNIN, Indo-China—Most of the 3,500 French troops trapped northwest of Thanhkhe have been set free, the French announced tonight in a communique.
