

In Tune With TDs
This football season is on the fast lap now, but the sports editors will breathe a sigh of relief when the news staff start its quest for games over the end and make their reports on page 9A-11A.

Many Driven From Homes In Far West

FRESNO, Calif. (AP)—New storms were moving in waves upon central California today, heightening the menace of floods in foothill and valley areas.

Thousands of persons have been driven from their homes. Damage to property, crops, highways and livestock was counted in the millions.

In Yuba County, four members of a family hurried to death today as fire destroyed their home. Most of the fire department's pumps were out at the time, trying to keep flood waters from running goods in the street.

Two other deaths had been reported earlier directly attributable to flooding, possibly the result of the history of central California.

The Weather Bureau predicted "Although there may be temporary breaks in the storm, no permanent clearing is seen at this writing."

From the American River to the north and south to the Kern which sweeps into Bakerfield, streams leading from the Sierra Nevada mountains under the pressure of great rains and unseasonably warm weather are melting the Sierra Nevada snow pack into sheets of cascading water.

At Sacramento, river level predicted the American River would be above its overflow level late today—about four feet lower than the normal stage. Five or a hundred residents of suburban Sacramento were forced from their homes.

Some communities were inundated. Others were threatened with a week-long deluge. Roads and bridges were washed out.

Counties throughout the state are expected to be a minimum.

Some of the worst flooding is occurring in the Kern River valley. At least 200 families have been forced from their homes in Central California.

Frank Irwin 67, was found drowned in his car on the rampaging Sacramento River. Jimmy Johnson 73-year-old pensioner died of a heart attack as he was being rescued from his home near Kernville.

Food and water were scarce for the already-drenched area from Sacramento to Bakerfield. Gov. Earl Warren ordered all State Dept. heads to alert their staffs for all-out assistance.

Valis, already facing complete inundation as the Kern River poured against the Guiler Park Dam and other lower valleys, now has new water.

Parts of Kernville and Isabella were under four feet of water. More than 1,000 persons were homeless in that area alone. The Kern River completely washed out 100,000 people. Kern River Fish Hatchery.

The Kings River smashed a concrete dam at the Pine Flat construction project 25 miles east of here.

More than 31 persons on a small island near Piedra Blanca were rescued Saturday night by a power cable spanning the stream.

An estimated 7,000 to 100,000 turkeys are dead or dying, drowned in the Central Valley. One rancher said he lost 100,000.

Water was scarce for the rampaging Chowchilla River flooded the little town of Chowchilla with the river side of the river.

The full force of the Kern River crest hit Bakerfield Saturday night. Charles Salzer said he thought the river was over-barricaded by rains. The river level fell 6-12 inches.

Reject Profits Tax Substitute

WASHINGTON (AP)—House Ways and Means Committee Democrats refused today to hear testimony on a Republican-proposed substitute for the Administration's 64,000,000,000 excess profits tax plan.

By vote of 13 to 10 the party division on the committee the group rejected a motion by the majority to hear testimony from the group's opponents.

Members of the committee who were expected to support the Administration's plan were expected to give their views on alternative proposals.

Rep. William C. Sullivan, Republican, has proposed a substitute plan that would let a taxpayer compute his excess profits tax by applying a 27 per cent tax on normal net income and a 28 per cent surtax on excess income over \$25,000.

The Administration proposes a 75 per cent tax on profits determined to be excessive when compared with 1946-1949 earnings.

Today's committee vote, which promises must continue, will testify to excess profits taxation.

Our Weather

Mostly cloudy and mild today showers this afternoon. Low tonight, 50 degrees. High tonight, 60 degrees. Tuesday, 55 to 65 degrees. Wednesday, 55 to 65 degrees.

Unsociable Air Masses

Why should there be conflicts between cold and warm air masses? The answer is simple. They are not sociable.

The cold air mass is moving from the north and the warm air mass is moving from the south. They are not sociable.

Eight Above Zero and All's Quiet

Democrats Come To Aid Of Acheson

Secretary's GOP Critics Answered

By JACK BELL

WASHINGTON (AP)—Some Democrats built up support for Secretary of State Acheson today to counter widespread Republican demands for an overhauling of foreign policy.

Senator Fulbright (D-Ark.), a member of the Senate Foreign Relations Committee, called on Republican colleagues to forget the election battles and show the world a united front on international issues.

"After all," Fulbright told reporters, "Mr. Acheson is our Secretary of State and apparently will continue to be. As such he is entitled to support."

Senator Truman has said Acheson will remain in the Cabinet, despite Republican demands that he be replaced. And the Secretary has said he has no intention of quitting.

WELLS JOINS CHORUS
Acheson's Secretary of State, Dean Acheson, said today that he would support the Secretary of State's position.

UN Set To Reject Soviet 'Peace' Plan

NEW YORK (AP)—The United Nations General Assembly is expected today to reject Russia's demand that it accept a series of Soviet conditions as preliminaries to starting work on a twenty-year peace plan.

Sen. John Sparkman (D-Ala.), a member of the committee, said he expected the Assembly to reject the Russian proposal.

"There is, of course, no doubt whatever that countries with different economic and social systems can live side by side without war," the statement declared. "But this cannot happen if one country considers it in its vital interest to keep another country simply because that country is different. We believe that if the doctrine were adopted, the peaceful negotiation of differences might very well become as natural to us as life itself."

Sen. Sparkman declared that "the surprising part of the Russian proposal is that it is a demand for the United States to surrender on major issues as the price of Soviet cooperation."

They include immediate admission of the Chinese Communist Government to the U. N. An Assembly pledge not to try to get around the veto and prohibition of the atomic bomb.

China Delegates Reach Prague

PRAGUE, Czechoslovakia (AP)—A Chinese Communist delegation arrived here by plane today en route to Lake Success to appear before the U. N. Security Council.

The group consists of six men and two women. A ninth member of the delegation has been in Prague for several days.

The group reached Ruzhice airport near here after a nine-hour flight from Moscow. They left Peking, Communist Chinese capital, Nov. 14.

They will pick up United States visas here and fly to New York Wednesday. Original reservations called for them to leave Thursday, but today bookings were obtained a day earlier for the delegation, which plans to discuss the Formosan question with the Security Council.

The Council invited Communist China to send a delegation to discuss charges that the United States is engaged in aggression in Formosa, last stronghold of the Chinese Nationalists.

Peiping accepted that invitation but said the delegation would not include any members of the Council that Communist China was guilty of intervention in the Korean War. Peiping believed the United States is the aggressor in Korea.

Cotton Reaches All-Time High

NEW YORK (AP)—Futures prices hit an all-time high on the New York Cotton Exchange today when the nearby December delivery contract closed at 64 1/2 cents.

The price on the New York exchange was 43 3/4 cents in July, 1930.

Mill buyers pushed the price into the high level area when the tight supply situation became known last week and the view that there will be a shortage of desirable types of cotton in 1951.

A short crop under Government acreage controls and a large demand for cotton in the United States have been the chief factors in a steady rise in future prices.

Cops' Amphibious Landing Only Partially Successful

CHATTANOOGA, Tenn. (AP)—A Tennessee state police amphibious landing on the Tennessee River today was only partially successful.

One of the boats was overloaded and capsized in shallow water. Its occupants were rescued by other boats.

Three men and a woman were held at state witness, three men and two women were charged with carrying on a gambling operation.

Riches said police are still looking for the alleged skipper of the craft. They have a warrant charging him with selling beer without a license in violation of a city law.

Truman Wants Rent Legislation

WASHINGTON (AP)—Chairman D-Ind. of the House Banking Committee said today that President Truman wants legislation at the short session of Congress to control rent.

Mr. Truman's plan, which would set a maximum rent for residential buildings, is expected to be introduced in January.

Mr. Truman's plan, which would set a maximum rent for residential buildings, is expected to be introduced in January.

Drive Units 2 From Border

SEOUL (AP)—American infantry paced by tanks surged down a snow-covered North Korean valley late today within two miles of the Manchurian border.

A South Korean spokesman said leading units of the U. S. Seventh Division were only two miles from their goal, the border town of Hyesanjin, at 4 P. M. (AP, U. N. EST).

He said the troops probably would wait until Tuesday before pressing into the town.

Red resistance, according to light sources, divided to fight earlier, but later, the U. N. forces pushed through a winter snowdrift.

Monda's push carried the troops eleven air miles closer to the border. The advance represented a push of more than fifteen miles over the winding road through Korea's northeastern mountains.

British commands moved up to the U. N. line, a push through the central mountain range around Chongjin River.

Simultaneously the commander of the Philippines battalion in the U. N. force asked that his outfit be returned home because it was not fighting as a unit. The Philippines are getting a vital supply of food and clothing from the U. N. force.

West German Socialists Win

FRANKFURT, Germany (AP)—West German Socialists won a surprise election victory in the American occupation zone.

The Socialists won 25 per cent of the vote, a record for the party in the zone.

The election was held on November 18, 1950.

Hanes Sees Rearmament As Boon To West Germany

WASHINGTON (AP)—Robert M. Hanes, chief of the Economic Cooperation Administration mission in Germany, says West German rearmament can do much to help restore Germany's economic position.

Hanes, who is quitting his ECA post, and his wife arrived today on the liner America. He is president of the Wachovia Bank & Trust Co. of Winston-Salem, N. C.

"Germany is running a very bad foreign trade deficit," Mr. Hanes said in an interview. "As her economy increases in magnitude, requiring increased inventory and goods in process, she has had to go to other countries to get them. It is believed, though, that this is a temporary hump and that a defense order is placed in volume, Germany is bound to get a lot of them."

Germany has the only unused pool of skilled workers left in the world, Mr. Hanes said. He estimated there are now one million unemployed Germans.

"Germany is running a very bad foreign trade deficit," Mr. Hanes said in an interview. "As her economy increases in magnitude, requiring increased inventory and goods in process, she has had to go to other countries to get them. It is believed, though, that this is a temporary hump and that a defense order is placed in volume, Germany is bound to get a lot of them."

Eats Hearty Breakfast

WOODBRY, N. J. (AP)—Ernest Ingento, dark-haired young appliance salesman who killed five persons and wounded a sixth in a savage effort to wipe out his estranged wife's family, ended today the hunger strike he began Saturday in a prison cell.

Ingento, 28, ate breakfast this morning and appeared in a "very good mood." The breakfast, including apples, oranges, and a banana, was served by prison guards.

Ingento, steadily chain-smoking cigarettes, was talking freely with guards, but has not discussed the killings, the warden said. The conversation is mostly about his work as an appliance salesman and his family.

The hunger strike, however, had endangered his health, Molinsky said.

The prisoner had refused food since he was jailed after the 20-minute massacre Friday night.

The hunger strike, however, had endangered his health, Molinsky said.

Killer Of 5 Calls Off Hunger Strike

INGENTO, 28, ate breakfast this morning and appeared in a "very good mood." The breakfast, including apples, oranges, and a banana, was served by prison guards.
