

# House Votes Medical Draft Bill Approved By House

WASHINGTON—(AP)—The House passed today a bill to permit drafting men, doctors and dentists through the age of 30 years who are not in the reserves.

The action came on a voice vote shortly after Senate and House conferees agreed on a compromise. The bill now goes to the Senate.

In addition to doctors and dentists, the bill applies to four categories of "allied specialists"—veterinarians, optometrists, pharmacists and osteopaths.

Those drafted under the bill would be liable for 21 months' service.

The bill aims to put into uniform first some 3,600 doctors and 3,000 dentists who during the last year received part or all of their training at Government expense, who saw little or no active service, and who are not now in the reserve.

The bill exempts from the draft those who are in the reserve. No date is set as a deadline for entering the reserve.

In that effect gives to those who are not now in the reserves a "first man" chance to enroll.

Those drafted under the bill may be called to active duty immediately.

# Truman Broadcast Controls Senate Set To Act By Nightfall

CONGRESSMAN DIES

WASHINGTON—(AP)—The House gave quick approval today to compromise legislation handing President Truman broad powers to control the domestic economy and curb war-born inflation.

There was no roll call on passage of the bill before the House. It was passed by a vote of 357 to 100.

A direct result of the Korean fighting, the home-front mobilization measure would permit wage and price controls, consumer rationing, penalties for hoarding, and real estate and consumer credit controls.

To spur defense production, it also provides for allocation of scarce industrial materials, priorities for defense orders, Government loans and non-competition and the requisitioning of plants and equipment.

A compromise between separate bills passed by the Senate and the House, it was whipped into final shape late yesterday by a conference committee of the two branches.

**FARM WORKER JOB**

The agreement was reached just about six weeks before the Truman Congress on July 19 for power and control. It was a concession for an expanded military program.

Truman has said he sees no need now for wage-price controls or rationing. He is expected to expand on that point in his address at 8:30 when Eleventh District Representative A. L. Bulwinkle died at his home here.

Rep. Bulwinkle had been ill for weeks and after appearing a part of the Summer in the Naval Hospital at Bethesda.

For graft & 4—beginning "funeral" Woodrow Wilson was elected the 28th President of the United States. He was re-elected in 1912.

Rep. Bulwinkle died in 1912.

Major Bulwinkle first served in the 1912 Democratic primary in North Carolina and in the same year, 1912, he married Miss Benjamin of Dallas. They have two children, Alfred Lewis Bulwinkle and Charles.

Major Bulwinkle, as the Gaston legislator came to be called, served as prosecuting attorney for Gaston from 1913 through 1916 and left the post when called to duty as an infantry captain to serve in the Mexican border in 1917.

**MAJOR IN WW I**

It was during that period that he was commissioned a Major and assigned to the First Field Artillery Regiment of the North Carolina National Guard. Major Bulwinkle commanded the second battalion of the 119th Field Artillery during World War I and served in front-line offenses at St. Mihiel, Argonne and Woerth. He was with the Army of Occupation in Luxembourg from December, 1918, to March, 1919.

Upon returning to the United States, Major Bulwinkle began his legislative career. He was elected to Congress in November, 1920, and served his district for fourteen terms, not consecutive. He was re-elected in 1924, 1926, 1928, 1930, 1932, 1934, 1936, 1938, 1940, 1942, 1944, 1946, 1948, 1950.

# G's Retreat Haman; Foe Pushes

TOKYO (Saturday)—(AP)—North Korean Reds renewed their hammering assault on the southern ends of the flaming western front Friday night after punching an 8 1-2 mile dent in American lines.

But swiftly-moving U. S. tanks and infantrymen recaptured flanking Haman Friday in a slashing counter-attack that temporarily blunted the Reds' massive assault on the southwestern anchor of the United Nations beachhead in Korea.

The Communists hurled a two-division attack at Haman Thursday night, and for a time threatened to crack the American line.

But the U. S. 24th Infantry Division swiftly, lastruck back and broke the momentum of the Red assault.

Behind strong air and artillery support, American tanks and troops rolled into Haman and regained ridges over the city, 35 miles west of the vital Incheon supply port on the southeast Korean coast.

# Employment Figures Highest In History

WASHINGTON—(AP)—Employment jumped 1,158,000 in August to reach a new record high of 62,957,000, Secretary of Commerce Charles E. Wilson said today.

It was the first time the 60,000,000 mark had been crossed. The number of people who were unemployed fell to 18,000,000, the lowest since 1920, he said.

The economy was gradually making headway in the recovery before the Korean crisis. With increasing defense preparations, it will continue at an accelerated pace.

Factory hiring was chiefly responsible for the upswing in jobs.

The needs of defense industries on top of an already high level employment has turned official concern from the 1948 problem of unemployment to the question of where to get all the workers that will be needed.

The Census Bureau report showed only 4,718,000 Americans aged 16 years old were neither working nor seeking jobs during August. Most of these, however, were in the military service of young men—those who cannot be counted upon in great numbers for factory jobs.
