Costello Demands Probers Show Evidence He Heads Crime Ring

NEW YORK — Gambler Frank Costello today charged Senate crime investigators to produce evidence that he runs a national crime syndicate.

The committee has accused Costello in recent reports of ruling such an organization. Demanding, in effect, that the committee put up or shut up, Costello said through his attorney: "I am a witness and not a defendant."

He said he wanted to see the committee and then have a chance to make "proper reply."

Sen. Charles Tobey (R-NH) interrupted to say that he believed the committee has heard adequate testimony to support a claim to deport the Italian-born Costello from the United States.

The Senator said that Costello's alleged violation of a naturalization application was sufficient grounds to annul his citizenship. He said the committee admitted bootlegging activities in the prohibition era provided additional grounds for deportation.

Adjournment May Hinge On Revenue

RALEIGH — Governor Scott declared today what will depend on this month's revenue report—before the Legislature can figure on an adjournment date.

A joint appropriations subcommittee now is studying the matter of State spending for the next two years. It has before it a \$459,500,000 budget proposed to the Advisory Budget Commission and some \$80,000,000 additional requests made by State departments and institutions.

Scott told his Tuesday morning news conference if the subcommittee were to return a split report, current talk of the Legislature adjourning early April might be awry.

The revenue report for March should be ready about April 2, but preliminary figures on March 15 income tax collection should be available by next week.

Scott was asked to comment on a statement made by Senator J. H. Hester yesterday that "I can see no need whatever for any new taxes to be levied by this General Assembly."

Price declared inflated prices are bringing in, and will continue to do so, enough money to in

crease the recommended \$303,000,000 State budget for the next two fiscal years by \$38,000,000 or the recommended spending advocated by Gov. Scott.

Chinese Foe Driven Out Of Yudong

ENEMY FALLING Back Toward 38th

By OLEN CLEMENTS TOKYO — American troops stormed back into Yudong today and wrested control of the village from a battalion of Chinese. Reds are eleven miles southeast of Hongkong and less than three miles southwest of a Chinese concentration area.

A U. S. Second Division patrol first entered the town Monday night but withdrew after a brief fight.

Elsewhere along the 70-mile front United Nations forces were chasing strongly elusive Chinese and North Korean soldiers back toward the 38th Parallel.

Probing assaults of three Allied columns closing in on Hongkong were within 25 miles of the old boundary between North and South Korea.

In the assault on Yudong the doughboys first smashed a road block half a mile south of the village. Then they stormed ahead despite mortar, automatic weapons and small arms fire.

At the same time Fifth Air Force fighter-bombers blasted the Red concentration area to the northwest.

Draft-Foreign Policy Temp's Rejected

WASHINGTON — The House Armed Services Committee rejected today an attempt to tie the military manpower bill to a proposal for amending troops to Europe unless Congress approves.

The proposal was offered by Rep. Fove (R-NJ), who promptly withdrew his amendment. The action was announced by Chairman Vinson (D-Ga) after a closed session of the committee.

He said a new effort to attach the troop proposal to the bill would be made later on the House floor.

The committee is now working over the measure section by section. As it stands now, it calls for lowering the draft age to 18 1/2 years and setting up a long-term, Universal Military Training program.

Vinson said he hopes the committee can finish its work today. He said he has a proposal to put a 4,000,000 manpower ceiling on the armed forces.

Tow's plan to bar assigning Americans to the North Atlantic. It also calls for Congressional approval has backing of many House Republicans.

A similar stand was taken by the House GOP Policy Committee last Friday. An assistant GOP leader, had told reporters in advance of today's committee meeting that an attempt would be made to hitch the troop rider to the manpower legislation.
