

Chinese Make Leading Part For Peace Negotiations

ALLY COMMUNISTS AGAIN

Peace Talks Recessed Til July 25

Want To Study Troop Withdrawal

MUNKIAN, Korea (Sunday)—A Red China's two armistice negotiators took the leading role in the background, began calling the signals after the Allies firmly refused to include the subject of withdrawing United Nations troops from Korea on the proposed agenda.

An Allied staff officer said that at one point the Chinese Reds' whispered conferences interrupted a statement by North Korean Gen. Nam Il, the chief Red delegate.

A Peiping radio broadcast Saturday night said the talks were recessed over the question of whether foreign troops should be withdrawn from Korea.

The Chinese Red broadcast, monitored in Tokyo said "both sides" had to have more time "to reconsider this problem."

At the UN's meeting Friday, A.C. Turner Jr., chief United Nations negotiator, flew to Tokyo to confer with United Nations Supreme Commander Gen. Matthew B. Ridgway.

BRIEF COMMENT
Newsman there asked him if there was anything left right and he replied: "I guess so." He had no further comment.

Gen. L. C. Craigie and Rear Adm. Arleigh Burke, two other members of the Allied five-man negotiating team.

Craigie, in a happy mood, told the Tokyo correspondents: "I can't tell you anything and I wish I could tell you more."

The delegates will return to the Allied peace camp here on Monday.

United Nations headquarters in Tokyo said in a statement the U. N. command agreed to the temporary halt in the talks "although it seems no need for such a recess in view of the progress reached thus far on points it considered necessary for an agenda."

A question not immediately answered was: Did that mean that the delegates will return to the Allied peace camp here on Monday.

RING TAIL LOSES BATTLE WITH RHESUS

Jacko, safe in the arms of St. Paul zoo keeper Jack Holmes, has learned that Ring Tail mustn't tangle with Rhesus. Jacko, a five-year-old Cinnamon Ring Tail monkey, had to have two fingers amputated from his right hand after a fight with a Rhesus monkey in an adjoining cage.

Jacko is still groggy from the anesthetic. (Acme Telephoto).

Military Building Program Approved

WASHINGTON—The House Armed Services Committee today approved a \$5,767,000,000 military construction program aimed at bolstering up defenses at home and abroad against any Soviet aggression.

The Air Force gets the biggest share—around \$3,500,000,000—of the program, which includes building a chain of overseas secret bases girding Russia.

Approximately \$1,368,000,000 is earmarked for the Army and \$786,000,000 for the Navy and Marines, mostly for work on camps and other installations in this country. Secret projects are included also in their programs.

Chairman Vinson (D-Ga.) told reporters he plans to call up the legislation for House action within a few weeks.

A corollary report named Bruce M. Porter, a resident physician at Denver General Hospital, as the doctor who administered the drug. Dr. Porter was immediately discovered and all measures were taken to remedy the act.

New Flood Record Due At St. Louis

107-Year Mark Slated To Fall

ST. LOUIS—Fed by the devastating flood crest of the Missouri River, the Mississippi is expected to climb late tonight to its highest level at St. Louis in 107 years.

The predicted crest of 40 1/2 feet at midnight tonight would be just of a foot under the all-time record set June 27, 1844.

The Missouri was swollen to a width of five miles in many places. It smashed one dike after another as the crest moved across the state from Kansas City, in the hardest hit area, to the point where it is emptying its grimy burden into the Mississippi 15 miles north of here.

Most of St. Louis is on high ground out of reach of the flood, but precautions were taken against a levee-shortage and contamination of the supply from sewer seepage.

41 LIVES LOST
At the Missouri crest passed into the Mississippi, Maj. Gen. Lewis A. Pick, chief of the Army Engineers, reported the billion dollar flood had cost 41 lives in Kansas and Missouri.

Reporting to a Senate subcommittee in Washington after an on-the-spot survey, Pick gave the following breakdown covering the two states for the period up to last Tuesday.

Two million acres flooded, 1,674,000 in Kansas and 926,000 in Missouri; 528,000 persons displaced, 368,500 in Kansas and 159,500 in Missouri; 17 bridges swept away in Kansas.

BARRIERS SMASHED
The Missouri smashed nearly all the flood barriers near its mouth, spilling the flood over thousands of acres.

The only seven miles upstream, power company trouble crippled the flood barrier near its mouth, spilling the flood over thousands of acres.

With the worst yet to come on the Missouri, Pick gave the following breakdown covering the two states for the period up to last Tuesday.

Two million acres flooded, 1,674,000 in Kansas and 926,000 in Missouri; 528,000 persons displaced, 368,500 in Kansas and 159,500 in Missouri; 17 bridges swept away in Kansas.

British Scientist's Moscow Trip Blocked

LONDON—A British today abruptly canceled the passports of a British scientist who had planned a flight to Moscow and a Foreign Office official.

A reporter at Shornuburp at his home was cut off with the statement: "Before you say anything, I have no comment." Later Shornuburp told newsmen, he never had access to documents of a secret or restricted nature and has had no connection with atomic energy projects for six years.

Burhop, a 49-year-old Australian signer of the Communist-sponsored "peace petition" last October, at a British-Soviet session two years ago he ducked the question "Are you a Communist?" with the declaration:

"A man's politics like his religion — are a private matter."

An informant said the Foreign Office official has been suspended from duty. He declined to say what rank the official held.

Burhop denied the charge that he had been suspended from duty. He declined to say what rank the official held.

Accidental Dose Of Wrong Drug Kills Denver Woman

DENVER—A "The administration of the 'wrong drug' to a woman named Mrs. Mary E. Dixon, 23-year-old Denver woman after she gave birth to her first child, killed her.

Dr. James P. Dixon, manager of health and hospitals for the city, said Urethra Martinis died June 15 after giving birth to a daughter.

"By error, a wrong drug was administered to Mrs. Martinis for the production of anesthesia during the course of her delivery," Dr. Dixon said.

"The error was immediately discovered and all measures were taken to remedy the act."
