

Reds Charge Reds With Bad Faith In Peace Talks

WILL REFUSE FOR REARMING

Deadlock Continues At Kaesong

UN Hints Foes Want Stalemate

By ROBERT B. TUCKMAN
MUNSAUNG, Korea.—The Allies accused the Communists today of making "a universal symbol of bad faith" in the Communists' refusal to accept the armistice terms proposed by the United Nations Commission for Korea. The charge was broadcast after a six-hour session in Kaesong with out sign of breaking the deadlock over where to draw an armistice line across Korea.

The subcommittee scheduled an early try for Thursday. Armistice negotiations were complicated by a dispute over later charges that United Nations forces violated the Kaesong neutrality zone.

The "Voice of the United Nations Command," broadcast from Tokyo to Korea, said the "Communist charges border on the ridiculous." The broadcast asked: "Why are the United Nations delegates assigned to an armistice mission constantly forced to divert their attention to the question of armed personnel in the conference area?"

TRACE HISTORY The broadcast traced the history of incidents within the neutral zone and answered its own question: "It is now quite obvious that Kaesong was picked (by the Communists) as a negotiating site in order to intimidate the UN (United Nations Command) delegates." "That failing, the conference could be stalemated with a series of side issues blocking the main discussions."

There was no suggestion from any quarter that progress had been made toward settling the main issue. Both sides were depicted as still holding out for their original demands on where to create a buffer zone.

It was authoritatively reported that Vice Adm. C. Turner Joy, chief of U. N. delegate, received no answer to his demand for a release from U. N. Command.

Responsible quarters said the U. N. position remained unchanged. Advance Headquarters pictured the Reds as "obdurate in their refusal to accept the armistice terms" and "inflexible in presenting them."

Force Maj. Gen. L. C. Craig, Rear Adm. Arleigh Burke for the second time on the two-man Allied subcommittee for Wednesday's 2-hour and 10-minute meeting.

Joy, for the moment, withheld his formal reply to the two latest.

OUR WEATHER

Partly cloudy and warm with widely scattered thunderstorms today. Fair and cooler to night and Thursday.

ROK's Advance Behind Barrage

Capture Important Hill

By SAM SUMMERLIN
U. S. 8TH ARMY HEADQUARTERS, Korea.—South Korean infantrymen, attacking behind the most concentrated sustained artillery barrage of the Korean war, captured a dominating hill in rugged Eastern Korea today.

From its crest the South Koreans "look down the throats" of Communists on other hills north of Yangju, Associated Press Correspondent George A. McArthur reported.

South Koreans seized two other hills on the eastern front, recapturing one from counter-attacking Reds. Communist forces clung to three other eastern ridges they had seized in fierce counter-attacks Tuesday.

A briefing officer estimated Reds lost about 2,000 men in five days of fighting north and northwest of Yangju.

PLANES, SHIPS AID All heavy fighting was along the eastern front. Planes and warships joined United Nations artillery in supporting Republic of Korea (ROK) infantrymen.

The U. S. cruiser Toledo and other ships were active in the area.

Iran Parliament Backs Premier

By ROBERT B. HEWITT
TEHRAN, Iran.—Parliament today gave a vote of confidence to Premier Mohammad Mossadeq in a final rejection of the latest British proposals for settling the Anglo-Iranian oil dispute.

But the lower house urged him to continue the oil crisis negotiations which are threatening to break down.

The vote in the Majlis (lower house) was 72 to nothing. Earlier the Senate had approved the nationalistic premier's uncompromising policies by a vote of 23 in favor of three abstentions.

This new parliamentary move came an hour after the original deadline set by Britain's chief negotiator Richard Stokes, who yesterday said he would return to London unless Mossadeq abandoned his storehouse stand against new U. N. oil terms.

A British spokesman said Stokes extended his ultimatum deadline to three o'clock this afternoon local time at the end of the fact that Parliament appeared to want to keep the talks from breaking down.

LITTLE DEBATE There was little debate in the public session of the Majlis when Mossadeq appealed for support. But in a closed private session an informed source said deputies made it clear they wanted to try to settle the oil dispute.

One deputy was reported in the private session to have told Mossadeq he must resign if he cannot find a solution to the dispute with Britain over nationalization of the British-owned Anglo-Iranian Oil Co.'s vast installations in Iran.

Mossadeq did not commit himself to continue the 18-day oil negotiations. But Majlis Speaker Sarfaraz Behnam announced: "This vote of confidence is for Mossadeq to continue the discussions."

Tenant Confesses Rape-Strangling

DECATUR, Ga.—A 48-year-old Negro tenant has admitted raping and strangling grey-haired Mrs. Garette Gabriel, DeKalb County Police Chief Hoyt Sutton said today.

"I did it," Sutton quoted Hohner Almond as saying after hours of questioning by police. Almond had moved early this year into a house on the Gabriel property at suburban Tucker.

Willoughby Fears Spy Ring In U. S.

By HARRY P. SNYDER
WASHINGTON.—Maj. Gen. Charles A. Willoughby, former Army intelligence chief in the Far East, said today he believes the same kind of Communist spying and intrigue disclosed in Japan is going on now in the United States.

Willoughby testified before the House Un-American Activities Committee about the famous "Serge Ring," a Soviet spy network which reached into high Japanese Government circles.

Across the Capitol, a Senate subcommittee also was digging into subversive activities with Louis Budenz, ex-Communist editor, in its witness chair. Budenz told the Senate that when he was in the city, he left it six years ago and "the little red school house."

Budenz declared, too, that he knew from "official communications within the conspiracy" that Owen Lattimore and Frederick Vanderbilt Field were Communists. Both have had connections with IPR, a private research organization.

Lattimore, a Johns Hopkins University professor, has denied under oath any Communist connections. Field, New York millionaire left winger, once refused to answer questions from a Congressional inquiry group about his political activities.

Willoughby, who was intelligence chief in Tokyo under Douglas MacArthur, turned two metal lockers of documents over to the House Committee months ago. They were near the witness chair when he sat down to begin his testimony.

Willoughby said that in two days of testimony he would show that the case of Richard Sorge, Soviet spy executed by the Japanese in 1944, is only a part of a world picture of Russian espionage and sabotage.

He said the case applies primarily to Japan and China, but added that this report "represents a recognizable pattern that is working in the United States today."

Plans Message By Week-End

WASHINGTON.—The White House said today President Truman has decided definitely to ask Congress for stronger price controls.

Two Senators voiced displeasure in the Senate yesterday at the report that Mr. Truman might propose his fight for stronger controls.

Word yesterday that Mr. Truman was considering reopening the issue—only three weeks after Congress passed a bill he didn't like—got a cool reception from some key legislative leaders.

Today, Joseph St. Louis, presidential press secretary, said Mr. Truman had decided to send a special message to the legislators on the subject.

Connally Will Ask Aid Slush

WASHINGTON.—Chairman Connally (D-Tex.) of the Senate Foreign Relations Committee announced today he would propose a \$100,000,000 slush in the economic aid section of the Administration's \$8,500,000,000 foreign aid request.

"I think it will be approved by the committee," Connally told reporters after a closed-door session of the Foreign Relations and Armed Services Committees.

This would be a deeper slash in economic funds than made by the House when it approved a \$7,499,000,000 measure, after cutting the economic funds by \$11,250,000.

Connally said two tentative decisions were made by the committee.

One would retain administration of the "Point Four" program for aid to underdeveloped areas within the State Department. The House had voted to put this together with all other foreign aid under a proposed new Mutual Security Administration.

Connally said about \$118,000,000 of "Point Four" funds were scattered through the economic requests for \$2,187,000,000 which was to trim by a full billion.

Senator George (D-Ga), chairman of the tax-writing Finance Committee, said he would support Connally's reduction proposal.

The other committee decision is to seek \$12,000,000 for this country's contribution to the International Children's Fund as a separate bill.

Truman To Ask For Stronger Controls
