FROM WAYNICK TO JORDAN?

IN TIME, the full story behind Capus Waynick's decision not to run for governor
of North Carolina may be revealed.
Certain parts of the story are obvious.
Waynick has an interesting diplomatic assignment, one for which he is well qualified and
one which pays him well- President Truman
rates him high, and in a period when ace
diplomats are in demand. Waynick may expect to hold his assignment, even if there is
a change of administrations in 1983.
Even so, the governorship of North Carolina would cap the career of any Tar Head

time. The difficulty of winning a prinarybattle squint an opponent of the calibre of
williant Unstead, and the general uncertainty
of a career in competitive politice, may have
discouraged the Amilhandor.

William Umstead, and the general uncertainty of a career in competitive politics, may have discouraged the Ambassador. In any event, and whatever the reasons for his decision, Waynick's withdrawal from the campaign will lift the barrier that has held back other candidates. So far, Umstead appears to have the field to himself. Though he has not publicly amounced, he has written many friend all over the State asting titler support, And the Competition of the Competit

A number of hopefuls are already on the scene—State Treasurer Brandon Hodges, exene—State Treasurer Brandon Hodges, y. (Stat) Ballentine. Secretary of State Thad Eure. Leoming behind, and above them, however) is another man who may be persuaded to carry on the philosophy, if not all the detail, of the Scott Administration and a man who could seriously challenge Umstead—Dr. Henry Jordan's main handicap is his newness to politics, but in timps like these that may not be too serious factor. Against it may be measured alongs strong assets: his dignity and force of personality, the businessitic way in which he has spent so many millions of dollars of road money, his family connections with the Methodist Church and with North Carolina industry, his professional samples of the serious factor of the serious factor of the serious factor of the serious dand for Jordan should be a spirited affair which would give the people of North Carolina a choice between a progressive conservative and a responsible liberal. We would not be at all surprised if Dr. Jordan emerges as the candidate to carry the Go Forward banner along, now that Mr. Waynick has stepped side.

ity of its local branches to deal with Communist infiltration.

We mention this because the Communist Party has worked persistently to exploit the position of the Negro in the United States to its own advantage, and because a vocal minority of Negroes, such as Paul Robeson and recently-silled Communist Benjamin Davis, have tried to give a false impression of the loyalty of their race and to imprie a lot of irresponsible talk.

The recent action of the NAACP is just another proof that the Communists are not succeeding and the Robesons are not telling the truth. The great built of the Negropopitation is loyal, and fits leaders are altert to the designs and dangers of subversive

TV Raises Questions

TV Roises Questions

PROTEST has been raised against use of television in Congressional hearings as an invasion of the rights of those to be questioned. Some of the witnesses have have refused to testify before television cameras on the ground that it was an invasion of their personal rights. This involved several considerations by our committee. This involved several considerations by our committee. This involved several considerations by our committee, the right of the American people in general to be furnished fullest information regarding the functioning of the Committee, operating as an arm of the Senate.

A second and important point involved the question as to whether the possible information to be gained from of the general public to see and hear the proceedings. In this connection it must be realized that it is possible for a witness to be so distracted by news devices, such as television and newsred camera, as to interfere with the giving of testimony.
