The Outlines Program For Peaceful U. S.

10 Points Stressed In Talk To Veterans

LOS ANGELES (AP)—Gen. Dwight D. Eisenhower last night gave the nation's soldiers a prayer in the form of a 10-point program for a peaceful, prosperous and happy America.

Each of us carries his own picture of America when he fights for her. It is the picture of what he is fighting for.

These are Eisenhower's 10 objectives: Increase America's strength. Win a just and lasting peace. Build a peaceful prosperity.

Strengthen the security and welfare of the people. Fight for high and fair prices. Subject all policy to the test: Is it good for America?

Revive hope of a better life in every home. Restore confidence in the 13-minute speech was the general's first since winning the Republican presidential nomination.

ATTENDANCE LOW Crowd estimated near from 10,000 by stadium officials to 15,000 by the police. The event was free to the public.

OUR WEATHER Considerable cloudiness with scattered showers and drizzle. Temperature today, tonight and Thursday.

HEAT GAPS VITALITY Did you know that very hot and humid weather affects both ends of the life span?

STOCKHOLM—Sweden today reacted for the United Nations a full account of her quarrel with Russia over the shooting down of two Swedish planes last June.

REGRET EXPRESSED Sweden's latest note on the plane crash was "surprise and regret" that Russia refused to allow the International Court of Justice to consider Swedish charges that the two craft were shot down over international waters.

FAR AHEAD

In Senatorial Primary Symington Whips Truman Man

By LARRY HALL ST. LOUIS (AP)—W. Stuart Symington, a versatile newcomer to the political wars, amassed an amazing landslide victory today in Missouri's Democratic Senatorial nomination.

Symington, a former handy man in the Truman Administration, soundly trounced the President's choice for the nomination in yesterday's primary, Attorney General J. E. (Buck) Taylor.

With 4,314 of the state's 4,726 precincts in a flurry of mystery objects, a radar sighting—very bright on a fluorescent screen—started about the time a thunderbolt hit the screen of a radar designed to track them.

WASHINGTON (AP)—The Evening Star reported today that Army engineers, working with a vacuum bell in a laboratory, have produced a man-sized sphere which can spin and hover in air.

Commiss Seek Trial Reversal

LOS ANGELES (AP)—Found guilty of plotting to advocate violent overthrow of the government, 14 California Communist leaders go back to court today in effort to reverse their conviction.

They were convicted on a federal indictment yesterday after a six-month trial, longest in local Federal Court history. Trial and conviction of 11 Communists on similar charges in New York City in 1949 required nine months.
