TOO HARD ON INDEPENDENT FELLERS.

A FAIR TRIAL IS NOW GUARANTEED FOR DISNEY.

After a great deal of unnecessary friction and of marching up the hill and then down again, the board of aldermen have finally taken such action as will satisfy the temperance element of the city...

The commissioners chosen are men of known honor, integrity, probity, enjoying in the fullest degree the confidence of the people of the city.

The commissioners chosen are men of known honor, integrity, probity, enjoying in the fullest degree the confidence of the people of the city.

They will be careful to choose only sober men. They will seek to elect as manager and assistants men of strict honesty, good business judgment, and common sense.

NO BLOODY SHIRT CAMPAIGN WANTED NEXT YEAR.

Mr. Kitchin, of the Fifth district, who introduced the bill for the amendment to the constitution, has no idea of pressing his proposition, and has no expectation that it will get outside of the committee.

They do not desire a national campaign on racial or sectional question. The South is getting along very well, thank you, and asks to be let alone.

RECOGNIZING SECESSION.

An excellent gentleman in North Carolina, now independent in politics, says he is standing by Mr. Roosevelt in the Panama policy because it commits the President to the recognition of secession.

So far nobody has defended the action in any body consistent with our national honor. In the South some sentiments are being expressed which are in fact a tardy recognition of the Southern Confederacy right to secede in 1860.

THREE HUNDRED KILLED.

The latest news from Manila is that our soldiers have killed three hundred of the Filipinos who have no better sense than to keep on contending for their liberty.

It was Mr. Bass who won the honor for the University of Virginia in the Virginia-Caroline game, though nearly all the papers gave the credit to Pollard for the fifty-five yard run.

The Washington Post says there is no occurrence in the recent past or alarm in Dick's or Crumpacker's bills to reduce Southern representation. They are both doubtless intended to keep the negro vote solid in Ohio and Indiana.

A North Carolina member of Congress in a private letter says: "The word has been passed along the Republican lines in Congress to stand pat" and do nothing for fear they will hurt themselves in the Presidential election.

The government authorities are actively at work deporting anarchists. It would be better to get rid of them now than to wait until they have become a plague.

costs in the case. The Judge refused to do so, remarking that he had not seen the bill, and that he would not collect costs unless the bill was proved to be correct.

GOING BACK TO 1892 WHEN CLEVELAND REPEALED THE DISNEY ACTS IN THE WEST TO VOTE FOR POPE WEAVER ELECTORS.

It is interesting to note that the late Dr. J. M. W. Weller, who was at the time Governor of Kansas, and ex-Chief Justice of the State of Kansas, is now in the West.

JURY BOX AND BALLOT BOX. Charlotte News. The first of the cases against the illegal voters in the Reidville Dispensary election was tried last week before Judge McNeill.

The first of the cases against the illegal voters in the Reidville Dispensary election was tried last week before Judge McNeill. A negro was registered by the saloon party's registrar, who derived a revenue of \$100 from the sale of the saloons. He was challenged by the saloon party.

BEAUTY POLI-TIS DON'T PAY.

That is a very small piece of business the "graters" are now engaged in and it is peanuts politics of the smallest kind.

The temperance forces were disappointed and prejudiced of organized labor against the temperance forces because Mr. Henry Cole was displaced as commissioner. They are running around saying "it is an insult to organized labor."

THE CHURCHES SHOULD SPEAK.

Three divorces were granted at Iredell Superior court last week. The null continues to grind steadily to the scandal and disgrace of this good State. It would be well if the Methodist conference at Goldsboro this week would voice the protest of that great church on this evil thing that is destroying her members.

There was a world of truth in the speech of Old Man Morgan in the United States Senate on the Panama question. The displacement of Morgan as chairman of the canal committee and putting Hanna in his place is a fitting comment on his whole disgraceful proceeding.

LEAVES HIM IN A BAD FLIGHT.

Dr. Bassett has written an explanation of his article in the South Atlantic Monthly that helps his cause a little, but leaves him in a bad light still, as a Southern man before Southern people.

NOT A SICK DAY SINCE.

"I was taken severely sick with kidney trouble. I tried several sorts of medicine, but none of which relieved me. One day I saw an ad. of your Electric Bitters and was determined to try it. After taking only a few doses I felt better. After taking only a few doses I felt better. After taking only a few doses I felt better." - J. B. Fisk, of Fremont, N. C., writes Oct. 31st, 1901.
