SOME IDEAS ON THE FEDERAL BUDGET

SOME IDEAS ON THE FED.

CONGRESSIONAL comment on the \$78.8
billion budget President Truman submitted to the president truman submitted submitted truman submitted subm

ing further deficit financing.

IT WILL BE extremely difficult to balance the budget this year, let alone cut taxes. The Truman budget foresees a deficit, in the next fiscal year, of \$39 billion. All proposed non-war expenditures add up to \$30.3 billion. All proposed non-war expenditures add up to \$30.3 billion. All proposed non-war pending would knock off about \$2 billion of the add program—President Truman suggested \$7.8 billion here—will be cut a few billion, judging by the present temper of Congress. Some of the \$37 per cent of the budget in the "war" calegory goes for veleran programs and interest on the debt, which are more or less unbouchable. Thus, just to balance the budget will require a reduction of several billions in the \$46 billion budgeted by President Truman for the military services.

services.

At a time when the Navy is asking for 12, Instead of one (as in the budget) new carriers, when pressure is mounting for decivre action in Korea, such reductions are difficult to foressee. And when it's remembered that in three out of the past five years Congress

But, also yesterday, a most desirable Con-stitutional amendment was proposed by Sen-stor Byrd of Virginia and Representative Bennator Brorda. It would give the Presi-dent the "item" veto which some governors have, permitting him to veto individual items in appropriations bills instead of having to take or leave the entire bill, forthe cultured with non-essential riders. Congressmen, we are sure, will ever continue to tack pork barrel items on appropriations bills. If the President is given the authority to take them out, the Congressman can tell the home folks he did his durendent; and shift responsibility to the President. In fact, we see buried in the budget what

he did his durnedest, and shift responsibility to the President of the the third of third of the third of third of the third of the third of the third of third of the third of the third of the third of third of the third of the third of the third of third of the third of the third of the third of third of

COLTRANE IS BACK ON THE JOB

WITH a commendable display of decisivetranses, Governor Unstead has restored
Assistant Budget Director D. S. Coltrane to his full authority. This not only ends a rather
ludicrous situation in which Coltrane had
been stripped of most of his powers, and in
turn had refused to accept his salary, but it
also affirms Unstead's confidence in Coltrane's admittedly great ability.

Ex-Gov. Kerr Scott tried to fire Coltrane
some months ago. The Governor's motives
were never made clear enough to put down
reports that the move was in retaliation for
coltrane's support of Unstead in last Spring's
primary.

Whateves the reason for his run-in with

primary.

Colorane had a definite contract, however, and it ran to June, 1963. He refused to budge. Scott, that-reason no longer exists. Umstead Unable to force him out, Scott simply limited him to the most routine duties.

During this political all-down strike, Col-time now to pay him up to date.

THE CASE OF THE BEZOARED POSSUM

more tank a numerous mise away.

Several weeks ago Mrs. James Boyd, editor of the Southern Pines Pilot, discovered
in her rose garden the body of a possum. It
was a small possum, fluffy and plump. But
Mrs. Boyd was unable to find out the cause
of the death. There were no bullet holes,
no cuts, no bruises, no nothing.

in her rose garden the body of a possum. It was a small possum, fluffy and plump. But Mrs. Body dass unable to find foul the cause of the death. There were an bullet holes, no cuts, no brukes, no nohing.

In its own way, the mystery rivaled the shooting of Peeter Drompcoole or the drowning of Beautiful Neil-Cropsey.

Mrs. Body dwrofe it up in the Pilot. She wondered why the possum had even come into the rose garden, and she conjectured that he might have come to eat the fruit from a persimmon tree in the garden. But the cause of the possum's death remained unbehoments to Mrs. Body.

Then Bill Sharpe, editor of Steic magazine,

A EDITORIAL in the Journal has solved the mystery of a death which occurred sum and his untimely demise. From his sourced has a hundred miles away.
